MASSACHUSETTS

ANNUAL
TOWN REPORT
2019

ABOUT THE COVER

The pages in the Annual Town Report present more than just charts and summaries. The facts and figures that hold our town together and keep it moving forward are produced by a committed group of volunteers who work alongside our town employees. Our volunteers have given their time—hours and days and weeks—on behalf of every resident of Hopkinton. Many of the pages in this report are only possible because of the dedication of our volunteers; each page represents time they have given away from their families and their own self-interest. As you turn these pages, remember that this work was done on your behalf, with the goal of making your life in Hopkinton always better tomorrow.

THE TOWN'S TRIBUTE TO VOLUNTEERS:

Each year we proudly dedicate this page with gratitude and with much appreciation to all elected and appointed volunteers who serve on Town Boards and Committees. There's no better way to give back to your community than to volunteer on a board or committee. Please consider offering your time by volunteering.

This year, we would especially like to honor long-time volunteer and member of the Board of Selectmen for many years, Mary Catherine Pratt. Mary was well-known by many in Town, as she devoted many hours to the community. She will be greatly missed.

Town Boards and Committees are listed on the Town of Hopkinton's website at www.hopkintonma.gov. Detailed information and vacancies are listed on the website at https://www.hopkintonma.gov/departments/boards_and_committees/ or you may contact the Town Manager's office with any questions. Please be sure to check out the website showing a complete description of each Board and Committee, along with membership details and vacancy information. Whether you have just recently moved to Town or you just find that you may have some free time on your hands – please consider volunteering!

In recent years, the Town Manager's Office has developed a Volunteer Recognition Team where any resident can nominate someone they feel has gone above and beyond and should be recognized. If you know someone who has gone "above and beyond" please consider nominating them to the Team. Nomination forms can be found here:

<http://www.hopkintonma.gov/index.php>

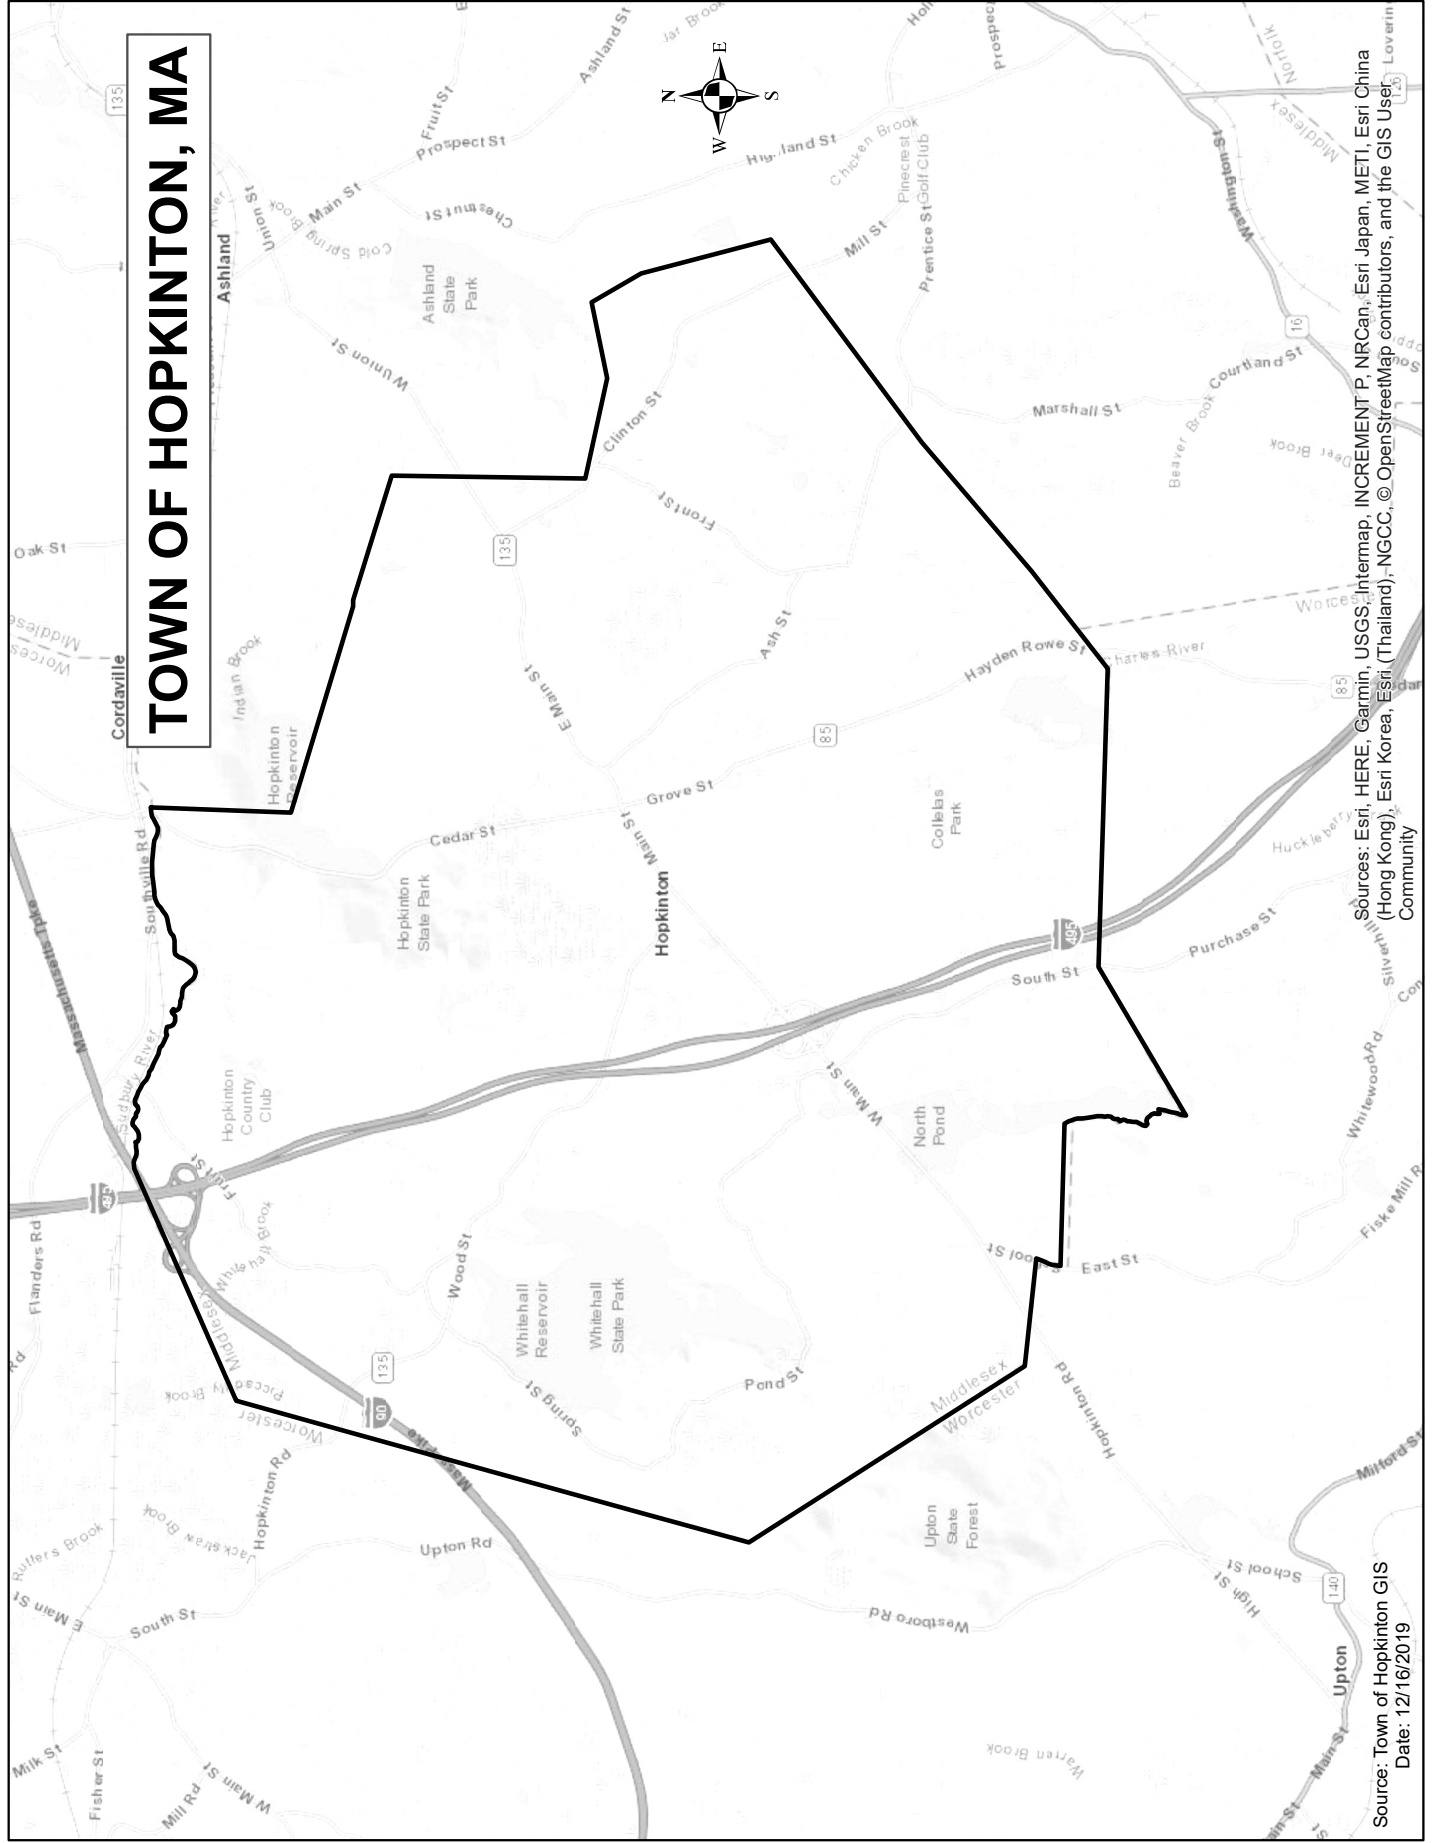

Again, thank you to all residents in the Town of Hopkinton who volunteer time to making a difference and adding expertise to a caring community.

BOARD OF APPEALS

The Board of Appeals shall have the following statutory powers under MGL c. 40A: Appeals. To hear and decide appeals by any person aggrieved by any order or decision of the Director of Municipal Inspections or other administrative official in violation of any provision of MGL c. 40A or of this Chapter.

Special permits. Pursuant to MGL c. 40A, § 9, to hear and decide applications for special permits for which express provision is made in this Chapter; also, for special permits for uses accessory to an activity permitted as a matter of right which is necessary in connection with scientific research or scientific development or related production, whether or not the accessory use is on the same parcel as the permitted use, provided that the Board finds that such accessory use does not substantially derogate from the public good.

Variances. Pursuant to MGL c. 40A, § 14, to hear and decide petitions for use and dimensional variances as set forth in MGL c. 40A, § 10. Use variances permit a use of land other than a use expressly permitted in a particular district. Dimensional variances authorize deviations from restrictions dealing with such matters as setbacks, frontage and lot size. If the rights authorized by a variance are not exercised within one year of the date of the grant of such variance, such rights shall lapse, unless otherwise extended by the Board of Appeals pursuant to MGL c. 40A.

COMMUNITY PRESERVATION COMMITTEE

Hopkinton Community Preservation Committee (CPC) was established to identify the Town's needs, capabilities and resources with regard to community preservation. The CPC considers proposals made by groups and individuals to ensure they meet the criteria of the law, benefit the community, and are financially feasible. The Committee then makes recommendations to Annual Town Meeting. The CPC may include in its recommendations a request to set aside for later spending funds for specific purposes that are consistent with community preservation, but for which sufficient revenues are not immediately available.

CULTURAL COUNCIL

Originally established as the Hopkinton Arts Lottery Council, under legislation enacted in 1979, this statute was replaced, in 1992, by M.G.L. Ch. 10, sec. 52-58. The purpose, under both statutes, has been to administer the distribution of funds provided by State Lottery, for a variety of cultural purposes. The Council may also conduct other activities to promote and encourage the arts.

HOPKINTON HISTORIC DISTRICT COMMISSION

The Hopkinton Center Historic District was established by the townspeople in 1979, consisting primarily of properties surrounding the Town Common, the Common itself, and properties along the south side of Main Street, ending near the corner of Grove Street. A small portion of East Main Street is also included. In recent years, Center School and the Town Hall have been added to the district. The Hopkinton Center Historic District Commission is the reviewing authority responsible for regulating design within the Hopkinton Center Historic District.

Historic Districts in Massachusetts have three major purposes, as stated in Ch. 40C of Massachusetts General Law: 1.) To preserve and protect the distinctive characteristics of buildings and places significant to the history of the Commonwealth and its cities and towns; 2.) To maintain and improve the settings of those buildings and places; 3.) To encourage new designs compatible with existing buildings in the district.

PLANNING BOARD

The Planning Board consists of nine members, elected for five-year terms on a rotating basis. The Board's duties include adopting a Master Plan for the Town (the current Master Plan was most recently updated in 2017), conducting studies, and, when necessary, preparing plans of the resources, possibilities and needs of the Town for submission to the Board of Selectmen for their consideration. The Planning Board serves as the local authority for the Subdivision Control Law; adopting Rules and Regulations governing the subdivision of land in the Town of Hopkinton; reviewing all preliminary and definitive plan submissions, and endorsing approval-not-required plans. The board also drafts and submits zoning amendments for consideration by the Town. When a zoning amendment has been put forward by any entity, the Planning Board holds the public hearing and also reports its recommendation to Town Meeting.

The Select Board and Norman Khumalo, Town Manager, respectfully submit the 2019 Annual Report of the Town of Hopkinton.

The Board would like to recognize the loss of the following Hopkinton citizens who willingly served the community in both professional and volunteer capacities. Sincerest condolences are shared with all families and friends of the deceased, and our fondest appreciation for the many contributions made to move Hopkinton toward being the town it is today:

- Michael A. Fredette
- Phillip J. Schiloski
- Mary Catherine Pratt
- Dr. Cathy MacLeod

- Barbara A. Sullivan
- Marjorie I. Wright

SELECT BOARD COMPOSITION, TERM OF OFFICE

The Select Board, the Chief Executive Officers of the Town, consists of 5 members elected for terms of 3 years each, so arranged that the term of office of as nearly an equal number of members as is possible shall expire each year. Current members of the Select Board are Brendan Tedstone (Chair), John Coutinho (Vice Chair), Brian Herr, Irfan Nasrullah and Mary Jo LaFreniere.

Select Board member Claire Wright left the Board this year, and the Select Board and the Town Manager thank Ms. Wright for her service and wish her well. The Select Board appreciates her hard work and dedication to the Town.

The Select Board meets regularly throughout the year, and meetings are open to the public. For meeting schedules and agendas, please see the online calendar on the Town website.

The Board appoints the Town Manager, who along with the Assistant Town Manager, is responsible for the administration of the day-to-day operations of the Town. The Board also appoints Town Counsel, the Police Chief, the Fire Chief, and the members of several boards and committees.

SELECT BOARD REMEMBRANCE

The Select Board lost one of its long-time members in 2019, Mary Catherine Pratt. Mary will be greatly missed. This year's Annual Town Report is being dedicated in her memory as recognition for all of her volunteer efforts in the Town of Hopkinton. Mary served as a member of the Board of Selectmen for many years.

ACCOMPLISHMENTS

The Select Board celebrated many accomplishments during the year, including:

A. Celebrating Community

- *Helping Hopkinton Govern:* The Select Board is grateful to all volunteers on town and civic organizations and encourages residents to come forward and to give back to their Town by volunteering. Please go to: <http://hopkintonma.igmp2.com/Citizens/Board/Vacant> to check out the latest vacancies or to apply to volunteer on a Town Board/Committee.

- *Volunteer Recognition Program Alumni:* The Select Board continued to recognize the many contributions and volunteer services of residents who were nominated by their peers under the Town's Volunteer Recognition Program.
- The Select Board recognized Sandra Altamura and Ron Clark for their many years of service to the Town on boards and committees; and Denise Kofron who retired from the Hopkinton Public Library after 12 years of service.
- *"Be Prepared" Proclamations:* The Select Board approved 9 Proclamations for Hopkinton Boy Scout Eagle Scouts including: Jordan Hanna, Austin Marques, Jack Brennan, Patrick Barnes, John (Jack) Riley, Ethan Kramer (Troop #4); Ryan Canfield, Andrew D'Alleva and Ethan Ritterbusch (Troop #1).
- The Select Board approved 2 Proclamations for Girl Scouts Emma Bograd and Mallory Peishoff (Troop #72233) who were recipients of the Girl Scout Gold Award.

B. A Community Well-Managed

- The Select Board appointed Police Officers Tyler Brabham and Robert Ekross.
- The Select Board confirmed the the Town Manager's appointments of Stephanie Pemberton, Administrative Assistant, Department of Land Use, Planning and Permitting; Jessica Lewerenz, Administrative Benefits Support, Human Resources Department; Kasey Mauro, Public Health Nurse, Health Department; Dawn Alcott Miller, Youth and Family Services Director; Lisa D'Eon, Outreach Coordinator; Ashley Shaheen, Assistant Director of Senior Services; John Gelcich, Principal Planner; Andrea Conboy, Hopkinton Public Library Children's Librarian; and Christopher Heymanns as Treasurer/Collector
- The Select Board accepted the Police Chief's recommendation to promote Joe Bennett to Deputy Chief of Police; and to promote Arthur Schofield and Bill Burchard to the rank of Police Sergeant.
- *Legislative Partnerships and Networking:* The Select Board received legislative updates from the offices of Senator Karen E. Spilka and Representative Carolyn Dykema in April 2019.

C. Enhancing the Town's Economic Vitality

The Select Board:

- Guided the Town to retaining its AAA credit rating, reducing the Town's borrowing costs.

- Successfully executed the Marathon Invitational Entry program, increasing local participation by and benefits to Hopkinton civic groups and residents which raised a total of \$327,939 for local civic organizations in 2019, an increase of \$21,320 from 2018.
- Called a Special Town Meeting in February, where it was voted to approve a proposed 10-year Tax Increment Financing (TIF) Agreement between Lykan Bioscience, LLC, Southfield Properties I LLC and the Town of Hopkinton for the property located at 97 South Street. Lykan proposes to hire 125 new employees.
- Authorized a Power Purchase Agreement with Solect Energy for the Marathon Elementary School and approved a Sixth Amendment to the Host Community Agreement between Legacy Farms LLC and the Town.
- Approved the following licenses:

<u>LICENSE TYPE</u>	<u># ISSUED (2019)</u>

D. Investing in Town Infrastructure

The Select Board:

- Accepted a \$436,606 donation from the Hopkinton Public Library Foundation.
- Approved a 2% increase in the water rate for FY20 and a 3-tiered sewer rate structure, and voted to apply a \$200 discount per year for those who receive property tax exemptions from the Board of Assessors under clauses of Sections 17, 22, 37 and 41 of the applicable state law.
- Successfully petitioned town meeting to purchase parking in the downtown for municipal and public use.

E. Financial Management

The Town voted to approve a Proposition 2 ½ override in the entire amount of excess levy.

In April, Terenzio Volpicelli of Roselli Clark & Associates gave a brief review on the Town's prior year financial statements; the completion of three significant capital projects (Library, DPW, Marathon Elementary School) and the impact on the adoption of the new OPEB standards and a general review of the Town's financial condition.

F. Main Street Corridor Project

The Select Board is excited that the Main Street Corridor Project will begin in 2020, and is grateful for the community's support in 2019 as design and permitting progressed successfully. The Board thanks Project Manager Dave Daltorio, Town Engineer, for all his hard work on this project.

G. Select Board Miscellaneous actions

The Select Board dissolved the Center School ReUse Advisory Team in January 2019 because it had completed its mission, and thanked the members for their hard work.

The Select Board voted to recommend the issuance of a kennel license to Greyhound Friends with conditions.

Professional support for the Select Board comes from the office of the Town Manager and includes Town Manager Norman Khumalo, Assistant Town Manager Elaine Lazarus, and Executive Assistant Maria Glynn.

The Select Board would like to extend its deepest appreciation to all Town volunteers and employees for their efforts, time and energy during 2019. We ask you to consider honoring those who have served to make Hopkinton the Town it is today. The best way to do so is by volunteering and helping to shape the future of our community to meet our collective goals. Good government requires broad participation, and the best outcomes are always achieved through the voices of many coming together in a constructive manner. All Town residents are welcomed to fill out an application to volunteer at <http://hopkintonma.iqm2.com/Citizens/Board/Vacant> or contact the Town Manager's office at (508) 497-9701 for more information.

HOPKINTON PUBLIC LIBRARY BOARD OF TRUSTEES

The Hopkinton Public Library's Board of Trustees is a five-member elected board responsible for overseeing the library for the benefit of the community. Working closely with the library director, members are responsible for establishing library policies and plans, assisting the Director in finalizing the budget, strategic planning, goals and objectives, and conducting public relations. The board meets at the Hopkinton Public Library at 7:00 pm on the third Thursday of each month, from September through June, and other times as needed. All meetings conform to the Open Meeting Law, and are posted with the town.

We have been working closely with Library Director Heather Backman to revise and review Library Policies. The Trustees are also working with the Director to develop a Strategic Plan to guide the library. The Trustees have reviewed the Director's FY21 budget proposal, which will be presented to the Hopkinton Select Board.

Several highlights of 2019 include the following.

January brought the retirement of longtime Children's Librarian Denise Kofron. Her departure is a huge loss to the library, but we wish her well in the years ahead. While the position was posted, and interviews took place, the current staff pitched in to ensure that the Children's Room ran smoothly. When Andrea Conboy was hired in May as new Children's Librarian, she was met with great enthusiasm.

In February, the Trustees assisted with the Friends' Mini Golf event in the Library – a very popular program for them!

In March, Trustees took part in the library's hugely popular event, Hopkinton 101. This event brings Hopkinton non-profits into the library to expose the public to their offerings and for them to meet each other with the possibility of working together. The Trustees had a table in the lobby with information about what the Board of Library Trustees is entrusted to do for the library, a poster with the "Faces of the Trustees", bookmarks, a brochure explaining the three

separate library organizations – Trustees, Foundation and Friends, and candy! Also in March, the Board of Trustees began the process of reviewing and revising the Board's Bylaws.

In May during the Town Elections, the Board said goodbye to Mike McNamara, who has been a Library Trustee since the Board became an elected position. He chose not to run for reelection this time. His insight and input has helped lead the Board through the building process, and into our current iteration. We will miss him. In his place, the Board welcomed Janice Barry, who brings talent and enthusiasm to our meetings. The Board Bylaw draft was presented to the Town Manager and Town Council for their review.

September brought the expansion of library hours, which has long been desired by the community. The Board also accepted edits to Bylaws from the Town Manager and Town Council, and the Board voted and accepted them. We now have our Bylaws in place. We reviewed, discussed and gave input on the Director's Goals. We also began discussing the 125th Anniversary of the Library in 2020. The Trustees will participate in an ongoing celebration.

At our November meeting, Trustee Margie Wiggin showed the Board a children's book she has written, Changes for Cynthia, Hopkinton's Library Squirrel. She has donated a copy to the library and to each of the Trustees.

December had Board members assisting during the Holiday Stroll by taking family pictures in front of the cheerfully decorated mantle in the library's Ellsworth Room.

Trustees attended many of the expanded programs offered by the library, both as official Trustee representatives and as interested patrons.

The Trustees will continue to work closely with, and support the Friends of the Hopkinton Public Library and the Hopkinton Public Library Foundation by participation in their events, and with public relations support. Trustees took part in, and attended several events, including Book Sales in May and November, Mini Golf, and September's Polyarts Apple Crisp Sale.

To further our collaboration, the three groups have decided to hold quarterly joint meetings, with each group hosting in turn. This way, we will be able to coordinate our support for each other. The next Joint Meeting is scheduled for January 2020 during the Trustees' January meeting.

The Trustees have been kept up to date concerning ongoing staff hiring and development, and implementation of expanded hours of opening as provided for in a previously approved annual library budget.

The library continues to exceed expectations in increases of usage of all aspects of our new library. We celebrate the library's success, and, again, are proud of our involvement.

Our goals for 2020, as previously, are to continue our support for the Library Director, especially with policies relating to the new library. We will also continue to make our Board

more accessible to the public, by attending events and identifying ourselves as Trustees, by taking part in Town Board meetings that pertain to library issues, and by being more present in the library.

ANIMAL CONTROL

All Dogs in the Town of Hopkinton must be licensed by April 1, 2020.

You can obtain a dog license at the Town Clerks office or through the Towns Website January 1 – March 31, 2020.

- Any dog that is not licensed by April 1, 2020 will be fined \$25. (with valid rabies vaccination)
- All new dogs to the Town of Hopkinton must be licensed within 30 days.
- All puppies in the Town of Hopkinton must be licensed at 6 months of age.
 - o All dogs must have a current rabies vaccination. (fines)
 - o All dogs must wear their license/rabies tags (fines)
 - o Recommend all puppies have proper identification

Thanks to the residents of Hopkinton for putting the “license tags” on their dogs -- We have been able to match dogs-owners in record time! **IT IS THE LAW.**

Throughout 2019, along with the Town Clerk’s office, we processed many unlicensed dogs. While some of these dogs have passed on or moved, many were licensed and brought up to date. This will be a continuous effort in 2020.

We have had numerous phone calls pertaining to Wildlife. These calls include coyote spotting, foxes, squirrels, skunks, raccoon, deer etc. Please make sure that all chimneys are capped and keep doors and windows closed.

According the Massachusetts State Laws, Massachusetts Fisheries and Wildlife; their job is to protect the wildlife in Massachusetts. We evaluate every wildlife call and take care of the ones we can, especially any animal suspicious of having rabies. Wildlife situations such as: “living in my basement/attic/garage” were forwarded to the proper licenses professionals according to the rules and regulations of the State of Massachusetts. We encourage residents to keep garage doors closed, keep covers on trash cans, do not feed domestic animals outside and do not ever feed wildlife!

Other calls throughout 2018 included missing dogs/stray dogs/missing & stray cats/dog complaints/hit dogs/hit cats/stolen dogs/animal rescues/etc. We responded to these calls either by telephone or by evaluating the situation. We received several “police calls” and many of these were during evening hours. We would like to thank the Hopkinton Police, Fire Department and other outside agencies for their continuous support and assistance.

APPROPRIATION COMMITTEE

Metrics: Review/approval of 28 financial articles; \$112,354,464
Support for Annual & Special (2) Town Meetings
Management of Reserve Fund under M.G.L. C. 40 S. 6; \$125,000

Members: Michael Manning, Chair
Shahidul Mannan
Todd Cestari
Wayne Pacheco
Vacant position (*formerly Rebecca Roback*)
Ex Officio, Timothy M. O'Leary, Town of Hopkinton Chief Financial Officer

The Town of Hopkinton Appropriation Committee is established in Article 2, Section 2-7 of the Town Charter. Duties of the Committee are also prescribed in the Hopkinton Town Charter, Article 7, Sections 7-2 and 7-3; and in the Hopkinton General Bylaws, Article I Section 5-1:5-6, Article III Section 13-7, and Article VI Section 13-12.

The Appropriation Committee consists of five registered voters of sound business experience or good judgment, appointed by the Select board to consider any and all question involving the expenditure of money. The Committee also has specific responsibility for evaluating and making reports and recommendations to Town Meeting on financial matters.

The Appropriation Committee also has a specific duty to evaluate and report on the proposed Capital Improvement Plan, and has the sole statutory authority to authorize transfers from the \$125,000 fiscal year 2019 appropriation for extraordinary and unforeseen expenditures.

The annual Appropriation Committee report to the May 6, 2019 Annual Town Meeting was a principal work product of the Appropriation Committee. The report includes:

- Sources and uses of funds
- Detailed departmental budgets
- Multi-year forecasting models
- Reviews of tax impact from proposed spending
- Summaries of debt levels
- Future principal and interest payment
- Status of Trust Funds
- Status of Stabilization and Reserve Funds

The Committee would like to thank Ms. Rebecca Roback for her service on the Appropriation Committee

BOARD OF APPEALS

The Board of Appeals is a quasi-judicial administrative board that hears and decides zoning related appeals, applications for special permits, and petitions for variances pursuant to its authority under MGL c. 40A, and applications for affordable housing projects pursuant to its authority under MGL c. 40B. The Board has jurisdiction to hear appeals filed by any person aggrieved by reason of his or her inability to obtain a building permit or enforcement action from the Director of Municipal Inspections, or by any person, including an officer or board of the town, aggrieved by a written order or decision of the Zoning Enforcement Officer, the Planning Board with respect to decisions under site plan review, and the Historical Commission with respect to delays of demolition permits.

The Board of Appeals generally schedules public hearings on the 2nd and 4th Wednesday of each month at 7:00 PM at Town Hall. Additional information regarding the Board of Appeals is available on the Town's web site at www.Hopkintonma.gov. Persons filing with the Board of Appeals are strongly encouraged to visit the Board's web pages and the "Questions & Answers" section prior to filing any request for relief with the Board.

In 2019, the Board of Appeals issued 22 decisions, and some form of relief was granted in a majority of cases. Decisions granting relief were issued in the following categories – 24 Special Permits (40A), and 1 Variance. One request for relief was denied for a Special Permit.

In accordance with state law, decisions of the Board of Appeals are timely filed with the Town Clerk within 100 days of the initial filing of the request for relief in the case of Appeals and Petitions for Variances, and within 90 days following the close of the public hearing in the case of Applications for 40A Special Permits. Decisions relating to Applications for 40B Comprehensive Special Permits are timely filed with the Town Clerk within 40 days after the close of the public hearing. These deadlines may be extended at the request of the party requesting relief, and on more complex filings this frequently occurs to enable the applicant to file additional pertinent information with the Board. Notwithstanding, public hearings for an overwhelming majority of cases are concluded on the first night.

We wish to thank all Town departments and committees who have assisted the Board during the past year, with special thanks to the employees within the Department of Land Use, Planning and Permitting. We extend special thanks to Elaine Lazarus, the Assistant Town Manager, Charles Kadlik, the Director of Municipal Inspections and Zoning Enforcement Officer, Michael Shepard, the Assistant Building Inspector and Adina Wright and Cobi Wallace, for their continued service and dedicated commitment.

BOARD OF ASSESSORS

Members: Lya Battle-Rafferty, Chair
Lesley Ficarri
Gunajit Medhi, Clerk

The Board of Assessors is established under Section 4-5 of the Town Charter. There shall be a Board of Assessors consisting of three (3) members ***elected*** for a term of three (3) years each, so arranged that the term of office of one (1) member shall expire each year. The Board of Assessors shall have the powers and duties that have been given to Boards of Assessors by the Massachusetts General Laws, by this Charter, by Town Bylaw or by Town Meeting vote.

Every Board Member is required to take the Division of Local Services Course 101: Introduction to Assessment Administration: Law, Procedures and Valuation. That course consists of sections on Assessment Administration, Mass Appraisal, Proposition 2 1/2, Property Tax Classification, Setting the Tax Rate, Property Tax Abatements, Property Tax Exemptions, Personal Property and Motor Vehicle Excise.

The responsibilities of the Board of Assessors include the valuation of all property at full and fair cash value; to administer the abatement program, motor vehicle excise taxes and tax exemption programs; and to address concerns of the resident and property owners expeditiously and courteously.

Accomplishments

- The Board reviewed 53 abatement applications on real estate parcels and personal property accounts for Fiscal Year 2019 with only 9 cases appealed to the Appellate Tax Board
- The Board administered 78 personal exemptions from the real estate tax: 114 exemptions from the Community Preservation Act (CPA) tax surcharge; 3 tax deferrals from the real estate tax; and 54 senior work offs from the real estate tax
- The Board assisted the staff in managing the Fiscal Year 2020 certification year tax rate process and received approval from the Massachusetts Department of Revenue permitting the timely mailing of the actual tax bills

Goals

- Obtain timely approval of the interim year adjustments to the assessed property values from the Massachusetts Department of Revenue and participate with others to insure that Fiscal Year 2020 tax bills are timely mailed
- Management of the tax overlay to accommodate all FY 2020 abatements
- Assist with the cases that are currently on appeal with the Appellate Tax Board

The Board meets usually every other week at posted open meetings, and the board encourages interested residents to attend.

BOARD OF HEALTH

Report for the year ending December 31, 2019

The Board of Health is comprised of three elected members who serve overlapping three-year terms. The members include Chairman Elizabeth (Lisa) Whittemore, Vice-Chairman Michael King and member Dr. Richard Jacobs. Mr. Shaun McAuliffe, R.S., has been the Director of the Department since July 31, 2017. On November 5, 2019, the Department hired Kasey Mauro, BSN, to serve as our Public Health Nurse. Mrs. Nidia Ruberti LaRoche is the department's full-time Administrative Assistant. Our part-time Health Agent Bryan Besso, RT(R) is responsible for the Department's environmental services.

The mission of the Health Department is extensive and works under the direction of the Board of Health, below are just a few, and includes:

- promotion of community wellness,
- enforcement of federal, state and local regulations that promote public and environmental health, and
- community education.

Our agency licenses funeral directors and issues burial permits, licenses and inspects food establishments, mobile food trucks, temporary events, caterers, daycares that serve food, schools, pools, beaches, camps, trash and septage haulers, septic systems, septic installers, portable toilets vendors, tattoo practitioners, tobacco establishments and retailers and the installation of wells and septic systems, just to name a few.

On-Site Sewage Disposal Systems

The department reviewed 18 engineered plans for subsurface wastewater disposal systems. The Agent witnessed soil testing at over 21 sites for new system construction. A total of 34 septic system permits were issued, 6 permits were issued for the abandonment of systems and 25 permits were issued for component repairs to existing septic systems. A total of 96 Building Permit Applications were reviewed. Septic installer's licenses were issued to 37 individuals and 35 Septage and Trash Hauler permits were issued to firms that transport sewage and trash in the municipality. The office conducts inspections on all permits issued to ensure that Title 5 standards and local regulations are met for all on-site sewage disposal systems. Property transfer inspection reports (Title 5) totaled 76 for the year. Failing septic systems are investigated, and corrective action is planned to ensure the protection of public health. A total of 6 failed systems were identified in 2019. Mitigation activities are underway at all of them.

Community Septic Management Loan Program

Financial assistance is available to homeowners through a Community Septic Management Loan Program (CSMLP) administered by the department. This loan program was established in 1999 and offers low-interest loans at 2% to Hopkinton residents to correct their failing septic systems. Loan funding is supplied by the Massachusetts Water Pollution Abatement Trust (WPAT) through the Department of Environmental Protection. Any town resident seeking more information about this Loan Program should contact the office at (508) 497-9725.

BOARD OF HEALTH
Report for the year ending December 31, 2019

Water Wells

Our office reviews private well installation/deepening plans for drinking water and irrigation wells, witnesses the water quantity testing to ensure that an adequate water supply is met, and reviews comprehensive analytical reports for potential contaminants on all new private wells.

The agency issued 17 permits for new wells. Prior to the transfer of ownership of the property and if the testing has not been conducted within the last five (5) years, Town regulations require comprehensive water quality testing at homes that are supplied by a private well; copies of test reports should be submitted to the office. The department recommends that residents test their wells *at least* every five years for bacteria and chemicals in order to verify the quality of their drinking water.

Disease Prevention

Until Kasey Mauro's hire in November, Salmon Visiting Nurses Association (VNA) of Milford, MA provided professional nursing services to the Town and investigated local cases of reportable communicable diseases. The agency partnered with AFC Urgent Care and offered two flu clinics. One at the Hopkinton Senior Center and the other at St. John's Evangelist Church this past fall. Mrs. Mauro will now provide patient follow-up, complete the Massachusetts Department of Public Health reporting and investigative work associated with all reportable diseases in Hopkinton and administer the Town's vaccination clinics. Kasey will re-establish and manage the Town's Medical Reserve Corp and work with the Director to address the three Focus Areas of our Strategic Agenda.

The Town participates in the Central Massachusetts Mosquito Control Project (CMMCP), a program that monitors mosquito activity, tests for the presence of infected mosquitoes, and performs activities to reduce the mosquito population, such as spraying limited areas, larviciding, reducing mosquito-breeding areas, and responding to resident's complaints. Information for residents on the project is available at cmmpcp@cmmpcp.org. The department worked closely with the CMMCP to mitigate the risk to the residents of Hopkinton during the 2019 public health EEE emergency. The Department is actively engaged with the MDPH and CMMCP in preparation for the 2020 mosquito season.

The department will be collaborating with the University of Massachusetts and governmental agencies to educate the public and develop risk reduction strategies to reduce the amount of tick-borne disease within the community. The agency was awarded a grant through the Commonwealth's Municipal Vulnerability Program to provide additional outreach and education to the residents during the 2020 calendar year.

The Health Director is the Burial Agent for the Town. A total of 46 Electronic Burial Permits were issued in 2019. The department utilizes data from the permitting process and from the Department of Public Health to track disease trends within the Town and establish interventions that will improve wellness.

Food Establishment Permitting and Inspections

All permanent food establishments are required to be permitted by the department, and must be inspected, at a minimum, two times per year. Temporary food establishments, such as those

BOARD OF HEALTH
Report for the year ending December 31, 2019

associated with the Boston Marathon, PolyArts Festival, Family Day and the Farmers Market, are also permitted and inspected. Follow-up inspections occur when violations are noted, and to ensure compliance with the Food Code including the food allergy notice requirements. The office investigates all complaints received regarding food services or food products; a total of 3 complaint inspections were conducted. A total of 112 routine inspections were performed in 2019. At the end of 2019, the department adopted a digital inspection process that will be fully implemented during the 2020 calendar year.

Recreational Swimming *and* Camps for Children

All swimming pools must be inspected and permitted by the agency prior to use and permitted 10 pools in 2019.

A comprehensive camp inspection was conducted, and permits issued for the one recreational camp for children that operated in the summer of 2019.

An intern from the office assumed Parks and Recreation's duty for water quality sampling at Sandy Beach at Lake Maspenock. The sampling is completed on a weekly basis during the swimming season. The results of this testing are reviewed by the agency to ensure swimming standards are met. The results are submitted to the Commonwealth of Massachusetts Department of Public Health for annual review.

Tobacco and Opioid Control

The department is collaborating with the Youth and Family Services, Hopkinton Organizing for Prevention and the Hopkinton Public Schools to educate the residents and employees of the community on the risks of tobacco and opioid use.

On March 25, 2019, the Board adopted the Commonwealth's Model Regulation Restricting the Sale of Tobacco Products which became effective on July 1, 2019. The MetroWest Health Foundation awarded the Health Department a grant to develop and implement a vaping education program. The program was revised over the Summer of 2019 and has been recognized as a model in the Commonwealth.

Family Services and Wellness

The department collaborated with Youth and Family Services and Project Just Because to address family needs within the community. Through this collaboration, Project Just Because is providing perishable food donations to the community. The office will continue working directly with Project Just Because to increase its non-perishable donations within the community. At present, the Project is recognized as a top performing pantry in the Commonwealth, donating over 2,600 pounds of food each month, bridging a significant portion of the need that exists within the community.

Emergency Preparedness Planning

The agency is collaborating with the Hopkinton Emergency Management group and member towns in Region 4AB to continually improve upon all-hazards awareness and

BOARD OF HEALTH
Report for the year ending December 31, 2019

emergency planning. The department seeks to mobilize volunteers within the town with medical and non-medical backgrounds to support the Medical Reserve Corps.

Environmental Risk Management

The department continues to collaborate with Fire Prevention to annually inventory and monitor known environmental risks within the community to protect our air, land and water resources. On January 1, 2019, the Board of Health implemented the single use check-out bag regulation.

Mercury and Lead Reduction

A mercury and lead reduction program was established in Town in an effort to remove mercury and lead from the waste stream and to reduce the discharge of mercury and lead pollution into the environment. Residents may bring their mercury-containing thermometers to the office, and exchange them for digital thermometers as part of the mercury recycling efforts. The agency also accepts button cell batteries and old thermostats that contain mercury. Residents should be aware that fluorescent bulbs contain a small amount of mercury that may be reclaimed, and these bulbs cannot be disposed of in the trash. Residents may drop off their used fluorescent bulbs during business hours at the Hopkinton Recycling Center (E.L Harvey), so they can be recycled. We want to express our appreciation to this business for their support in reducing the amount of mercury going into our waste stream.

Digitalization

The department, with the help of the IT Manager, created an electronic database management system to manage pumping slip records. Licensed Septage Hauler's must submit to the Department the Commonwealth's Form 4 (Pumping Slip Record) within 14 days of the pumping date. The program was launched in August of 2019. The office continues to seek and research other electronic data management solutions for Title 5 Inspection Reports, Food, Septic and Well Applications in the near future.

Strategic Agenda

The Board of Health endeavors to continually improve upon the Town's health and wellness. An analysis of health metrics for the Town was completed and based upon this analysis the Board and Department have established the following three Focus Areas for the subsequent calendar years:

- To understand the environment within Hopkinton and how that may impact residents' health,
- To educate the residents of Hopkinton to optimize healthy behaviors and
- To ensure town infrastructure supports residents' health

BOARD OF REGISTRARS

The Board of Registrars, as directed by the State and Federal Election Laws and the Secretary of State, provides the opportunity for the voters of the Town of Hopkinton to have a voice in their local government through participation in the democratic process. The Board of Registrars ensures that all elections conducted by the Town are fair and transparent. The members of the Board of Registrars who are appointed by the Board of Selectmen for three (3) year terms are Veda Kerr, Janine Wheeler-Ristaino, and Brian Karp. The Town Clerk also serves on the Board of Registrars. Board members assist with voter registration and cover extra registration hours, as needed. Although, as in many communities, the day to day Board of Registrars' duties such as the running of elections, voter registrations, changes in voter status, and the annual street listing count are performed by the Town Clerk's office. Though the Registrars are still instrumental in conducting recounts and holding hearings on election related challenges.

There was one election and three town meetings during 2019, including a February 11, 2019 Special Town Meeting; the May 6, 2019 Annual Town Meeting; the May 20, 2019 Annual Town Election; and a December 16, 2019 Special Town Meeting. We in Hopkinton are lucky to have so many dedicated individuals watching over our democratic process and we should all take a chance to thank these individuals for the service they provide the Town. Please contact the Town Clerk's Office if you would be interested in serving as an Election Officer.

All Hopkinton residents who are US citizens, and who have attained the age of 18 by the election date, and have registered to vote by the voter registration deadline are eligible to vote in each election. Residents that are US citizens and between the ages of 16 and 17 may pre-register to vote and will then automatically become registered when they reach the age of 18. All registered voters may vote in person at the polls. They may also vote early within eleven days before a biennial State Election, or by absentee ballot if they meet the eligibility requirements. Voter registration applications are available at the Town Clerk's Office, the Hopkinton Public Library, the Town Clerk's website at www.hopkintonma.gov, or online by visiting the Secretary of State's website at www.sec.state.ma.us/. Residents are reminded that they may also register to vote at the Registry of Motor Vehicles when changing or updating information.

If you would like to confirm your voting status, please visit the Secretary of State's website: <http://www.sec.state.ma.us/VoterRegistrationSearch/MyVoterRegStatus.aspx>.

A count of Hopkinton residents by Precinct as of December 31, 2019 follows:

CAPITAL IMPROVEMENTS COMMITTEE

Metrics: Review/approval of 18 capital articles; \$15,900,604
Support for Annual & Special (2) Town Meetings

Members: Alton Chen, Chair
Nate Oram
Devin Callanan
Matthew Kizner
Ramya Kumaraswamy

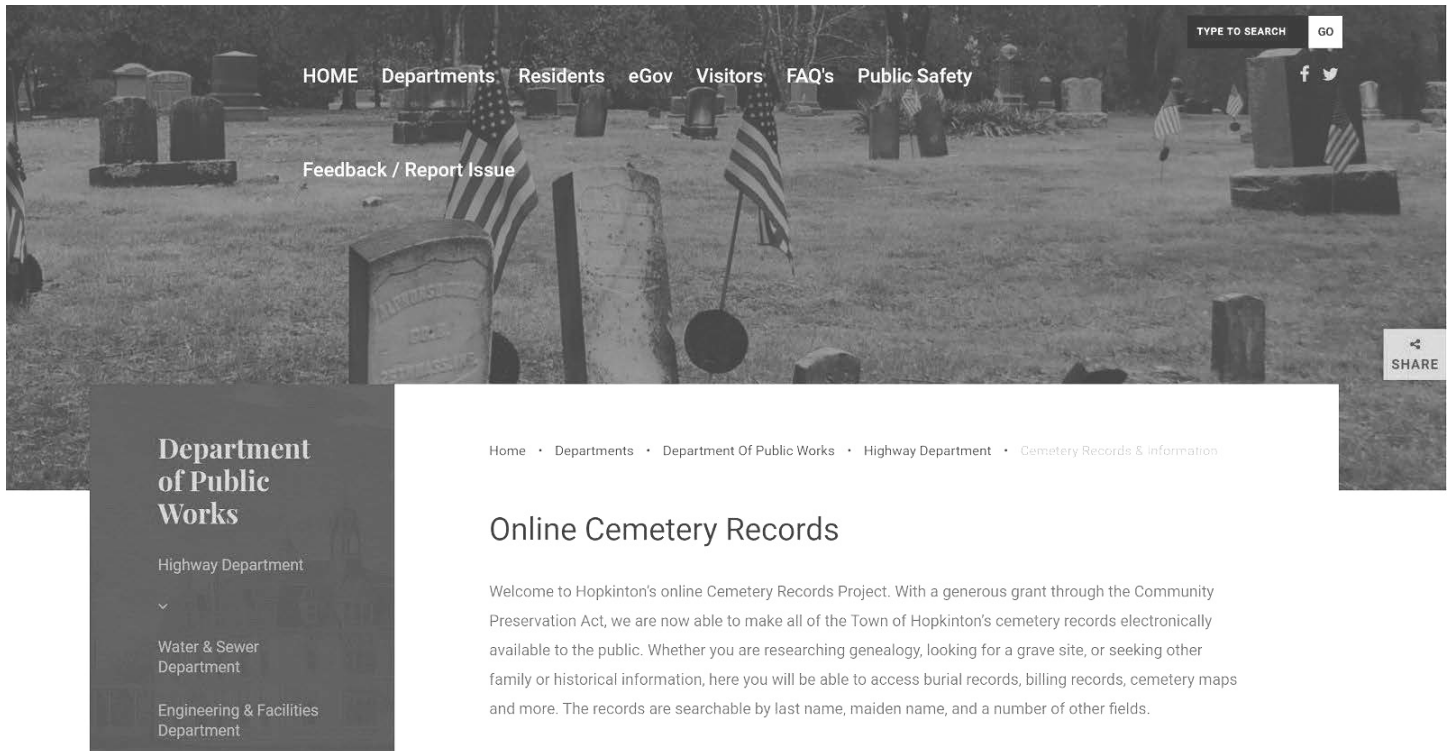

The Town of Hopkinton Capital Improvements Program is established in Article 7, Section 7-3 of the Town Charter. The Capital Improvement Committee is established and its duties are specified in the Town of Hopkinton General Bylaws, Chapter 5, Article 5, Sections 5-18 to 5-21.

The Committee is also charged with providing recommendations to Town Meeting on all capital articles.

Capital improvements include:

- Any acquisition, disposition, lease or transfer of land, buildings, or motor vehicles
- Any acquisition or lease of an item of equipment with a substantial useful life costing \$25,000 or more
- Any construction or improvement of public buildings or infrastructure with a total cost of \$25,000 or more

The Committee also evaluates the ten-year capital expenditure requirements of the Town, in consultation with the Town Manager, Town boards, committees, commissions, and departments.

CEMETERY COMMISSION

The Hopkinton Cemetery Commission is an elected three member board charged with overseeing the town's cemetery needs. Offering cemetery space and services is an important municipal function which towns are required to provide their citizens under Massachusetts law. The town has sufficient burial space for the present time in the lower section of Mt. Auburn Cemetery. An adjacent 2.5 acre parcel was purchased in 2015 to meet future demands, and the planning process should begin in a few years to ensure that the land is ready to be used when it is needed.

Cemetery Records On-line

Hopkinton's public cemetery records are now available on-line, thanks to generous funding from the Community Preservation Act for the Cemetery Records Digitization Project. Phase I was carried out in 2016-17 and involved scanning and transferring to digital format, with microfiche backup, all of our vulnerable paper records – some centuries old – into a safer, modern medium that will preserve them for the 21st century and beyond. In 2018, Phase II was accomplished, integrating the newly digitized records into a publicly accessible, searchable on-line format available through the Town's website.

This past year in 2019, the Commission presented this new program to the Town, engaging in public information activities to make known this valuable new community resource. Through public presentations, articles and announcements in local media, and answering individual research inquiries, we have worked to inform and assist citizens in using this new tool for public records access. Next year's finishing details will be to add in the recent data generated since the original scanning, and to provide a method for our DPW/Cemetery Dept. personnel to file all future records directly into the on-line system.

Providing the Town's cemetery records in an electronic format is an invaluable resource for personal inquiry, family history, and genealogical research. The records can be accessed on the Town of Hopkinton website, either through the **eGov** tab to **Cemetery Records** or by going to the **Cemetery Commission** website under **Boards and Committees**. Our sincere thanks go to IT Director Josh Grossetti for his patience and perseverance during the development of this new public resource.

Lot Buy-Back

A Commission objective is to steward our existing cemetery space and maximize its use. To that end, the Commission has established a lot buy-back program to enable the Town to repurchase from deed holders previously sold cemetery lots that are no longer wanted. In this way, cemetery space is not wasted by being unnecessarily left vacant.

Other Activities

The Commission made new provisions in the Cemetery Rules and Regulations to permit stone benches in lieu of headstones within certain conditions.

To learn more about the work of the Cemetery Commission, our site on the town website gives information on our services and projects. Included is a video tour of the town's historic Comey Chapel, with details on how the chapel can be used by the public for small gatherings. The goal of the Cemetery Commission continues to be to provide for the maintenance, improvement, and expansion of our cemeteries and their related activities.

COMMUNITY PRESERVATION COMMITTEE

OVERVIEW

The Community Preservation Act (Massachusetts General Laws; Chapter 267) was signed into law in 2000. This legislation allows cities and towns to create their own community preservation funds through a surcharge of up to 3% of the local tax levy on real property. In 2001, the citizens of Hopkinton adopted a CPA bylaw and thereby approved a 2% surcharge to their property taxes. Revenue from this surcharge is dedicated for the preservation of open space, historic sites, affordable housing and passive/active outdoor recreation in the Town. Local revenue is supplemented through the state Community Preservation Trust Fund.

Under the provisions of the CPA, a Hopkinton Community Preservation Committee was established to identify the Town's needs, capabilities and resources with regard to community preservation. The CPC considers proposals made by groups and individuals to ensure they meet the criteria of the law benefit the community and are financially feasible. The Committee then makes recommendations to Annual Town Meeting. The CPC may include in its recommendations a request to set aside for later spending funds for specific purposes that are consistent with community preservation, but for which sufficient revenue is not immediately available. The Community Preservation Committee is a nine-member board which includes designees from the Planning Board, Open Space Preservation Committee, Conservation Commission, Historical Commission, Parks and Recreation Commission, the Housing Authority and three At-Large members appointed by the Hopkinton Board of Selectmen. The current Community Preservation Committee members are:

- Chairman and Member-at-Large Henry Kunicki
- Parks and Recreation Commission Representative - DanTerry
- Conservation Commission Representative - Jim Ciriello
- Planning Board Representative – Gary Trendel
- Open Space Conservation Commission Representative - Jeff Doherty
- Housing Authority Representative – Rebecka Hoffman
- Member-at-Large - Alfred Rogers
- Member-at-Large - Ken Weismantel
- Historical Commission Representative and Vice Chair – Eric Sonnett

ACCOMPLISHMENTS

In 2019 the following projects were approved at Town Meeting to carry on the Committee's endless and critical endeavor toward the continuation of preserving our town's historical history in various forms:

- Preservation of Town Records/Town Clerk's Office \$20,000

- Historic Preservation the Preservation of Land Records, with funds being expended based on the age of record, extend of damage and importance of contents
- Historical Society Digitizing Photographs \$3,750
- Historic Preservation the Hopkinton Historical Society is home to some 300+ photos and slide negatives documenting the lives of the people who have come before us: where they lived, worked and went to school. This project would preserve these photos and make them available for the public.
- Headstone Restoration \$10,000 - Historic Preservation - Preservation project to restore the most at risk headstones. This is a continuation of past projects
- Dog Park at Fruit Street \$20,000 - Undesignated Funds and \$130,000 from Undesignated Funds and Passive/Active Recreation \$20,000 for the engineering of a dog park at Fruit Street. The \$130,000 is for the construction of said dog park, funds are contingent on the receipt of a \$250,000 grant from the Stanton Foundation.
- Lacrosse Wall \$25,000 - Passive/Active Recreation Funds are for the design and installation of a Lacrosse wall at Fruit Street Fields
- Irrigation System at Pyne Field \$25,000 - Passive/Active Recreation Funds are for the engineering, materials and installation of an irrigation system at Pyne Field
- Wilson Street Wetland Crossing \$50,000 - Passive/Active Recreation Funds to design a wetland crossing at 0 Wilson Street, to allow the public to access other recreation lands.
- EMC Playground \$260,000 – Undesignated Funds to replace all the existing equipment at the EMC Playground located at 113 Hayden Rowe.

LOOKING AHEAD

The Community Preservation Committee will continue its mission of identifying preservation needs and projects in the Town of Hopkinton and make funding recommendations to the Board of Selectmen.

Respectfully submitted,

Henry Kunicki, Chairman

CONSERVATION COMMISSION

The Conservation Commission is required by law to fulfill a number of duties pursuant to the Massachusetts General Laws, the Massachusetts Wetlands Protection Act (WPA), and the Hopkinton Wetland Protection Bylaw (Bylaw).

To fulfill these obligations, the Commission processed applications and conducted public hearings for 77 Notices of Intent, Resource Area Delineations, Requests for Determination, Certificates of Compliance, Enforcements, Emergency Certifications, Extension Permits, and Project Changes during the past year. The Commission also processed 56 Requests for Minor Project Exemptions under the WPA and Bylaw, which improved response time for applicants and freed valuable agenda time for more complex projects.

These filings and activities, plus project site inspections, project reviews, public hearings, communications with the Department of Environmental Protection, and informational meetings with residents and developers, occupied the Commission and its staff during the past year. The Commission meets two to three Tuesday nights per month to meet the requirements of the WPA and Bylaw.

Commission staff also spent time responding to requests for comments from other Town Boards and working with other Town Departments on various town projects and concerns.

Members of the Commission served on the Community Preservation Committee, Lake Maspenock Dam Advisory Group, Lake Maspenock Weed Management Advisory Group, Open Space Preservation Commission, Upper Charles Trail Committee, and the Zoning Advisory Committee.

Major projects reviewed, approved and/or underway by the Commission during 2019 include:

- Commercial Solar Power Array at 147 Lumber Street,
- Commercial Solar Power Array at Cedar Street and Wilson Street,
- Commercial Solar Power Array at 0 Wilson Street
- Commercial Buildings, 1 Lumber Street,
- Eversource Right-of-Way Underground Gas Utility Line Replacement,
- MassDOT, I-495 and I-90 Interchange Soil Borings Testing
- Golden Pond, West Main Street,
- Highland Park IV, Stoney Brook Road,
- Hopkinton Elementary School 129 Hayden Rowe,
- Hopkinton High School Artificial Turf Athletic Fields, 88 & 90 Hayden Rowe,
- LNG Liquefaction Replacement Project, 52 & 55 Wilson Street,
- Maspenock Woods, West Elm Street,
- Pulte Homes at Legacy Farms North,
- The Trails at Legacy Farms North,
- REC Hopkinton, Chamberlain and Whalen Roads,
- Residential Subdivision, 203 Pond Street, and
- Whisper Way Subdivision.

The Commission monitors these major projects, along with other numerous on-going residential and commercial projects of various sizes, on a regular basis, working closely with project engineers, managers, and contractors to ensure they're complying with the requirements and performance standards under the law.

The Commission is committed to protecting our Town's valuable wetland, buffer zone, groundwater and open space resources and ensuring compliance with Federal, State and Hopkinton wetland regulations, our bylaw, low impact development, and best management practices.

The Commission has worked closely with the Department of Public Works relative to the on-going maintenance of town trees, roads and roadway drainage structures within and adjacent to wetland resource areas.

Commission goals include encouraging Low Impact Development initiatives, supporting open space acquisition and stewardship, and continuing efforts to successfully handle all permit applications in a timely manner.

The Commission staff has worked diligently to assist the public with understanding wetland regulations and fulfilling permitting requirements, streamlining the permitting process for applicants, promoting environmental stewardship, educating the public, acting as a liaison to other Town boards and committees, and to provide timely information to the Commission on projects under review in order to hold efficient public meetings.

The Commission thanks the residents of Hopkinton for their water conservation efforts over the past year.

The Commission invites the public to attend our meetings, become involved, volunteer, request Commission presentations to aid in local awareness about wetlands, and to provide comments on any of the projects brought before us. Meeting times and agenda items are posted on the Town's website (www.hopkintonma.gov) and a link can be found on the Commission's webpage (http://www.hopkintonma.gov/departments/land_use_department/conservation_commission) as well as in the Town Clerk's Notebook at Town Hall. All members of the community are welcome and encouraged to attend our meetings or to call the Commission Office at 508-497-9745 with any questions.

HOPKINTON CULTURAL COUNCIL

Mission

The purpose of the Hopkinton Cultural Council (HCC) is to support public programs in the arts, humanities and interpretive sciences to promote access, education, diversity and excellence for residents of our community. This is accomplished by granting funds received from the Massachusetts Cultural Council (MCC), in accordance with state guidelines, to individuals and organizations that will present their programs in our community or local area.

We fund a variety of programs each year appropriate for diverse age and interest groups. Whenever possible we give priority to Hopkinton artists/organizations and event that take place in Hopkinton.

Accomplishments

For 2020, Hopkinton received \$6,300 in MCC funding. We received a total of 27 applications and were pleased to approve the following for full or partial funding:

- Assabet Valley Mastersingers, May 2020 Concert
- Craig Douglas Hay, Jazz with the Masters
- 26.2 Foundation, Bobbi Gibb Sculpture Project
- Ashley Shaheen, Enrichment Arts Series
- Ashley Shaheen, Senior Center Pottery Class Request (Electric Kiln)
- Hopkinton Center for the Arts, Art Around the World Series
- Hopkinton Garden Club, Hopkinton Garden Club Speaker Series 2019-2020
- Hopkinton Women's Club, HWC Centennial Anniversary
- John Root, Edible Wild Plants Walk
- Marathon Quilt Guild, Marathon Quilt Guild 2020 Quilt Show
- South Asian Circle of Hopkinton, Festival of Colors
- Hopkinton Cultural Council, Art on the Trail

Membership

Our members for 2020 are:

- Sterling Worrell, Chair
- Jonathan Meltzer, Treasurer
- Ilana Casady, Secretary
- Amy Groves, Member
- Andrea Wilk, Member
- Darlene Hayes, Member
- Laura Stacey, Member
- Meena Kaushik, Member
- Richard Jacobs, Member
- Tom Phelan, Member

It is the Council's goal to add new members each year to ensure a wide and diverse perspective. To join us or for more information please contact Sterling Worrell, Chair at culturalchair@hopkintonma.gov.

The Department of Public Works (DPW) has the unique honor and opportunity to positively impact residents' lives on a daily basis by providing many of the necessary services on which their lives depend and by which their quality of life is improved. The DPW provides well maintained roads and sidewalks to ensure safe travel; it provides clean, potable water for safe drinking, cooking, and cleaning; it provides for the removal and proper treatment of sewerage to protect public health; it collects municipal solid waste and disposes it in a responsible manner; it collects recyclable materials and ensures they are properly recycled; and it keeps the parks and cemeteries mowed and beautifully maintained for all to enjoy. All of these responsibilities are carried out by the DPW Team which is experienced, hardworking, and dedicated to the Community.

The DPW is comprised of the Administrative Division, the Highway Division, and the Water and Sewer Divisions. The DPW is also responsible for Solid Waste and Recycling; maintenance of

Cemeteries and Parks; and the Tree Warden. More information about the DPW can be found on our webpage at <http://www.hopkintonma.gov/home/government/departments/dpw>.

Report from the Director

Mike Fredette, the Water Division Foreman, passed on December 30, 2019. Mike was dedicated to serving Hopkinton residents for more than 33 years. Mike's passing was a great loss and his passion for serving the public, his willingness to help others in need, and his ever-present smile will not be able to be replaced.

2019 was a year of successes and challenges for the DPW. The DPW was involved in many exciting, important capital projects, including:

- Cedar Street Water Main Replacement
- Fruit Street Well Blending Project
- Main Street Reconstruction Project in Association with the MassDOT
- Asset Management Grant Planning
- Hazard Mitigation Grant

The following reports from Division Managers highlight many other successes of the DPW. None of these successes would have been possible without the full support of the entire Municipal Team. I thank the Select Board and the Town Manager, Norman Khumalo, for their leadership and direction. I thank the Administrative Manager, Judi Regan; the Highway Division Manager, Mike Mansir; the Water/Sewer Division Manager, Eric Carty; and the Administrative Assistant, Kimberly Benitich, for their hard work, support, and dedication. I thank the other dedicated, hardworking members of the DPW Team who serve this community every day. I thank the Town Engineer, Dave Daltorio; and all of the staff at the Town Hall for their support of all that the DPW accomplishes. Finally, and most importantly, I thank the residents of Hopkinton for their support and for allowing the DPW to serve this community's Public Works needs.

Sincerely,
John K. Westerling, MPA
Your Director of Public Works

Water Division

The Water Division Team is responsible for maintaining 8 pumping stations, 3 water tanks, 770 fire hydrants and 76 miles of water main. Approximately 65% of the town is serviced by municipal water. The department is on call 24 hours a day, 365 days a year.

Last year we pumped over 392,349,177 gallons of water. Over 6,000 water meters were read, monthly water samples were collected throughout town and tested for bacteria. We are also mandated by the State and Federal governments to test for a wide variety of other contaminants in the water. All of our testing meets the State and Federal guidelines. The annual Consumer Confidence Report was again distributed explaining our water sources, the water treatment and the water test results.

The Water Division staff had another busy year responding to numerous breaks with challenging repairs and flooding events. With another very busy year with new construction, many inspections and markouts were performed. Emergency and routine markouts for the gas company saw a very large increase. The major road projects on Main Street, West Main and South Street kept crews extremely busy with markouts and repairs.

The blending facility at Fruit Street is nearing completion and upgrades to wells 4 and 5, off Alprilla Farm Road will follow. The Water Division added a new valve exercising trailer and program to ensure water can be shut off during emergencies, reducing lost water and customer outages. The Division worked with the IT Department to map hydrant locations for GPS and GIS maps that will help assist asset inventory and provide the Fire Department with pertinent emergency response data.

An aggressive water meter replacement program was undertaken to change out meters to ensure timely and accurate readings with the town meter reading equipment.

The Cedar Street water main, which has experienced numerous breaks over the years, was replaced with a new 12" ductile line.

We would also like to recognize all of the other town departments that we work with on a daily basis and thank them for their support and help throughout the year, in particular, the Sewer and Highway Divisions.

The Water Division is committed to continued employee training and education. We will look to continue in house improvements to the system, meter change outs and upgrades to the meter reading software.

Thank you also to, Mike Fredette, Jed Fennueff, Mat Gogan, Shawn McDonald and Dan Bates for their continued service and dedication to the town.

Sincerely,
Eric J. Carty
Water/Sewer Manager

Sewer Division

The Sewer Division Team is responsible for checking 8 pumping stations along with over 40 miles of sewer pipe. Approximately 40% of the town is serviced by municipal sewer. Daily inspections of the stations are conducted to ensure proper operation. The department is on call 24 hours a day, 365 days a year and responds to numerous emergency calls throughout the year.

Wastewater flows to the town of Westborough for 2019 totaled 91,402,000 gallons. Flows to the Hopkinton wastewater treatment facility were 18,793,973. All of the sewer pump station wet wells were cleaned twice to ensure proper operation. Sewer lines in known trouble areas were checked to ensure proper flow.

The Sewer Division staff had another busy year responding to numerous emergency alarms due to pump issues, power outages and flooding events. With another very busy year of new

construction, many inspections and markouts were performed. Emergency and routine markouts for the gas company saw a very large increase. The major road projects on Main Street, West Main and South Street kept crews extremely busy with markouts and repairs.

Additional alarms were added to the Wood Street sewer pump station to report failed check valves and minor upgrades were performed on the West Main Street sewer pump station. Personnel underwent several new trainings along with multiple classes for license recertification.

An inflow and infiltration program was undertaken to locate extraneous flow into the system. Metering took place in the spring to identify areas of high flows and smoke testing was performed in the fall. New camera and detection equipment was purchased to help better detect and prevent issues.

The Sewer Division looks to continue removing Inflow and Infiltration (I/I), making in house improvements to the sewer system, and continue education and training.

Special recognition should also be made to all the other town departments for their continued help and support to the Sewer Division throughout the year, in particular the Water and Highway Divisions.

A special thanks goes out to Al Lombardi and Jeff Pyne for their continued service and dedication to the town.

Regards,
Eric J. Carty
Water/Sewer Manager

Highway Division

The Highway Department has many responsibilities to the town and its citizens. Some of which include pavement management; drainage system maintenance and repair; storm water management; street sweeping; cemetery maintenance; parks and recreation property maintenance; plowing and salting roads, sidewalks, schools and town owned buildings; vehicle and equipment maintenance for several town departments; and much more.

The town had another successful year hosting the Boston Marathon. DPW crews spent countless hours and did a tremendous job preparing for and cleaning up after the event.

On October 17th a high-wind storm called a "Bomb Cyclone" hit Hopkinton. Although not the worst storm we have had by far, it did cause many trees and limbs to come down. At one point we had five roads closed. Highway employees spent many hours cutting, clearing and cleaning streets.

Due to storm water regulations, Highway Division employees spent additional time sweeping streets for a second time during the year in areas that are required under the EPS's storm water permit.

With the help of the “Keep Massachusetts Beautiful” organization and employees from Dell EMC, 77 bags of trash and many other miscellaneous discarded items were removed from the sides of five streets. The DPW is grateful for their volunteer service to the Community.

Beginning on December 1st and lasting through December 3rd, the first winter storm hit dropping 16” of snow on Hopkinton. DPW crews spent several days plowing, salting and removing snow from the center of town and town owned parking lots.

We had a very successful year with the Pavement Management Plan completing nearly 1.2 million dollars in road repairs.

Highway Division employees replaced and upgraded signs throughout town with new reflective signs. This work is part of our annual sign replacement program to stay compliant with Federal regulations.

I would like to thank Highway Division employees Phil Schiloski, Gerard Berthelette, Jamie Stewart, Chuck Moore, Dave Armstrong, John Bernier, Chris Dagg, Pat McDonnell, Ray Shehata, Pat Canastar, Joe Arena Paul McLaughlin, Collin Barry and Brandon Carty for all of their hard work and dedication. Thank you to Eric Carty and all of the members of the Water & Sewer Divisions for their help throughout the year. I also would like to thank Judi Regan and Kim Benitich for their administrative support to the Highway Division.

The Highway Division’s goal is to be committed to providing the highest level of service possible to the town and its residents and continue to provide employee training and education and look for ways to become more efficient in all of our day to day operations.

Sincerely,
Mike Mansir
Highway Manager

Tree Warden

The Tree Warden is responsible for the care, maintenance, and removal of public shade trees and the enforcement of all provisions of law for their preservation, according to Massachusetts General Laws Chapter 87. Essentially, it is the Tree Warden’s responsibility to protect town trees and to remove town trees that are a safety hazard.

There are times when this requires cooperation with utility companies to identify trees that are endangering overhead wires and allowing them to be removed by the utility which benefits both parties.

The Tree Warden assisted Town Departments throughout the year, worked with the engineers and MassDOT on the selection of shade trees for the Main Street reconstruction project, and with the Parks and Recreation and Cemetery Commissions for trees on their properties. As always, the Highway and Water/Sewer Divisions were willing and ready to offer any assistance they could.

Sincerely,

John Westerling
Mass Qualified Tree Warden

DESIGN REVIEW BOARD

The Design Review Board was established by a vote of Town Meeting in May, 1994. Its purpose is to provide a detailed review of uses and structures having a substantial impact on the Town, enhance the natural and aesthetic qualities of the Town, preserve the value of land and buildings, and to protect and preserve the historic and cultural aspects and heritage of the Town. The Design Review Board members are appointed annually by the Planning Board.

The Design Review Board reviews applications for Major and Minor Project Site Plan Review that are submitted to the Planning Board, and makes recommendations to the Planning Board and the applicant. The Board reviews plans in conjunction with design criteria established in the Zoning Bylaw and intends to work with applicants to design projects that enhance and contribute to the Town. The Board also reviews applications for permanent signs and makes recommendations to the applicant and the Director of Municipal Inspections.

In 2019 the Design Review Board reviewed 4 applications for permanent signs and the following applications for Site Plan Review:

- 76 Main Street
- Maspenock Woods – Proposed Changes to Units 21-24, 5 West Elm Street
- Chesmore Funeral Home
- The Trails (Legacy Farms)
- Hopkinton Innovation Park - 97-99 South Street
- 27 Lumber Street - Hopkinton Tennis Club

ENGINEERING/FACILITIES DEPARTMENT

Metrics: Number of facilities managed	14
Square footage of facilities managed	210,530
Custodial cost per square foot	\$0.60

The mission of the Engineering/Facilities Department is to manage Town capital design and construction projects as well as providing engineering support to all other Town Departments and providing all facilities needs and requirements for all Town buildings. The Department coordinates with other Town Departments on all facility improvements and with the IT Department for development of the Town GIS Program. The Department continues to assist and oversee implementation of energy efficiency projects, tracking town building energy use and meeting all Green Community Designation requirements. Engineering assistance is provided to all departments and boards/committees for capital and non-capital projects including procurement and selection of design services and construction contracts, day-day oversight of design and construction contracts. The Department is responsible for maintaining town assets and providing a safe and healthy environment for the public and all town staff.

Responsibilities include participation with all building committees as required or requested from project development through construction and as direct staff support for the Permanent Building Committee. The Department assists all boards/committees and departments in designer selection, bidding, value-engineering, contractor selection, and provide in-house Clerk-of-Works/Owner's Project Management services as needed for Town Capital Projects. The Department is responsible for annual maintenance contracts for Town Hall, DPW, Police, Fire, Library and the Senior Center including but not limited to generators, elevators, fire service, burglar and fire alarms, custodial services. The Department is responsible for after-hours response for all Town building and department needs.

The Department Director is the Town Engineer/Facilities Director. The Director reports directly to the Town Manager including bi-weekly meetings to provide updates of ongoing projects and Department initiatives. The Town Manager provides beneficial guidance and advice on delivering successful capital projects, managing an efficient department and for providing exceptional service to the public and town staff.

Accomplishments during FY19 include; Continued development of the Main Street Corridor Project to realign 85/135 intersection, include a two-way bike lane and design undergrounding of utilities; operate and maintain the new Library and DPW buildings through their construction warranty periods; continued as non-voting member of the Hopkinton Elementary School Building Committee; incorporate operation and maintenance of Center School into Town Facilities; initiated funding requests for replacement of Police Station Cell Floors, Town Hall Elevator Controls Replacement, Renovations for Town Hall Basement and Feasibility Study for Center School.

The Town of Hopkinton Finance Department coordinates financial functions for the Town, including support to the Town Manager for budget preparation, capital planning, and financial analysis; as well as the functions of the Town Treasurer and Collector, the Assessor's property valuation and property tax rate work, the Town Accountant's financial recordkeeping and audit program, and management of the payroll function for Town departments.

Town finances are healthy. We enjoy the highest rating for creditworthiness, a AAA rating, which allows us to borrow for construction and improvement of facilities and the acquisition of major capital assets at the lowest possible rates. In our December, 2019 borrowing to support Hopkinton Public Schools construction and improvements and other Town improvements and equipment, we obtained \$9.3 million in long-term financing at an average effective interest rate of 1.86%. With our current debt load for capital projects and equipment of \$100.5 million for the General Fund and all the enterprise funds, we are at 52% of the maximum debt level of \$193 million set for us by statute.

Our Town's tax base is not heavily diversified, with 84% of all taxable valuation resting on the residential component of property ownership. Our industrial tax base contributes 8%, commercial properties contribute 4%, and taxable business equipment supports the final 4% of our property tax revenue.

Budgets have grown rapidly over the past several years as the Town has expanded its population, added to and enhanced its housing stock, and added some commercial properties. Revenue from this new growth in the tax base has supported increased spending, including substantial increases in spending for the outstanding Hopkinton Public Schools.

All elements of the Finance Department have displayed an aggressive commitment to transparency and outreach, across lines of business. Specific examples include informative budgetary information, tax collection outreach, and outreach on tax exemption opportunities through in-person presentations, mailed reminders, press releases, and social media.

Key 2019 accomplishments include:

- Analytical support for the 2019 Town Meeting and two Special Town Meetings

- Progress on documenting business processes through SOPs
- Improvements to reporting of performance metrics across departments
- Defense of property tax bills under appeal for the Eversource LNG facility
- Capture of additional taxable business property in the tax base
- Expanded use of payroll automation modules in the MUNIS software suite
- Analytical support for a new low-income senior sewer user rate
- Analytical support for stabilization of the Sewer Enterprise Fund
- Analytical support for expanded veteran and low income tax relief
- Collaboration with Hopkinton Public Schools on long-term facilities needs
- Analytical support for the Hopkinton Growth Committee
- Achieved successful Financial Statement audits
- Collected/resolved most long-overdue personal property tax bills
- Completed low-rate borrowing on \$9.3 million in approved capital projects

As we continue in this period of growth, two principal financial challenges face the Town. First, we will be challenged to align the growth in costs for education, public safety, infrastructure and other services with the growth in revenue we gain from an expanding tax base. Achieving that alignment between expected revenues and expenses in a structurally stable way is essential. Second, requirements for new and improved facilities, almost entirely in the school system infrastructure, will require careful planning, consideration, and execution over the next decade as we manage within our statutory borrowing cap and with eye toward the affordability of debt repayment by our citizens.

In addressing these challenges, we have several strengths. The Finance Department team is highly experienced and very capable; well-able to support informed decisions by the Town Manager, Select Board, other Boards, Committees, and Commissions, and Town Meeting. The Departments responsible for delivering essential services do so in a culture of effectiveness and efficiency. Finally, our highly experienced Town Manager works effectively with an engaged and informed elected and appointed team of community leaders who volunteer countless hours to provide citizen-centric guidance and direction that charts the Town's course.

Thanks and congratulations to our Town Treasurer-Collector, Mr. Michael Connolly, who retired from a long career in public service in July, 2019. Mr. Connolly was replaced by Mr. Christopher Heymanns who comes to the Town after work with several large national and international banks. During the year, our Deputy Assessor, Ms. Ruth Anderson was appointed to the position of Treasurer on the Executive Board of the Massachusetts Association of Assessing Officers, where our Chief Assessor, Mr. John Neas, serves as President-Elect. Mr. Stuart Carter of the Assessing team obtained certification as a Massachusetts Accredited Assessor. We would like to recognize the many years of service Adina DePaolo has given to the Finance Department, and congratulate her on a successful transition to an expanded role with the Town of Hopkinton Land Use Department.

Six of ten Finance team members have one or more active professional licenses or certifications requiring examination, experience, and continuing professional education; and five team members are actively pursuing either initial professional certification or a second complimentary certification. Designations active and currently held by Finance team members include: Certified Public Accountant, Certified Government Financial Manager, Certified Government Audit Professional, Certified Massachusetts Municipal Accountant, Massachusetts Accredited Assessor, Residential Massachusetts Assessor, Commercial Massachusetts Assessor, Certified General Real Estate Appraiser, and Certified Massachusetts Municipal Assistant Treasurer.

The Assessors' office performs professional and administrative work to support the responsibilities of the elected Board of Assessors. The Assessor's Office supports the Board of Assessors in these ways:

- Performing equitable valuations of all real and business personal property within the municipality on a fair cash value basis
- Inspecting property sales, implementing a cyclical property reinspection program, completing and annual property value adjustment analysis, and submitting a triennial certification of property values to the Massachusetts Department of Revenue

- Conducting inspections of building permit properties and determining new growth in the for levy limit
- Computing a proposed annual tax levy and a proposed tax rate.
- Developing a draft Tax Recapitulation Sheet
- Preparing a proposed valuation and commitment list
- Coordinating the tax abatement and exemption application process for Board of Assessors disposition, involving individuals who qualify based on age, income, disability, or military status
- Recommending an annual overlay reserve amount within the tax levy
- Establishing and tracking the fulfillment of betterment charges approved by the Board of Assessors
- Coordinating tax bill absorption of delinquent municipal charges, including water and sewer liens and charges
- Assessing and administering motor vehicle excise taxes

In the coming year, the Assessor's office is focused on the improvement and documentation of business processes, continued support for the Board of Assessors, timely completion and approval of interim year property value adjustments; and on the timely production of fiscal year 2020 tax bills. Additional attention will be paid to the management of the tax overlay account to execute property tax exemptions and abatements, and to the disposition of ongoing cases before the state Appellate Tax Board. We will continue to monitor new construction, both active and planned, and to estimate the associated new growth in property taxes likely to accrue.

The Treasurer/Collector's office is responsible for the billing, collecting, and investing of all of the Town's revenues, including real estate taxes, personal property taxes, motor vehicle excise taxes, water/sewer utility bills, as well as other departmental miscellaneous service charges and fees. The Treasurer is responsible for the forecasting, coordination, and execution of short-term and long-term debt obligations required to fund the Town's capital improvement program.

The Treasurer/Collector's office aims to provide quality customer service while diligently collecting revenue and managing the financial assets of the Town. Billing, collection, investing and borrowing functions are performed within tightly defined standards promulgated in Massachusetts General Laws, and in the associated regulatory framework established by our financial regulator, the Massachusetts Department of Revenue.

Key 2019 accomplishments include:

- The town was awarded a AAA credit rating through Standard & Poor's, the highest rating available
- The successful retirement of temporary borrowing issue of \$9.3 million in bonds to support approved capital projects.
- The completion of collections for most Sewer Enterprise Fund phase 4 and 5 betterment billings
- A 55% reduction in the number of aged personal property tax bills over three years old which were outstanding for collection

In the coming year, the Treasurer/Collector's office is focused on the improvement and documentation of business processes, on timely billing and collection of amounts due the Town, on revising specific policies on risk profile for Town investments, on revising specific practices for cash collection and management, and on issuing a new round of debt associated with Town Meeting actions and associated special election votes.

ACCOUNTING & AUDITING

Metrics: Financial Statement Audit Results	Unmodified (clean) opinion
Number of Accounts under Management	6,352
Number of Annual Transactions	65,500

The Town Accountant's Office provides the compliance-assurance and audit functions for the Town and its departments, boards, committees, commissions, and enterprise units. Our responsibility is to protect the fiduciary interests of the Town by ensuring that the financial records are accurately maintained and preserved; that the expenditure of Town funds complies with state regulations and generally accepted accounting principles; that records are maintained in accordance with sound accounting practices and regulatory requirements; and that all financial decisions comply with the regulatory framework established by the Massachusetts Department of Revenue. The Town Accountant also ensures compliance with financial requirements of the Town Charter, Town By-Laws, Town Meeting Actions and the laws of the Commonwealth of Massachusetts.

The Town Accountant's office consists of two full-time employees, the Town Accountant and the Assistant Town Accountant. The most vital element to our success is the empowerment and cooperation of our colleagues who use and support the financial system in operating departments of the Town. With over 65,000 transactions initiated across all Town departments each year, this cooperation is the cornerstone of a successful accounting system managed by two staff members. Frequent, proactive engagement and contact by the Assistant Town Accountant is highly effective in identifying and correcting problems quickly and efficiently.

Key priorities include ensuring the timelines, accuracy and propriety of individual transactions; ensuring compliance with federal, state, and local laws and regulation; guarding against misuse or misappropriation of funds; fully documenting all transactions; and ensuring that all transactions are captured in required financial reports.

The Town Accountant collaborates with the Assessor's Office and the State Department of Revenue to validate and support key processes including compliance reporting for setting the property tax rate, for identifying end of year residual funds ("free cash"). Lastly, the Town Accountant coordinates the completion of the annual independent financial audit and performs internal audits to maintain the integrity of the Town's internal controls as they relate to cash and asset management.

Key 2019 accomplishments include:

- Clean (unmodified) audit of Town financial statements
- All regulatory reporting requirements met or exceeded
- Deployment of additional automation modules in the MUNIS accounting system

In the coming year, the Town Accountant's office is focusing on the improvement and documentation of business processes, continues deployment of unused capabilities within the MUNIS financial management software suite, and on further improving communication and

collaboration with accounting system users across Town departments who are our key stakeholders within the Town enterprise.

To the Selectboard, the Town Manager and the Citizens of Hopkinton. It is with the greatest appreciation for your support and utmost pride in our service to the community that I submit the 2020 annual report on the Hopkinton Fire Department.

Photo 1: Special thanks to Robert “Boo” Clark for 37 year of outstanding service to our community. Boo started with the Hopkinton Fire Department formally in 1982 as a volunteer and moved his way into the career ranks as a Professional Firefighter/ EMT with specialized training that moved him onto the District 14 Technical Rescue Team. It is with great pleasure that I wish Boo a joyful retirement with his family and offer great thanks for his outstanding service to our community.

Mission:

To preserve life and property from fire, medical and other emergencies; through the rapid response of professionally trained personnel, effective code enforcement and quality community engagement.

Department Goals:

- Deliver quality service to our changing community in a safe, efficient and effective manner and at a reasonable cost.
- Improve delivery of an (ERF), which means an improvement in the number of emergency responses we successfully respond to with the minimum number of personnel required to address the mission.
- Focus on service delivery, employee development, community engagement and community preparedness.
- Prepare for the communities additional growth, change in diversity, the impact of the opioid epidemic and marijuana legalization.

Community Risk Assessment: Identification and prioritization of risk

Protection of more than 4 billion dollars of resources including 4449 single family homes, 1301 condominiums, 60 two families, 18 three families 19 apartment buildings for 6635 total housing units and over 17,000 residents.

The identified community risk factors in our assessment:

- 28 Square mile from one station
- New growth
- Change in demographics
- Highway access
- Open space access
- Water supply limitations
- Natural and man-made disasters
- Social and mental health issues

Specific operational challenges include:

- Multiple incidents.
- Sufficient resources to high risk incidents: Examples
 - o Structure Fires
 - o Immediate danger to health and life (IDLH) incidents.
 - o Extrications/rescues
 - o Chimney fire/water rescues/brush fires
- Sufficient manpower resources for Target Hazard response: Examples
 - o Assisted living (Golden Pond and Fairview Estates).
 - o Schools/ Respite Center/ autistic housing.
 - o LNG plant
 - o 495 and Ma.Pike future limited access impact
- New Growth: Examples
 - o Legacy Farms North
 - o Legacy Farms North over 55
 - o Golden Pond Expansion
 - o Lumber Street
 - o Elm Street/ Parkwood Drive
 - o Chamberlain Street and Whalen Road
 - o Whisper Way
 - o General growth
 - o Eversource LNG Plant expansion.

Results of the coordinated application of resources to minimize occurrence of unwanted events.

Service outcomes: 2318 requests for service in 2019 with 2014 requests for service receiving an effective response force (ERF) and 304 requests for service that receive below an (ERF).

2016: 2131 Request for service with 1823 receiving an ERF and 308 not receiving ERF

2017: 2274 Request for service with 1921 receiving an ERF and 353 not receiving ERF

2018: 2505 Request for service with 2136 receiving an ERF and 369 not receiving ERF

2019: 2318 Request for service with 2014 receiving an ERF and 304 not receiving ERF

Accomplishments in Prevention, Public Education, Community Engagement and Special Events:

- Fire Prevention Activities include, but are not limited to:
 - Inspections
 - Plan Review
 - Code Enforcement
 - Public Fire Education
 - Permits
 - Continuing Education
 - Customer Service
 - Liaison with Other Agencies

Figure 3: FPO Tim Healy is at the Senior Center speaking on “Go Bags” and preparedness

What did we accomplish through these programs?

- 1248 Fire Prevention activities logged
- 30+ public education presentations to the students and seniors of Hopkinton.
- FPO Healy applied for and managed our SAFE and Senior SAFE grant award funding. These funds allowed us to offer class materials for our school presentations and “Go Bags” for our seniors.
- As a result of a team effort between the Police department, the school department and our SAFE educational programs we were pleased to recognize Remi Vandeusen with the “Young Hero” award presented to him and his family by the State Fire Marshal at the Select Board meeting for his life saving efforts.

Photo 4 Remi Vandeusen receives his Massachusetts Young Hero award

- Continuing education by attending:
 - Fire and Life Safety Educators Conference
 - Fire Prevention Association of Massachusetts educational conference
 - Monthly education sessions offered by FPAM
 - Offerings from the National Fire Sprinkler Association and the New England Chapter of the Society of Fire Protection Engineers.
 - International Association of Fire Chiefs Community Safety, Emergency Planning and Outreach Grant Program.
 - International Association of Fire Chiefs Hazardous Materials Conference
- Both FPO's involved with the Massachusetts Residential Sprinkler Coalition with FPO Poirier being nominated the Vice Chair of the organization.

Photo 5 and 6: Sparky and Maddy get ready for open house while the Healy's and Firefighter Paul Finnerhan demonstrate our training program and equipment at the Library.

- Hosting side by side residential sprinkler demonstration for Family Day, as well as a separate event for public safety and planning officials to stress the importance of home fire sprinklers.

Photo 7 is the Public Demonstration of Residential life safety Fire Sprinklers at family day and Photo 8 is the Town Officials Demonstration at Laborer Training Center.

- Diligent work in conjunction with the Town Clerk's office to ensure the accuracy of licensing and permitting of flammable and combustible liquids throughout the town.
- Weekly involvement with activities associated with the LNG facility.
- Continued efforts to educate businesses of the Hot Works requirements in Massachusetts to ensure the safety of those involved.
- Community Preparedness/Risk Reduction
 - 130 trained in CPR
 - Numerous Town Departments and private businesses

Other accomplishments of 2019

New Hires from the Staffing for Adequate Fire & Emergency Response Grant awarded to us in 2019 include Firefighters Rebecca Lapierre, Kyle Stark, and Allyson Rothenberg. They will all be assigned to the Massachusetts Firefighter Training Academy this March. The Grant that allowed for this hiring was developed by Ben Sweeny and Deputy Chief Bill Miller and awarded the town \$548,000.

In addition, Ben and Deputy Miller received grants from the Office of Public Safety and Security and the Department of Fire Services in the amount of \$3003 and \$6416.73 for the purchase of Firefighter turnout hoods and a washer/extractor.

A special project accomplished by Lieutenant and EMS Coordinator Gary Daugherty Jr. for the fourth year running qualified us to receive reimbursement through the Ambulance Certified Public Expenditure (CPE) program totaling \$14,563.50.

Student Awareness of Fire Education (S.A.F.E.) grant for \$3965.00 with recognition to FPO Tim Healy for successful program resulting in Hopkinton's recognition of Remi Vandeusen receiving the Fire Marshals young hero award.

Senior SAFE grant for \$2348.00 again recognizing FPO Tim Healy in collaboration with Senior Center Director Amy Beck.

Thanks again to Firefighter/Paramedic William Krauss who delivered on another outstanding open house. Every fall Hopkinton Fires open house kicks off Fire Prevention Week and has increased in popularity over recent years. Attendance this year was over 400 parents, children and family members again. We all enjoyed pizza, educational programs, and the ever popular fire truck rides. I would like to thank the personnel and their family members who volunteered their time to make this yearly event successful. We look forward to seeing your families, friends and all the kids again in 2020.

Photo 9: Hopkinton's Command staff participated in a regional active shooter training exercise in Natick and right Firefighters engage in ice rescue .

Finally, the Hopkinton Emergency Management Group (HEMG) remained active in our preparedness through participation in quarterly meetings of our Regional Emergency Planning Committee (REPC) working group. This collaborative planning and emergency response coalition is made up of communities from Ashland, Framingham, Holliston, Hopkinton, Natick and Sherborn. The main focus is to remain diligent with our local planning and awareness capability all strengthened through a regional team approach.

In closing, I would like to thank all of my personnel, the Board of Selectmen, the Town Manager, other Town Departments, Committees and especially the residents of Hopkinton for your constant and continued support. The Hopkinton Fire Department stands ready to respond to the growing needs of the community at a moment's notice, and I am proud to have the opportunity to serve as your Fire Chief and Emergency Management Director.

Respectfully submitted,

GROWTH STUDY COMMITTEE

The Growth Study Committee is a sub-committee of the Planning Board formed in the summer of 2019. The sub-committee's aims are to:

- Proactively manage growth;
- Enable better planning for town services;
- Identify parcels or zones that may have a significant impact on future growth patterns within the Town create plans to ensure continued use that is in the best interest of Hopkinton; and
- Be proactive about maintaining the level of required affordable housing inventory in town.

The committee hit the ground running in the fall of 2019. The committee met with the School Superintendent Carol Cavanaugh, the town's Chief Financial Officer Tim O'Leary, the town's Principal Assessor John Neas and the chair of the Chamber of Commerce Economic Development Committee Nick Slottje. Committee members helped gather concrete data about past and projected growth in town, as well as data on other towns for comparison purposes. The committee also researched how other towns have proactively managed growth and economic development, and whether having an economic development officer on staff at town hall might be a good fit for Hopkinton and what such a job description might look like.

As part of our outreach to the public, the committee established a web presence on the town website at <https://www.hopkintonma.gov/gsc/> where reference materials are available for the public to view. The committee held two public workshops to date, November 20, 2019 at the

High School and January 9, 2020 at the Senior Center. Both workshops were well attended and the public appears to be engaged and interested in the committee's work. Videos of the workshops are available on HCAM-TV and the slideshow presentations are available on the committee website.

The committee has much to continue working on in 2020 and has divided up tasks for members to research and bring back to the group. The commission also plans to meet with Public Safety officials, the Director of Public Works and other departments to better understand the effects of growth on their work. The committee hopes to have a much more detailed report ready for Town Meeting 2021. As drafted by the Planning Board, the Growth Study Committee's deliverables are as follows:

- Summary of public input collected throughout the project;
- Financial impact assessment of growth (residential and commercial) over the past 10 years (by zoned area);
- Forecast model of growth and financial impact (forward looking) by zoned area over the next 10 years;
- Identification and prioritization of current parcels and/or zones with highest potential for growth/change. Recommend optimal land uses/practices for each and contingency plans if alternative uses are proposed; and
- Create POA (Plan of Action) that incorporates major stakeholders (other boards, town leadership, etc.) and includes cadence and deliverables for ongoing growth monitoring.

Hopkinton Historic District Commission

Narrative for 2019 Annual Town Report

76 Main Street

One Ash Street Renovation

Historic Districts in Massachusetts have three major purposes, as stated in Ch. 40C of Massachusetts General Law: 1.) To preserve and protect the distinctive characteristics of buildings and places significant to the history of the Commonwealth and its cities and towns; 2.) To maintain and improve the settings of those buildings and places; 3.) To encourage new designs compatible with existing buildings in the district.

HOPKINTON HISTORIC DISTRICT COMMISSION

The Hopkinton Center Historic District was established by the townspeople in 1979, consisting primarily of properties surrounding the Town Common, the Common itself, and properties along the south side of Main Street, ending near the corner of Grove Street. A small portion of East Main Street is also included. In 2000 the Town Hall was added to the district, and in 2001 the Center School followed suit. In 2019 the 76 Main Street Historic District was created. The Hopkinton Historic District Commission is the reviewing authority responsible for regulating design within the Hopkinton Center Historic District and the 76 Main Street Historic District.

The year 2019 was a busy one for the Hopkinton Historic District Commission. Thanks to Beth Watson, the Commission finished up work on their Design Guidelines.

Faced with the town's old internal server no longer being online, Amy Ritterbusch created a new Google Site to display the Historical Property Surveys from both 1989 and 2018. The 1989 PDF is now searchable by keyword and more accessible to the public. It can be found at <https://sites.google.com/hopkintonma.gov/historical-properties/>.

In March, we had a table at the library's Hopkinton 101 event. In August we had a table at the Hopkinton Farmers Market on the Common.

Certificates issued by the Commission in 2019:

- February 2019 - 25-35 Main Street - Certificate of Appropriateness for a modified parking area "Hopkinton Village Center"

- June 2019 - 18 Main Street (Town Hall) - Certificate of Appropriateness for Town Hall Security Cameras
- Sept 2019 - One Ash Street - Certificate of Appropriateness for major facade changes to the building, making it closer to the look of the original facade.
- Oct 2019 - 2 Hayden Rowe St - Certificate of Appropriateness for installation of a Statue of Bobbi Gibb, the first woman to have run the entire Boston Marathon.
- Oct 2019 - Main Street Corridor Project - Certificate of Appropriateness for lamp-posts and street furniture, removal and resetting of several stone walls.

At Town Meeting 2019, in an initiative led by the Hopkinton Historical Commission, the Hopkinton Historic District Commission acted as the study committee for the creation of the 76 Main Street Historic District. The work on this took up a good part of the Commission's meetings in the winter and spring of 2019. The 76 Main Street Historic District was ultimately brought to Town Meeting by both commissions and passed successfully with 80% of the voters rising in support. In June the amended bylaw was approved by the Attorney General and the map of the new district was filed at the Registry of Deeds. The property owner was opposed to the Town Meeting article. However, the Commission looks forward to working with the property owner should they wish to make any exterior design changes to the property in the future.

During the process to create the single-property 76 Main Street Historic District, several residents near the area expressed a desire to also be included in a Historic District. This was also brought up by voters at Town Meeting. Therefore in August 2019, the Commission applied for a Community Preservation Act grant to do a Historic Property Survey of the properties in the area of Summer Street and 70-95 Main Street. The grant was recommended by the Community Preservation Committee and will go to Town Meeting 2020. The Commission hopes to bring the creation of an expanded Main Street Historic District to Town Meeting in 2021.

We bid farewell to member Mike Auen, who stepped off the committee after his term was completed in June. We welcomed new member Muneeza Nasrullah in August. The Hopkinton Historic District Commission continues to work with town entities and citizens to ensure that as we strive to improve our downtown, its historic character is protected and enhanced.

HOPKINTON HISTORICAL COMMISSION

2019 was a milestone year for the Historical Commission. After receiving a \$25,000 grant provided by the Mass Historical Commission / CPC, we worked with the Downtown Historic District and Doherty Consulting to survey over 100 historical properties contiguous to the district with the intent of expanding the Downtown Historic District. While things looked promising, the owners of the properties surveyed were not unanimous in their support to expand the district. After several open meetings the Hopkinton Center Historical District (HCHD) determined that a more methodical approach to expanding the district was warranted.

At the same time the owners of 76 Main St which includes the Claflin Inn had applied for a demolition permit for the 250 year old structure that hosted the State militia (when our country was less than ten years old). After many public meeting, discussion and debate, the Historical Commission determined that the Claflin Inn was indeed a “historical structure” that was preferably preserved” and instituted a demolition delay of up to 6 months. During this time an AD Hoc group of townspeople petitioned both the Historical Commission and the Historical District to expand the current district to include the Claflin Inn thus requiring the applicant to meet the preservation standards of the Historic District. This required an article for the annual Town Meeting to vote for the creation / expansion of the District. Also the Historical Commission determined that an 18 month demolition delay would enable more time for the Commission to work with the applicant to find a mutually acceptable solution. Town Meeting passed both resolutions thus ensuring the preservation of the Claflin Inn.

Perhaps one of the highlights of how the Historical Commission works collaboratively with local businesses is the replacement / restoration of the historic barn at 59 Hayden Rowe (Chesmore’s Funeral Home). By the time you’ll be reading this, the new structure that is primarily a replacement of the existing barn will be complete. However the form, scale and details of the replacement retains the historical significance of the previous structure while providing a great foundation for the business going forward.

Another CPC funded project is restoration of the Aiken’s Park Stone Bridge. Engineering services for the trail portion of the park are moving forward while the HHC works with the Town of Southborough to seek sufficient funds to complete the restoration. The commission, together with CPC is supporting ongoing preparatory work on the trail leading to the bridge.

The circa 1750 McFarland-Sanger House on Lumber St. has received several minor restoration projects including complete painting and reglazing of the historic windows but will need additional work. The HHC has determined that it is in the town’s best interest to find a private owner for the property that would be willing to accept a historic preservation deed restriction similar to the one’s created for the Abbott farm on Ash St and 151 Hayden Rowe St (next to Waterfresh farm). If the town residents agree at Town Meeting, the HHC will solicit bids to transfer the property to private hands.

Hopkinton is an evolving community and, as such, continues to see requests for demolition and replacement of our existing housing stock. Where appropriate, the HHC has chosen to institute several demolition delays to work with property owners to determine better alternatives to

outright demolition for properties deemed both “historically significant” and “preferably preserved”. Our town counsel assisted in revising the demolition delay bylaw approved at Town Meeting to 18 months. This timeframe provides a great opportunity for collaboration between individual owners interests while maintaining the town’s character. One only needs to drive around town to see the many residences that are now being renovated and expanded instead of outright demolition and replacement.

Our goals for 2020 are to work with the town’s committees, property owners / developers and individuals of the town to elevate our knowledge and appreciation for the historically significant elements in the town and to provide a resource for those who share our interests.

HOPKINTON PUBLIC LIBRARY

Metrics:

In the 2,559 hours that the library was open in 2019:

- **92,406 people** came through our doors - a 10% increase over 2018. On average, **one person enters the library approximately every two minutes** for every hour we are open.
 - 10,231 people visited our lower level, 9,770 visited the Young Adult Room during hours when the room was staffed, and 46,918 visited the Children's Room.
- **1,120 people became new library cardholders** - approximately 4 people every day we were open. We had **10,427 total cardholders** as of December 31.
- We **circulated 171,725 books, audiobooks, DVDs, CDs, magazines, and other items** (a 15% increase from 2018). On average, **we are circulating more than one item per minute** for each minute we are open. 16,027 (9%) of these items were obtained from other libraries through our C/W MARS network membership.
- We **circulated 24,730 downloadable books, audiobooks, and magazines**, and 1,344 Destination Passes enabling patrons to receive discounted admission to area museums and attractions.
- Our total circulation (physical and electronic) was 196,455, amounting to approximately **19 items circulated per cardholder**.
- We had a total of **141,048 items in our collection** (both physical and downloadable) as of June 30.
- Our **event rooms were used 404 times by Town and community groups - a 50% increase** over 2018.
- Our **quiet study rooms were used 2,455 times - a 34% increase** over 2018.
- We provided **4,200 public computer sessions** - a 14% increase over last year's number - and helped nearly 700 people with computer questions. Our website was visited 75,885 times.
- Library staff answered **3,281 reference questions** in person and via phone, e-mail, and social media - **a 41% increase** over 2018.
- We offered **468 events** for children, teens, and adults (**a 34% increase** over 2018), with a total of **8,166 people attending (a 46% increase)**.
- **Volunteers contributed more than 1,300 hours** to shelve materials, run events, and complete other small tasks.

Although it is impossible to entirely capture the priceless impact of the library on the Hopkinton community in quantitative terms, based on our use statistics, **we estimate that the library returned nearly \$3.5 million in value to the community** in calendar year 2019.

Library Mission

The Hopkinton Public Library's mission is to enhance educational, cultural, social, and intellectual opportunities for the community. As the heart of the town, it serves the needs of its diverse users by providing a high level of personal service with contemporary technology and a variety of programs and materials in many formats.

The library transforms Hopkinton by giving residents a platform and a place to engage with their town and with each other. In addition to providing exceptional service in response to individual needs, we actively pursue community partnerships and outreach, whether by participating in local events such as the Farmer's Market, Family Day, or the Holiday Stroll, by connecting with the schools to support teachers and energize students to read and learn, or by facilitating residents' or local organizations' ability to share their interests with the community by bringing them in to the library to plan and run events. We aim to build strong relationships with community members and groups throughout Hopkinton, thereby creating a stronger and more connected town.

2019 Accomplishments and News

Highlights of the library's numerous accomplishments in 2019 include:

- We added eight hours per week to our schedule with the start of extended evening hours on September 9. We are now open 10-9 Monday-Thursday, 10-6 Friday, and 10-4 Saturday.
- We had record-setting participation in our Summer Reading program, and the library was busier than ever throughout the summer. 813 children signed up for the Children's Room program, 447 summer reading tickets were filled out in the teen room, and 96 adults participated in the adult summer reading program.
- The Children's Room continued to develop and expand its offerings to reflect community interests and needs. New toys were added, collections were reworked and rearranged to improve usability, and more events were offered, including new drop-in Saturday activities. The Children's Room offered 68% more events than in 2018 and saw event attendance more than double!
- The Young Adult Librarian presented our first-ever high school study days, giving students a dedicated space to prepare for midterms and finals - as well as the opportunity to enjoy snacks and pizza while they studied!
- The new "Marathon Collection" was installed on the lower level to honor Hopkinton's special relationship to the Boston Marathon. The collection highlights materials related to the Boston Marathon, and running in general, that had previously been incorporated into our general collections.
- We deepened our partnership with the Senior Center through a variety of activities including continuing the monthly Memory Cafe, staff participation in Dementia Friends trainings, and collaborating on events through the library's Reference/Technology Librarian.
- We greatly expanded and improved the technological resources we offer to the community, including:
 - Providing electronic access to the archives of the *Hopkinton Crier*, *Village News*, and a variety of other local, national, and international newspapers from our website.
 - Offering new drop in technology help hours.
 - Implementing wireless and from-home remote printing options, catalog search stations on our main floor and lower level, and a self-checkout.

- Making mobile device charging cords available for use in the library.
- We offered a variety of educational and entertaining events for all ages, including the following:
 - More than 300 people came to our second annual "Hopkinton 101" community fair to connect with local government and nonprofit groups. One participant wrote, "I just wanted to tell you what a marvelous job you did today organizing Hopkinton 101 Day. I have only lived in Hopkinton 2 years and learn so much as I go around to all the tables. The best part is interacting with others that volunteer their time to this great community."
 - The 4th annual Edible Book Festival, offered in partnership with Girl Scout troop 65040, drew approximately 100 attendees.
 - We worked with Friends of Whitehall to co-sponsor an Audubon program on owls, featuring visits from live birds. The program had a full registration of 75 people, with a waitlist, and was so successful that we made plans to offer a similar event in partnership with the Hopkinton Area Land Trust in January 2020.
 - Patrons expressed so much interest in an event about getting organized that we had to institute registration to help with crowd control. 73 people attended and feedback was very positive.
 - We piloted offering teen gaming events on school half days, providing a safe place and engaging activities for local teens when they are done with homework.

2019 also saw a number of staffing changes:

- Longtime Children's Librarian Denise Kofron retired in January; our new Children's Librarian, Andrea Conboy, joined us in May.
- Danielle Cook came on board in the new position of Reference/Technology Librarian at the start of the year.
- Among our substitutes, Sarah McCool and Ryann Mannan moved on to other opportunities in May and August, respectively, while Cathleen Dinsmore, Eleri Schutte, and Alannah Miller joined the team in September.
- Finally, Toni Alexander, who has been on the library staff for more than 30 years, announced that she would be retiring in February 2020.

As always, we appreciate the support of the Friends of the Hopkinton Public Library, the Hopkinton Public Library Foundation, and the many donors past and present who have given to one of these groups or directly to the library to supplement funds from the Town. Funding from these individuals and groups covers all costs related to running events, such as materials purchases or presenter fees; our annual membership in the C/W MARS consortium; and more than 50% of annual purchases for our collections, including all of our Destination Passes; among other important needs. We are grateful for this generosity from our community, without which we could not have provided many of the services or resources we offered in 2019.

2020 Goals

In 2020, the library aims to accomplish the following goals:

- Add Sunday afternoon hours.
- Install a display case, funded by the Friends of the Hopkinton Public Library, and continue to host community-driven displays.
- Add new collections, such as materials in languages other than English and a "Library of Things", to meet the needs and interests of Hopkinton residents.
- Complete the Strategic Plan, share it with the community, and put in place a technology plan articulating how we will use technology to support library operations and service to the community.
- Continue to expand and diversify library programming for all ages.
- Continue to build and maintain strong relationships between the library and community and to increase collaboration with community members and groups.
- Continue to improve library publicity to reach more people more effectively.
- Continue an ongoing review and refresh of library policies and procedures to ensure that they are up to date and reflect new circumstances in the new building.
- Continue to identify opportunities for the Friends of the Hopkinton Public Library and the Hopkinton Public Library Foundation to effectively support library programs and services.
- Continue to identify ways to creatively streamline operations to accomplish as much as possible with available staffing.

Achieving these goals will support the following elements of the Town's vision and goals as expressed in the Master Plan:

- Vision:
 - "Hopkinton is a vibrant welcoming community [...] We are endowed with [...] programs that promote a well-educated and healthy community. We are respectful of our past, engaged in our present, and actively preparing for our future."
 - "Foster a culture of respect, collaboration and communication among Hopkinton citizens using an array of innovative methods and new technologies to make bold forward thinking decisions on Town issues over the next ten years."
 - "Actively build consensus for a citizen-focused, well managed, fiscally sound, open and fair town government."
 - "Sustain and support an educational system of excellence."
 - "Encourage public/private partnerships that revitalize and invigorate the downtown[...]"
 - "[...]build upon the town's history and cultural heritage, and treasure our beautiful and special places as they define our community identity and character."
- Goals:
 - "Coordinate Town services to keep pace with development."
 - "Improve access to information."

The Hopkinton Technology Department is charged with developing global Information Technology vision for the Town. This includes planning, budgeting, implementation, and the day to day management and support of all information technology infrastructure and staff. The Information Technology Department supports all technology platforms and systems for Town Hall, Police, Fire, Department of Public Works, Library, and Senior Center.

The Hopkinton Technology Department supports the use of technology to advance the Town's goals: communication, transparency, efficiency, and service.

In 2019, the Information Technology department was staffed by one full-time Director, one full-time GIS Coordinator, one full-time Network Systems Administrator, and one part-time technician.

The Hopkinton Technology Department completed 15 major projects in 2019:

- Installed an updated internal Help Desk ticket tracking system in order to streamline IT requests
- Installed a new software/hardware inventory system
- Numerous IT infrastructure changes to allow for a more resilient internet connection
- Upgraded to a new server datacenter environment for Public Safety
- Completed installation/upgrades of WiFi in all town buildings
- Completed full deployment and upgrade from Windows7 to Windows10
- Video Conference system deployed at Town Hall
- Hopkinton Security Camera System: new installs and upgrades at Hopkinton Fire Department, Town Hall, and Sandy Beach (which also included a new BlueLight Emergency Call Box)
- Upgraded to new Boards & Committee database (Granicus) featuring online applications, tracking, and transparency to residents in displaying membership
- Transparency Center added to website, and quick-link available from the homepage
 - Included dedicated ClearGov Project Page for the Main Street Corridor Project
- Vendor selection completed for Public Safety Computed Aided Dispatch and Records Management System replacement project
- Replaced online Geographic Information System (GIS) Map/Property lookup tool to MapGeo with integration to Property Record Card database; including 19 additional themes (overlays) for map data

- Initial setup of an ESRI ArcGIS online platform for GIS mapping, including multiple new static and interactive maps, and StoryMaps
- Worked closely with Hopkinton DPW and Engineering Firm to begin a GIS Mapping project of Hopkinton's Water & Sewer Asset Management Plan.
- Worked closely with Hopkinton Water Department and Hopkinton Fire Department to collect new data points and confirm fire hydrant and cistern mapping updates. Included field collection of GPS data on 600 assets.

Hopkinton has continued to make a conscious and deliberate effort to publish timely and relevant information and engage with residents via social media. News, town updates, meeting notice reminders, and general happenings around town are posted often; averaging over 100 posts per month in 2019. Give us a follow. This is one of the best ways to stay up to date on all things Hopkinton!

<https://twitter.com/HopkintonMA>

<https://www.facebook.com/hopkintonma.gov>

The Information Technology department would like to once again thank the residents of Hopkinton for their continued support and investments in technology that allow us to work with boards, committees, and other town employees to ensure we have resilient systems allowing all those who touch technology to work most effectively and efficiently. We look forward to continuing to serve you in 2020.

HOPKINTON YOUTH AND FAMILY SERVICES

Metrics*:	Clinical hours	864
	Case management hours	696
	Information and referral hours	372

*Data metrics annualized for presentation

Hopkinton Youth and Family Services (HYFS) promotes and enhances family well-being by providing Hopkinton residents with a place to turn for free, timely, and confidential services. These services are not limited to, but include:

- ❖ Information and Referral (to a host of mental health, substance use treatment, financial assistance and food/need based resources)
- ❖ Counseling (parent consultation, short term individual, group, and family therapy)
- ❖ Case Management (assisting families put all the resources together over time)
- ❖ Crisis Intervention (coordinating care during community traumatic events or for individuals experiencing trauma, loss, or other mental health/substance use immediate difficulty)

STAFFING

Staff can be reached at 508.497.9781, Office hours are often flexible to meet community need.

Dawn Alcott-Miller, LICSW - Director, Full-time; dalcott@hopkintonma.gov

Colleen Souza, LICSW - Youth Services Counselor/Social Worker Part-time, csouza@hopkintonma.gov

HYFS also enjoys having interns from master's level clinical programs and is pleased to welcome, Katrina Kush, a student from Simmons University Masters in Social Work program this school year (September 2019-April 2020).

COLLABORATION

HYFS also collaborates with a number of organizations and town departments to develop, sponsor, and facilitate community programs designed to enhance the lives of families and promote wellbeing. These partnerships are not limited to, but include:

Hopkinton Youth Commission - a predominant partner and collaborator in bringing relevant and timely programs to Hopkinton youth and families. HYFS attends Youth Commission meetings, supports and attends Youth Commission events, and partners with the Youth Commission on a variety of projects. The Youth Commission provides support, community insight, and collaboration on a number of HYFS projects. Together in 2019, the Youth Commission and HYFS participated in MLK Day, HOP Coalition Celebration of Recovery, Hopkinton Public Health's Health Fair, Hopkinton Police National Night Out, New Student Ice Cream Social and Bridge Program with the School Committee to meet unmet needs of students. The Youth Commission continues to support the families served through HYFS and beyond by negotiating

reduced rates for SAT prep and college prep services for residents as well as seeking avenues to support Hopkinton's most vulnerable residents.

Hopkinton Public Schools- HYFS collaborates with HPS via the Wellness Committee, Safety Meeting, Consultation with staff for behavioral health students of students, SEPAC, Challenge Success, Pre-Prom support, Prevention Initiatives, and more.

Hopkinton Center for the Arts - collaborators to provide substance free programming to youth, subsidized yoga programing, and a stress reduction program during high school final exams

Project Just Because - a partner in reaching residents with food, clothing, and household needs

Hopkinton Public Library - Hopkinton 101 and ongoing collaboration to offer college prep programming to students

St. Vincent DePaul, Salvation Army, Women's Club, South East Asian Committee, and individual residents and businesses to meet the needs of Hopkinton's most vulnerable residents

Religious Community - all Hopkinton places of worship have been active in supporting residents with unique needs and through providing volunteers for HYFS programs

Turning Life On (TLO) - an emerging partnership to bring balance in the lives of youth and families as they cope with the blessings and challenges of the digital age through educational programs and wellness programs

Town Departments- HYFS is proud to partner with Human Resources to bring Question, Persuade, Refer (QPR) Suicide Prevention training to Hopkinton First Responders in December of 2019 and to all town departments in 2020 as an optional training. HYFS regularly collaborates with the Police, Fire, and Public Health departments in programming for residents.

CONTRACTS

HYFS contracts with outside services to enhance the lives of residents. One town-funded initiative is a contract with *Project Just Because* to enhance Hopkinton's food security programs to include perishable offerings.

HYFS also contracts for pet therapy services within the schools, and at the senior center, library and other town departments. *Rebel, the therapy dog and her capable handler, Elizabeth Burke*, have been present for youth learning to read, for those who need a calming resource during periods of intense emotion or anxiety, and in response to traumatic events in the community.

HYFS centered into a contract with INTERFACE Referral Service for all Hopkinton residents. This service helps residents seeking outpatient behavioral healthcare make a timely and specialized matched based on their insurance needs. **Contact INTERFACE, 9-5, M-F for mental health questions or to start an intake: 1.888.244.6843.**

PREVENTION

HYFS coordinates and facilitates the community substance abuse prevention coalition, Hopkinton Organizing for Prevention (HOP). HOP delivers educational programming, raises awareness, and offers access to treatment resources for residents in need of addiction and recovery care. HOP has received consistent funding support through a legislative earmark, ranging from \$75,000-100,000 for four of the past five years. HOP hosted a Celebration of Recovery on the town common in May of 2019 that was well attended and The Garden of Hope that was featured at this event was particularly well received by residents. HOP's earmark funding also provided the INTERFACE Helpline (see contracts information) and HOP members have been active in promoting the service through the creation of resource card that has been disseminated throughout the community.

HYFS staff coordinate a regional youth coalition, Metrowest Youth Teaming Together (MYTT), where youth presently from Hopkinton, Ashland, Medfield, Westborough, and Medway come together to plan substance free activities and share about the substance free youth programming in their hometowns. This year MYTT registered to be a chapter of THE 84, a statewide nicotine cessation initiative, and will start a prevention training program through their affiliation. They also received capacity building training from Bright Solutions Consulting to expand their reach to even more communities in the region.

GOALS

HYFS goals for the year ahead include expanding access to behavioral health care for residents and awareness of resources, to grow general networks of care for Hopkinton's most vulnerable residents, and to strengthen prevention programming for the community. In 2020, HYFS will also engage in a strategic planning process to ensure effective and relevant services in response to the changing and dynamic needs of the community.

CONTACT US: *Do you have questions about how HYFS can help you? Do you have ideas about how to make the community more supportive for youth and families? Do you want to volunteer or become a part of HOP or MYTT? Please reach out to us with any question or concern large or small! Call 508.497.9781 and ask for Dawn or Colleen.*

HUMAN RESOURCES DEPARTMENT

Maria Casey, SHRM-SCP
Human Resources Director

HR webpage: <http://www.hopkintonma.gov/HR>

The mission of the Human Resources (HR) Department is to create new, and improve existing, personnel policies and procedures that foster a team approach for all departments as they work to serve the citizens of Hopkinton. Moreover, we strive to create an environment that encourages employee feedback.

Metrics:	HR Staff to Full-time Equivalent Employees	59% HR FTE for each 100 employees
	Number of vacancies filled	33
	Number of employee/retiree enrollments processed	525
	Employee Turnover	4.72%
	Employee Recognition for 20 or more years of service	30

Introduction - Who we care for!

In 2019, the HR Department continued to experience an increase in demand for its services from 352 Town employees. The workforce is comprised of 148 full- and part-time employees (work more than 20 hours), 35 employees (work less than 20 hours), 111 seasonal & per diem (as needed) employees and 58 Senior Volunteer Workers.

As you may know, the Senior Volunteer Program affords seniors in the community the opportunity to volunteer in various departments and receive an abatement on their 3rd & 4th quarter real estate taxes. After a periodic review and to ensure compliance with federal laws and regulations, it was determined that property tax credits earned are considered income for federal (not state) income purposes requiring the Town and the employee to pay 1.45% Medicare/Medicaid tax. Consequently, these 58 employees were added to the payroll requiring additional steps and legal documentation; accordingly the Town has added them to its total employees affecting the HR Staff/Employee Ratio below.

The HR Staff to Employee Ratio for this year was .59 -- that is, that there is 59% of an HR FTE staff for each 100 employees. *The most common ratio, as reported by Society for Human Resource Management (SHRM), is 1 FT HR Staff for each 100 employees.*

Through HR, the Town welcomed 33 new employees and said goodbye to 7 employees, one of which was promoted, two of which retired -- Children's Librarian Denise Kofron and Treasurer/Collector Mike Connolly. The Town would like to thank them for their service and wish them the very best in retirement! One of the newer employees -- Jessica Lewerenz, was welcomed back to the Town. The Select Board approved the Police Chief's recommendation to promote Deputy Police Chief Joseph Bennett. Employee Turnover, at last report, was 4.72%; below 10 is considered best practice.

The Town sadly said Goodbye to Water Working Foreman Mike Fredette (*pictured to the left*) on December 30, 2019. This was a great loss to Mike's family, Team Hopkinton and the community. Mike celebrated 33 years of selfless and dedicated service to the Town. Mike was a dear colleague and friend to many employees; he had a smile that would light up any room. We truly miss Mike!

The Town has 369 retirees and manages the benefits for 286 of those retirees. This year, HR held 22 town/school retiree individual meetings. These appointments can average up to an hour-and-a-half depending on the retiree's individual circumstances. The coordination between the Town, Middlesex County Retirement System (MCRS), Mass. Teachers Retirement System and Social Security continues to be complex and the regulations with regard to Prescription Coverage are rigid. If you anticipate retirement in the next year, please set up an appointment with Jessica Lewerenz. You are always welcome to stop by; however, because these appointments are so important, confidential and require preparation, we ask that you schedule the appointment ahead of time.

The HR Department partners with and/or advocates for all employees across the organization with regard to 17 employee Attendance & Leave matters, Benefits & Insurance, Classification & Compensation, Collective Bargaining with 5 units, HR Compliance, 12 Employee Relations matters, Employee Assistance Program (EAP), Performance Evaluation & Management, *The Employee Handbook*, Personnel Policies, Recognition & Reward, Recruitment & Selection, Succession Planning, Termination & Retirement, Training & Development, Injured-on-Duty (Police & Fire) & Workers' Compensation and Wellness. Partnering with the Town Manager, this year was extremely busy with the changes in Health & Dental Insurance providers.

Our Employees' Good Health is Our Signature

Another change for employees and retirees alike was the change in Health Insurance providers. This change had a significant impact on the HR Department during Annual Open Enrollment for these benefits; the HR Department met with and processed 525 enrollment applications for employees and retirees. HR staff coordinated and participated in 5 employee/retiree meetings with the new vendors.

In collaboration with AllWays Health Partners, Team Hopkinton met with a McLean's Behavioral Health representative to provide additional mental health resources for the public safety teams at no cost to the citizens and launched a Pilot for Behavioral Health Resources to assist members, and their dependents over age 18, to find non-emergency providers and community resources and also negotiated to have 65 workstations evaluated for correct ergonomics at no cost to the taxpayer.

Strengthening Team Hopkinton

Another area where HR involvement and strategy is critical is Recruitment and Selection. *Hiring the right person for the right position at the right time* is critical in supporting the organization to provide customer-centric excellence to the residents. The HR Director collaborated on the promotions of Joseph Bennett as the 1st Deputy Police Chief (*pictured and incl. family photo*); Meaghan DeRaad as the 1st Public Safety Communications Director and Police Sergeants William Burchard and Arthur Schofield. Police

Chief Ed Lee promoted Scott van Raalten as the Detective Sergeant.

For all town positions, HR screened 194 applications, participated on 30 team interview panels, collectively interviewing 148 candidates for 28 full-time, part-time, temporary or per diem recruitments.

Everyone is a leader!

A major role of the HR Department is to support Training and Development for the Town employees. This includes working with Department Heads to identify the employee(s), selecting the appropriate vendor, evaluating the training program for effectiveness, negotiating reasonable fees and facilitating and coordinating the event. Training and Development was provided to employees in 2019 in the following areas: 89 employees received Verbal Judo Customer Service Training, 9 employees received Labor Relations (HR, Police, Fire, Dispatch & Library) and 10 supervisory employees received Effective Leadership Development (ELD).

The HR Director partnered with the Town Manager advising, coaching and/or guiding all supervisors and more particularly those that are fairly new in their role -- Chief Financial Officer, Youth & Family Services Director, Treasurer/Collector and Public Health Nurse.

The HR Director joined forces with Deputy Police Chief Joseph Bennett and the dedicated police team to deliver a program for veterans transitioning into a Law Enforcement career.

The HR Department would also like to sincerely thank the Sunshine Committee for improving the employee experience. The HR Generalist dedicated a lot of time and effort into the Wellness Program as its Wellness Manager. The HR Director would like to honorably mention the incredible efforts of HR Generalist Kristin Merrill during this past year.

Continuous Improvement - How well are we doing?

A major initiative that the HR Department collaborated on with an outside vendor (HR Knowledge) was to audit the Town's HR practices to determine the adequacy of the HR function and its compliance with established federal and state laws and regulations, procedures and

practices. Overall Hopkinton HR is in great shape in four major areas: Recruitment, Selection & Onboarding; State and Federal Pay & Timekeeping Requirements; Recordkeeping & Regulatory Compliance and Reporting Requirements. Based on the audit and going forward Leaves of Absence Administration will require HR's attention.

We are guardians of good work!

At this year's Holiday Gathering & Employee Recognition (*pictured below*), the Town recognized 14 employees with 25 or more years of service including Elaine Lazarus (*pictured with the Town Manager*) and 16 employees with 20 or more years of service.

PERSONNEL COMMITTEE

The Personnel Committee is an advisory committee charged with providing guidance, feedback and advice working collaboratively with the Town Manager and Human Resources Director on matters regarding Town employees. The Town Manager and HR Director value each of their individual areas of HR expertise. This year, the Committee reviewed the results of the HR Audit mentioned above. Member Curtis Morrison resigned from the committee due to other personal commitments; therefore, there is one vacancy on the committee. If you are interested in getting involved and serving the Town on this committee, please complete the "Online Volunteer Form" at <http://hopkintonma.gov/hug> via the Town Manager's Office. The Select Board are the appointing authority. The Town Manager and HR Director appreciates the dedicated committee and time that the committee gives back to this community through their service.

During 2019 Pulte's residential construction of 425 Condo Units at Legacy Farms North continued to progress, and is more than 50% occupied. The construction of 175 age-restricted units at Legacy Farms North also continued to progress.

The Inspectional Services Department consists of a full-time Director, a part-time Inspector of Buildings, a part-time Plumbing and Gas Inspector, a part-time Electrical Inspector and Administrative staff. Zoning enforcement and zoning reviews continue to consume a majority of time in the Department.

The Inspectional Services staff continues to pursue educational training to keep up-to-date with changes in codes and construction techniques to maintain certification levels.

We continue to maintain safety and service as our highest priority and look forward to serving the community in the next year.

LAKE MASPENOCK WEED MANAGEMENT AND CONTROL ADVISORY CITIZEN INPUT GROUP

In June of 2015, the Hopkinton Select Board charged five volunteer residents with researching and creating a plan to control aquatic weed growth in Lake Maspenock. The Citizen Input Group (CIG) formulated and presented the five year Plan to the Director of the DPW. The Select Board voted to approve the Plan on December 10, 2016.

Since 2015, the CIG has held over forty public meetings and hearings, performed eight lake surveys and has worked closely with a Certified Lake Limnologist to monitor aquatic weed growth. The CIG makes recommendations to the DPW Director. The CIG will review and revise the Plan in 2020.

MARATHON FUND COMMITTEE

For nearly 33 years, the Hopkinton Marathon Fund Committee has had the honor of being able to provide some financial support and assistance to countless Hopkinton based organizations and residents.

The first meeting of the Hopkinton Marathon Fund Committee took place on September 24, 1986. The Committee met to propose various ideas for allocating a \$15,000 gift to the Town from the Boston Athletic Association. Discussion included ways to promote and support variety of youth athletics and recreational programs. At the time, most of the money went into the Town of Hopkinton general fund.

The Hopkinton Marathon Fund has a sister Committee, the Hopkinton Marathon Committee. The Hopkinton Marathon Committee is responsible for coordinating all aspects of the start of the Boston Marathon, and has always had the charge of forecasting all race related expenses in advance, and approving those expenses which are then processed and approved by the Board of Selectmen. The Marathon Committee works very closely with the BAA to ensure that all aspects of the Boston Marathon start are coordinated through the Committee as directed. After all of the Marathon related expenses have been approved, processed, and paid, there are funds which remain in BAA Gift Account.

In 1987, the Board of Selectmen directed the Marathon Fund Committee to disburse the funds left over from any Marathon related expenses as outlined and approved by the Hopkinton Marathon Committee. Funds are specifically aimed for use in the areas of recreation and athletics. The Marathon Fund Committee encourages organizations, groups, and teams to make requests for those purposes, and strives to support as many of those organizations, groups, and teams as possible. Procedurally, the Hopkinton Marathon Fund Committee has operated under the following criteria:

- First come, first serve
- Purchases may be for materials, equipment or service
- Three bids should be submitted for consideration of a request

Since 1987, many Hopkinton groups have benefited from the BAA gift including: *Babe Ruth Baseball, Hopkinton Jr. and Senior High School Soccer, Baseball, Football and Hockey teams, Cross Country Ski Team, Graduating Student Athletes, Hopkinton Lacrosse, the Hopkinton Senior Center, Little League Baseball, Hopkinton Running Club, Hopkinton Police Association Youth Fishing Derby, and requests made in coordination with Hopkinton Parks and Recreation.* In 2019, the entire community benefitted as once again, the Committee was able to provide some funding to support *Friends of Hopkinton Family Day.*

Annual scholarships for graduating high school seniors have been especially gratifying, as well as programs for the Hopkinton Senior Center which have served to be an important measure and demonstration of community support.

Last year, after Marathon expenses were paid, monies remained for the Hopkinton Marathon Fund Committee to award. The Committee made its recommendations to the Hopkinton Select Board and with their approval funds were allocated to:

- Six student-athlete scholarships for Hopkinton graduates
- Games and equipment rental for the post prom party
- The Council on Aging and Hopkinton Senior Center exercise programs
- The Hopkinton Police Association Fishing Derby
- The Hopkinton High School Baseball Field
- Hopkinton High School Girls Lacrosse
- Hopkinton Running Club 10K
- Friends of Hopkinton Family Day

We thank the Town of Hopkinton for its on-going support and look forward to continuing to serve the community in 2020.

HOPKINTON MARATHON COMMITTEE

This year, the Hopkinton Marathon Committee (HMC) celebrated a notable milestone, it's 40th anniversary! Four decades of memories sharing stories of accomplishment and heartfelt appreciation for all those past and present who played a part preparing and welcoming runners of the world to Hopkinton since 1979.

Members: Alex Danahy (front) L to R: Ed Lee, Mike Mansir, Amy Markovich, Joe Bennett, Jean Cann, Jane Goodman, Craig Gormley, Chuck Wallace, Jacques Leduc, Judy Pitasi, Dorothy Ferriter-Wallace, Tab Kadlik, Adam Munroe, Bob Levenson, Bill Miller and Tim Persson.
Missing: Bob McGuire, Mary Jo LaFreniere, John Porter, Steve Slaman

The committee was established in 1979 and members are known as the stewards of the start of the Boston Marathon. The committee works in collaboration with the Boston Athletic Association to ensure that the annual running of the world's oldest and most prestigious marathon is a safe and successful event for all involved. The planning, organization, and effort required to accomplish this is a yearlong challenge which is addressed by a dedicated group of volunteers, department representatives from the DPW, Police Department, Fire Department, School

Facilities, Parks and Recreation Commission, Board of Health, and a few long-time volunteers from neighboring communities. The committee's purpose is to guide and help coordinate all marathon logistics within Hopkinton working with the B.A.A., all town departments, residents, and businesses to ensure all race operations are made with the best interest of Hopkinton.

Cloudy gray skies hung over Hopkinton in the early morning hours and later became increasingly windy with steady rain for the start of the 123rd Boston Marathon. However, everyone pitched in and worked together for the ultimate goal of achieving another successful start. We welcomed 30,000 runners and over 950 volunteers to Hopkinton on April 15, 2019.

In recognition of the Patriots' Day, the Hopkinton Marathon Committee annually honors local veterans on the starters' platform to recognize the holiday, as well as the veterans' service to our country. Three Hopkinton veterans were introduced; Russell Phipps Sr., U.S. Army Air Corps., Betty Branagan, U.S. Navy and Frank Toronto who served in the U.S. Army. The veterans were honored and presented gifts from General James McConville, the Vice Chief of Staff of the United States Army.

Russell Phipps Sr., Betty Branagan, General James McConville and Frank Toronto

2019 Official Starters: Since 2006 the B.A.A. implemented a wave start for the Boston Marathon; the Hopkinton Marathon Committee has had the privilege of selecting the official starters for the later waves. This year the committee selected a member of the Brown family whose family has started the Boston Marathon for generations. Rosalie Baker Brown, a native of Hopkinton and wife of Tom Brown has been involved in the marathon for decades. She now lives in Maine but cherishes her years growing up in Woodville and being part of the marathon history. She was a gifted athlete herself who was one of the inaugural Hopkinton High Hall of Fame inductees years ago. Now at age 90 Rosalie was honored to start Wave 2. General James McConville, the Vice Chief of Staff of the U.S. Army who was born and raised in Quincy, MA ran the 2017 marathon with the Chairman of the Joint Chief of Staff, General Joseph Dunford. He ran again this year with his son after starting Wave 3. Bob Champney, a retired principal and retired member of the HMC who chaired the committee for several years started Wave 4. Bob later worked as a Special Police Officer doing details for the Police department and served our community on many boards and has lived in Hopkinton for 43 years.

We commend our department representative and all members for their outstanding accomplishments this year in coordinating another successful start. Below is a list of the various groups our committee leads in partnership with the Boston Athletic Association.

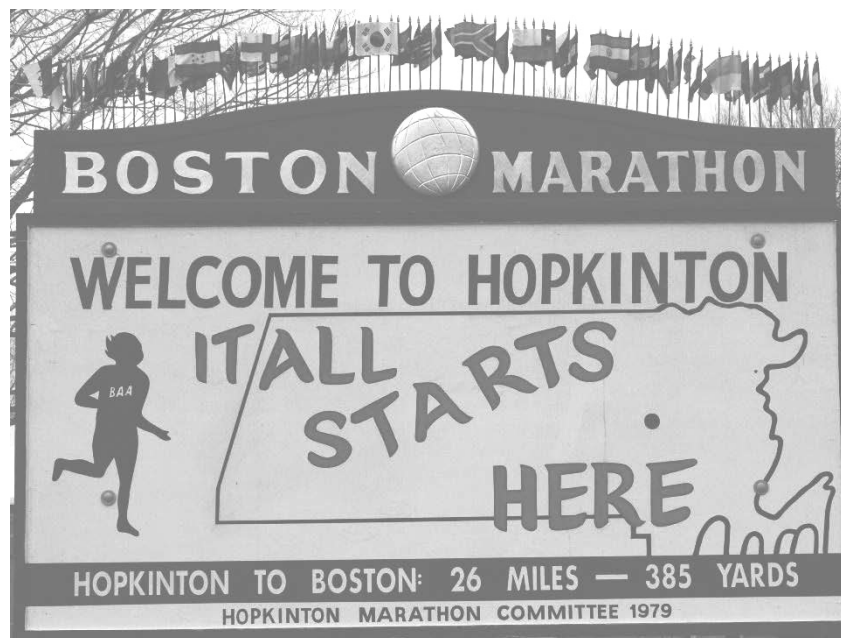

- Public Safety – Hopkinton Police & Fire
- Race Announcer
- Highway/DPW
- School Facilities operations
- Parks & Recreation
- Start Team Captains
- Elite Start Marshals
- VIP Runner Program
- Start Area Marshals
- Information Kiosks/Town Common & Athletes' Village
- Parking & Bus Shuttle Program
- Wheelchair, Handcycle, Duos & Para Athletes Division
- Donated Clothing Program
- VIP Start Grandstand Seating

Hopkinton lost a wonderful woman who was a true legend who will be remembered for years to come. Mary Pratt was our liaison for many years offering valuable support and guidance. Her contributions to the town and the marathon were numerous and she will be missed.

We would like to recognize the contributions of Mike Fredette who passed away on December 30, 2019. Mike was a great friend to all those on our committee. He was truly dedicated to Hopkinton and was always looking to assist wherever he could and will be remembered for all his work with the marathon. His big smile and willingness to help on Marathon Day over the last 33 years will truly be missed. Mike will always be remembered as a special guy!

As we begin the planning for the 124th Boston Marathon, we want to thank the B.A.A., Select Board, Town Manager, Town Managers' Office, Committee Liaison Brian Herr, Town Departments, local businesses, organizations, volunteers, and residents of Hopkinton for your continued support!

It All Starts Here!

OPEN SPACE PRESERVATION COMMISSION

The Open Space Preservation Commission was established in 1980. Its charge is to identify parcels of land available for acquisition that would enrich the quality of life in Hopkinton by providing land for passive recreation such as hiking, horseback riding, cycling and other non-motorized activities; as well as protection, preservation and restoration of our woodland, wetlands, water resources and scenic views. These parcels may also offer links to other recreation and open space lands as well as wildlife corridors. The Commission works with property owners or their agents to determine the best means of acquisition (i.e.; purchase, donation or placement of conservation restrictions on development). The Open Space Preservation Commission consists of five members including representatives from the Planning Board, Conservation Commission, and the Board of Selectmen, with two at-large members.

The Commission is currently considering the transfer jurisdiction for the following five town-owned Open Space parcels: 192 Hayden Rowe (U24 10 9), 0 Hayden Rowe (U24 10 0); 0 Hayden Rowe (U24 10 A); 0 Granite Street (U25 11 0); 0 Hayden Rowe (R34 16 1)

The Commission determined to sponsor a Community Preservation Act Funding Application to the Community Preservation Committee for consideration of two parcels of land.

A Commission member served on the former Dog Park subcommittee.

The Commission extends its best wishes and appreciation to former members Mr. Jeff Doherty and Mr. Fran DeYoung for their past years serving on the Commission. The Commission welcomed new member Jane Moran.

PARKS & RECREATION

Metrics:	Total number of participants at all registered events	5,655
	Number of lesson and camp programs	489
	Number of facilities	12

The Parks & Recreation Department is very excited about the new decade ahead. We are eagerly anticipating some exciting new changes as well as continuing to maintain the high quality of programs and facilities for the town. Our mission is to be the community leader in providing healthy recreation experiences and park facilities that enhances the lifestyle of our diverse community. Our vision is to continually enhance the quality of life for our growing community by providing sustainable and affordable parks and recreation programs.

The department is the custodian for the Town Common, Sandy Beach, EMC Park, Emerald Hills Field, Daniel Shays Field and the Fruit Street Athletic Complex. The Parks and Recreation Department completed several key initiatives this past year. We have renovated and replaced the EMC Playground, opened concession services at Fruit Street and planted a permanent holiday tree on the Town Common. We are also responsible, along with Hopkinton Public Schools, with the management of the new turf fields located on the highschool campus. Our youth sports groups in town are all enjoying the opportunity to play on this great new field.

The Parks and Recreation Department strives to provide programs that serve all community members. We are continuing to grow our extra curricular learning based programs. Residents can enroll in programs that teach things such as public speaking, CPR, home safety, robotics, business development and other STEM type learning. We have also constructed a Cricket Pitch at Fruit Street Field and currently have two cricket leagues participating.

Overall, the Parks & Recreation Department continues to grow with the community. We are now in the planning stages of some exciting and ambitious projects. The community has entrusted us with building a public dog park. Our hope is that residents can meet and socialize with their dogs in a safe spot in town. We are also in the beginning stages of planning a public skatepark at EMC Park. The Parks & Recreation Commission will be led this year by Chair; Dan Terry, Vice Chair; Bob Dobinski, returning commissioners; Laura Hanson and Amy Markovich, and our newly elected commissioner; Cynthia Esthimer. The department is managed by Director; Jay Guelfi and Coordinators; Colleen Allen and Jenny Hart.

PERMANENT BUILDING COMMITTEE

The Permanent Building Committee ("PBC") is gearing up for a busy 2020. The Committee is in the process of selecting an architect to assist the Town in developing options and costs for re-use of Center School as recommended by the Center School Re-Use Committee. In addition, we will be assisting the Fire and Police departments in their study of the potential need for satellite facilities to better serve the Town.

The PBC would like to thank our Town Engineer, Dave Daltorio, for his support, advice and daily efforts in maintaining the Town's numerous facility investments.

- Saddle Hill Rd./Fruit St. - intersection sight line distance improvements - Town of Hopkinton Department of Public Works
- Cross St. - Hopkinton-Ashland Transfer Line Replacement Project - Eversource Energy
- 223 Pond St. - Christine and Andre Navez

At the 2019 annual town meeting, the Planning Board sponsored several zoning bylaw/zoning map change proposals, and the following were adopted:

- Sign Bylaw - change restrictions on temporary banners over streets
- Commercial Solar Photovoltaic Installations - require an effective year-round screen of the facilities
- Industrial A District - allow indoor recreation uses by special permit
- Industrial A and B Districts - allow retail uses which are an accessory use to a manufacturing uses with restrictions on the maximum size of the retail use
- OSMUD Overlay District - amend provisions relative to Restricted Land to allow cultural and educational uses; allow Restricted Land ownership by non-profit entities whose principal purpose is the provision of cultural or education uses; and allow the payment of a fee in lieu of affordable housing units in Senior Housing developments
- Change the references to “Board of Selectmen” to “Select Board”, “Selectmen” to “Select Board Members”, and add definitions of “Select Board” and “Select Board Members”

The Board established the Growth Study Committee this year.

Board members represented the Planning Board on the Zoning Advisory Committee, Community Preservation Committee, Open Space Preservation Commission, Design Review Board, Trails Coordination and Management Committee and Growth Study Committee.

The Board thanks members Fran DeYoung, Carol DeVeuve and Patrick Atwell who left the Board this year, for their time and contributions during their service.

The Board also would like to thank members of the public for their participation and input at the meetings. This input improves the process and is very valuable to the members during deliberations and in reaching decisions.

“The members of the Hopkinton Police Department will serve as partners with our citizens to maintain a safe and peaceful community, committing ourselves to the preservation of life, protection of property, safeguarding of individual liberties, and accomplishing this with integrity and professionalism.”

We, as members of the Hopkinton Police Department, are responsible for protecting lives and property. We serve with professional pride and we want the inhabitants of the Town of Hopkinton to share in this pride. The law enforcement profession is difficult and demands dedication far beyond most other professions. For this reason, we ascribe to the following traits and values to be the foundation of our commitment to public service, safety and security.

Integrity – Professionalism – Advocacy & Empathy – Efficiency - Pride

2019 was a successful year for the Hopkinton Police Department, accomplishing much as an organization. There were:

New hires, Patrolmen Robert Ekross and Tyler Brabham;

Promotions of Lieutenant Joseph Bennett to Deputy Chief, Patrolmen William Burchard and Arthur Schofield to Sergeants and Sergeant Scott van Raalten to Detective Sergeant;

Assignment of Patrolman John Corridan to Detective to join Detective DeBoer in the Detective Bureau led by Detective Sergeant van Raalten. These are all in keeping with a growing department and a keen awareness of the need to stay within budget and maintain proper guidance and leadership.

I have a Deputy Chief and a Lieutenant under my command: one handling the administrative functions, while the other handles the operational side. This frees up sergeants to some extent to concentrate on their main responsibility of supervising. I reviewed the current staffing levels of the Police Department with ongoing and future growth of the town in mind.

In June of 2019 I made the decision to establish a formalized vision of where we stood in the community, how we wanted to modify the way we conduct business, and where we want to go in the future in terms of ensuring public safety, public service, and the creation of public value for all residents and visitors of this Town. With these broad goals in mind, I enlisted the assistance of the Moore Law Enforcement Advisory Group along with my administrative staff to devise a plan of action to collect data from diverse sources, analyze all information presented to us and assemble a set of long term objectives for this Department that would be endorsed by the public, ratified by our municipal government officials, and implemented and executed by our personnel in a professional manner. The strategic plan covers January, 2020 to December,

2024. After conducting external and internal surveys, we found eight main areas of interest or concern.

1. Traffic Congestion
2. Youth and Schools
3. Community Interaction
4. Crime Prevention
5. Vulnerable Population Issues (homeless, mentally ill, domestic violence victims, children and the elderly)
6. Recruitment and Retention of Personnel
7. Infinite Visioning on the professional direction of our personnel
8. Protecting the Health and Wellness of our personnel.

In each of the above areas, we will assign Sponsors that will monitor and evaluate their area throughout the life of the Strategic Plan.

I implemented a new traffic enforcement strategy to:

- 1) monitor speeds via a traffic data collection system
- 2) respond to complaints.

In August 2019, Sgt. McNeil was assigned as the Traffic Complaint Supervisor. The first few months were used as trial and error attempting to identify the most effective way we could respond to a specific traffic complaint. With the assistance of Deputy Chief Bennett and Lt. John Porter we were able to create a general order on how our department would uniformly handle reports of traffic complaints. Between August and December we received 33 traffic complaints:

- 17 - Speeding vehicles in general
- 4 - Construction vehicles blocking the road
- 3 - Speed vehicle (specific vehicle known)
- 3 - Traffic Light out or Malfunctioning
- 2 - Traffic is backed up/blocking intersection
- 1 - Someone had a question about a traffic complaint
- 1 - Several hundred bicycles were traveling through town
- 1 - One way violators
- 1 - Speeding bus

During this time we deployed our radar trailer to 23 distinct locations. Since it is battery powered, these deployments can range from 2 to 5 days. It is used to simply notify the passing motorists of their current speed and makes them aware if they are speeding or not. We deployed our Speed Spy 10 times. Again, this unit is battery powered as well and it's deployment can range from 3-4 days. However, we can replace the battery on site and have it track data for up to 8-10 days. This device records the number of passing vehicles, direction of travel, time and speed. After reading the data we can determine a number of things.

Specifically, when the violators are going by a specific area which allows us to deploy officers to an area at the times when the violation occurs. It also can determine that the complaint of speeding vehicles in a specific area may just be an assumption by the reporting person. Meaning the person complaining may think the vehicles are speeding, but in reality they are not. During the first few months of the program we have had some positive feedback from the people reporting the complaints. This is due to the fact that we are providing them with the information we are getting from the speed spy, and it is eye opening to them. Our most significant impact came from a complaint we received about one way violations occurring on Walcott Street from A Street towards Main Street. There are some new shops in the area as well as a new parking lot. We set up the Speed Spy to record the number of vehicles that were traveling south (the wrong way). The data showed that there were 15 violations in a nine day period. I then studied the area to determine if something could be done to stop this problem. I noticed that as you were leaving the new parking lot there was no sign that said "no right turn". There was only an arrow painted on the parking lot surface that indicated no right turn. I also noticed that a do not enter sign near A Street was blocked by overgrowth. I then contacted Mike Mansir, Hopkinton Highway Manager, and asked for his help. After a nice conversation, he was able to cut back the overgrowth so the sign could be easily seen and he installed a new "no right turn" sign, which can be easily seen as you leave the parking lot. In the coming year, we will continue to respond to citizen's concerns and look to reduce traffic congestion and violations.

Accreditation: This year marked a huge milestone for our department in its journey to become an accredited department. Like other accreditation programs, the process consists of two major components:

- (1) the establishment of a body of professional standards for police agencies to meet
- (2) a voluntary assessment process by which agencies can be publicly recognized for meeting those standards considered *best practices* for the profession.

Under the direction of Lt. John J. Porter this year our department was assessed and ultimately awarded the honor of Certification. The Certification Program consists of 159 standards, all of which are mandatory. Since these 159 standards are part of the 257 mandatory standards for accreditation, certification is a significant milestone towards accreditation. All agencies must successfully achieve certification before being assessed for accreditation. In the coming year our department will strive to become one of the few departments in the State to receive full accreditation.

Officer Sanchioni continues his successful partnership with our favorite K9 'Titan'. Their partnership has come to the aid of residents and law enforcement in Town and also in neighboring Towns. Our K9 unit is an excellent enhancement to the Department, especially in the area of tracking, where we have had to rely on many times in the past on outside agencies to assist in this area. Titan also serves as a fantastic community service tool, we have received much interest from the public who have offered support for the program.

Our three School Resource Officers (SRO's) are Officers Powers, Santoro and Stickney and with their assignments we have been able to continue to be present in the schools daily and work with Youth Services & School to develop parent info on teen stress, mental health, suicide prevention, continue youth alcohol & substance abuse awareness programs.

I believe we have had a successful year in the area of raising awareness of alcohol and substance abuse with our youth. We continue our collaborative effort with the School Department, as well as the Youth Coordinator. One of our biggest partners has been the Central South Middlesex Opioid task force. We have received much training and education in the area of substance abuse. They have sponsored many programs to educate police school officials, and as well our own Youth Coordinator on many topics that lead to the problem of addiction such as stress, and mental health issues especially amongst the youth. Suicide is an

issue that has affected the town and this area that we and our partners have and continue to receive training and updates so we can continue to educate students as well as parents. SRO Phil Powers continues to play a key role in both awareness and compliance. We continue to enforce a policy on police response to underage parties. This has been a collaborative effort which details the school policy in order to guide officers on the response, and actions to take on handling these incidents. Our response has been positive, and has served as a deterrent. We have enhanced efforts in compliance checks such as K9 searches, which have resulted in positive compliance with no violations.

We are fortunate to have a great partnership with Advocates Inc. in a Jail Diversion Program with Ashland, Sherborn and Holliston. A specially trained clinician is able to respond with Police Officers to provide immediate on-scene de-escalation, assessment and referrals for individuals in crisis. The primary goal of ASHH -JDP is to re-direct individuals committing non-violent offenses, out of the criminal justice system and into more appropriate community based behavioral health services. On scene crisis interventions are facilitated through the dual response of police and clinician to calls for service involving individuals in crisis. Problems or warning signs with the youth of the community are not always detected in school. Much of the information comes from responding officers detecting problems at home that could lead to addiction, mental health problems or possibly suicide. This advanced training in this area has certainly raised awareness. In 2019, 204 individuals were referred to the ASHH Jail Diversion Clinician by ASHH Police Officers. 26 individuals with behavioral health conditions were diverted from arrest by ASHH Police Officers and into treatment facilitated by JDP clinicians.

I continued to work on a joint goal with Town Manager and Fire Chief - Community Preparedness.

It is always a pleasure to work with my partners in this area. The plan that was derived and will be presented jointly to the BOS in a joint document, as well as a presentation. Below are some specifics to the Police Department in the area of preparedness which will certainly assist us in preparing the community.

- Increase department wide training in incident command.
- Department wide training level of ICS elevated
- A review of the current status of Incident Command training was conducted. A higher base level of training was established. All staff were brought in line with the new level.
- Provide Mayday Training to Fire Dispatchers. All full-time and most part-time dispatchers have all been trained.
- Enhance training room in support of emergency preparedness. Technology enhancements and upgrades installed in the training room. A permanent workstation has been created. Two additional phones have been purchased, configured and installed. Additional computers have been set up. The network has been mapped to facilitate more efficient use. A police radio has been made available.

This year was a very busy time for the Field Training and Evaluation Program (FTEP). Under the FTEP our new officers are assigned to training officers who mentor and provide them with direction throughout their training period. If you were around town you may have noticed that our new officers were paired up with the trainers for a total of eight months this year. The ability to provide the necessary training to these officers could not have gone as smoothly as it did without the direction of the FTEP Commander, Lt. Porter. Under his direction, FTEP Coordinator, Sgt. McNeil was able to schedule and provide direction to the real work horses, the Field Trainers. A special thanks to our Field Trainers.

We again had an effective year with regard to training members of our department;

Training in 2019 consisted of

-

ALICE and 2019 RAD

- Dept. Completed 2018-2019 In-Service which encompassed - Legal Updates, Defensive Tactics, Stress Awareness, Combating Extremism, Domestic Violence, Procedural Justice. Totalling 640 hrs
- Middlesex Firearms Trailer with Live-Fire Scenarios. No Cost to the Dept.
- Over 680 hrs of Specialized Training offered to its officers.
- Effective Leadership Development 10 week course.

I am very proud of the efforts made by officers this year in raising awareness and money for many worthy causes. Officer McGaffigan requested the wearing of a teal pin in support of ovarian cancer awareness month - September. The pin was worn by all officers and staff and we are glad to be a part of this.

Officer Powers and Sanchioni again partnered with Pink Patch Project and the staff The Emblem Authority to develop a pink patch and for the first time this year, an Autism patch to raise money. The Hopkinton Police Association helped start this project with the efforts to raise money in support of awareness month (October). Patches were available at our police station and the Town Clerk's office at a cost of \$10 per patch. We sold a lot of patches with 100% proceeds donated to wonderful causes. We were able to raise \$800 for Autism and \$390 for the Pink patches. A further \$3,500 was donated by Hiller's for this fundraising effort. The recipient of the Pink Patch funds was a lady from Hopkinton who was undergoing treatment for breast cancer. I authorized the growth of beards in October, November and December in order to raise money for Men's Health and the Respite Center here in Town. \$1,000 was raised for Men's Health and \$1,100 for the Respite Center.

Last August we hosted our fifth annual National Night Out generously sponsored by the Laborers to enhance our education of the public in the area of crime prevention. We had tremendous success with this event at our venue of the Town Common. It was very well attended. There were vendors present who added to the experience for all that attended. The K9 display that was put on Officer Sanchioni and our partners from the Middlesex County Sheriff's Department was immensely enjoyed by all that gathered to watch. This event continues to grow, and this coming year is going to be even better. The event not only educates the public, but it is an opportunity to meet with the community in a fun family setting.

Once again, we enjoyed another successful running of the Boston Marathon, with cost savings and reallocation of manpower to address issues that had been brought forth from the previous year. 2019 was a huge success. We utilized the same security plan as in 2018. The months of planning and preparation resulted in a high level of security. Of course when the last runner crosses the finish line, planning begins right away for the upcoming year by focusing on our performance and how we can improve. We continuously strive to make the event safe and fun, and to improve on security and efficiency while trying to offer the best possible experience for the runners and spectators. We are grateful for our partners state, local and federal who help us complete our mission including our partnerships with HMC, BAA local, county, state and federal partners.

We enjoyed our annual Bocci tournament where we faced off with the seniors and the Fire department. This year victory went to the Seniors in a well fought battle.

In closing we are looking forward to 2020 and through innovative action and ongoing performance improvement, we are committed to providing excellence in public service, continuing to strengthen our relationships within the community and building upon the public trust, while striving to maintain our excellence through employee development, continuous training, and quality leadership.

Respectfully submitted,

Edward J. Lee Jr.

PROCUREMENT AND GRANTS MANAGEMENT

Metrics:	Value of Competitive Grants Obtained	\$600,856
	Number of Projects Publicly Bid	11

The Procurement and Grants Office has two primary goals; to maximize the value received for every taxpayer dollar spent, and to support the community by partnering with federal, state, and local organizations to accomplish Town goals.

The office aggressively pursues grant opportunities at the local, state and federal levels. During the first full year of operation, the office participated in seventeen grant applications, nine of which received an award. In all, over \$600,000 in competitive grants were awarded to Hopkinton during 2019. In these efforts, the office worked collaboratively with the Town Manager, as well as the Fire, Facilities, Land Use, Library, Police, and Information Technology Departments; and the Parks & Recreation Commission and the Board of Health. These awards make the community a safer place, help protect sensitive electronic information, and ensure the continuation of critical services and infrastructure in the event of an emergency.

With these accomplishments in hand, there is still much more work to be done. In 2020, the office will continue to pursue grants with a focused effort on obtaining resources that further Town strategic goals, while reacting swiftly to take advantage of unexpected opportunities and to respond to exigent conditions.

The office also facilitates the Town's legally compliant purchase of high-quality materials, equipment, and services at best value. Our graded approach to procurement formality prioritizes integrity, value, ease of use, and effectiveness. The office applies additional value-adding bidding and purchase processes when legally required or when justified by value-seeking opportunities.

The office encourages departments to utilize local, state and federal resources to acquire goods and services that leverage the collective buying power of many communities. These partnerships allow the Town to purchase higher quality goods at a lower price. Building and public works construction projects are publicly advertised to promote fair and open competition.

Priorities in 2020 will include evaluating purchasing strategies that further our efforts to maximize the value received for every dollar spent, documenting business processes, expanding on our commitment to transparency, and improving our ability to monitor and evaluate the Town's spending.

Key 2019 accomplishments include:

- The award of a FEMA SAFER Grant to provide \$548,000 over three years to support the addition of four new firefighters
- Awards to purchase equipment aimed at reducing cancer rates among those in the fire service
- An award from the Commonwealth to participate in the Municipal Vulnerability Preparedness program, aimed at improving the Town's resiliency from the effects of climate change
- Public advertisements of 11 vertical and horizontal construction projects including the Fire Station HVAC Replacement, Center School Feasibility Study, and Replacement of the EMC Playground

I would like to express my deep gratitude to all Town residents, volunteers and employees, both past and present, who make Hopkinton such an outstanding community.

PUBLIC SAFETY - COMMUNICATIONS

Metrics:	Number of calls logged	14,650
	Total calls received on 911	3,078

In 2015 communications for public safety in the Town of Hopkinton underwent a major change. Though the Hopkinton Police Department had been staffed with civilian dispatchers for many years, the Hopkinton Fire Department was utilizing permanent firefighters for their dispatching duties. In October of 2015 the Hopkinton Public Safety Communications Center was created. All public safety communications for the Town of Hopkinton would now be combined into its own, stand alone, professional department. Staff doubled, two dispatchers were assigned to every shift, and the police dispatchers began their role as fire dispatchers as well.

The creation of the Hopkinton Public Safety Communications Department has proved invaluable to the Town of Hopkinton. We have returned firefighters to the streets responding to the ever increasing calls for service. Additionally, with adding a second dispatcher to every shift, we are able to more efficiently carry out our duties as we are now able to work as a team toward the common goal. In October of 2019 the position of Communications Director was created, thus allowing the Hopkinton Public Safety Communications Department to truly operate as an independent department. Dispatch Supervisor Meaghan DeRaad, who has served the community for 20 years, was selected to take the lead of the new organization. Since its inception the Public Safety Communications Department had been operated by the Chief of Police, the reins have been passed from the Chief Lee to Director DeRaad.

Responding to people in need is the number one priority of the dispatchers. In 2019 the Communications Department dispatchers logged a total of 14,650 incidents. Many of the requests for service come to the dispatchers via the State's 911 system. The Public Safety Dispatchers answered a total of 3,078 incoming calls via the 911 system in 2019. Dispatchers are expected to answer 911 calls within 10 seconds. I am proud to report that our dispatchers not only met that goal, they exceeded it with an average of only four seconds. Dispatchers spend an average of two minutes and nine seconds on a live 911 call. In this short time they are gathering vital information for the responding units, such as location, nature of the incident, and gathering updated information for the responders. Dispatchers are also trained to provide lifesaving instructions to callers on a wide range of emergencies, from CPR, to seizures and wound care.

2019 our staffing levels remained the same from start to finish. We did not hire any dispatchers, and no dispatchers resigned. We did welcome back Dispatcher Evan Brooks from his 2018 military deployment. We are very happy to have him home safe and we are thankful for his service.

The dispatchers are truly the "heartbeat" of the public safety team, without them the system would fail. They do so much behind the scenes to help the police officers, firefighters, and the public on a daily basis. The current dispatchers that we have on our team are just that, a Team. They all work very well together, help each other out and back each other up when needed. It really is a well-oiled machine!

Our 2019 staff with their years of service:

Full-Time Dispatchers

Dispatcher Evan Brooks, 11 years of service*
Dispatcher Nicole Corsi, 4 years of service
Dispatcher Cynthia Valovcin, 4 years of service
Dispatcher Braedyn Luiz, 4 years of service
Dispatcher Brenda Stanley, 2 years of service
Dispatcher Kevin Riess, 2 years of service
Dispatcher Farai Sithole, 2 years of service
Dispatcher Kiley Davis, 2 years of service

Part-Time Dispatchers

Dispatcher Steven Iadarola, 19 years of service*
Dispatcher Jane Rathburn-Goodman, 13 years of service*
Dispatcher Claudia "Patricia" Rodas, 3 years of service*
Dispatcher Benjamin Campbell, 3 years of service
Dispatcher Ryan Reilly, 2 years of service
Dispatcher Brittany Firth, 2 years of service
Dispatcher Brittney Remillard, 1 year of service

*Denotes years of service in their current role. They have worked in other capacities (full time and part time) prior to their current role or they may have left employment and returned.

A few goals on the horizon for the Communications Department are:

- Establish a community outreach program
- Upgrade the workstations in the communications center for enhanced efficiency
- Continue to deliver the best possible services to those who live in, work in or visit the Town of Hopkinton, in support of the community's continued growth.

I'd like to take this opportunity to thank the residents of the Town of Hopkinton for their continued support and I look forward to building the relationship between the Communications Department and the community. I'd also like to thank the other Town departments we work so closely with. Most importantly I'd like to thank each and every one of the dispatchers for their hard work and dedication to this Town every day. Without them, our Public Safety system would not be the same.

School Committee Annual Report

2019 was a year of growth and much work in the Hopkinton School District. The School Committee was comprised of five volunteers from the community who brought diverse perspectives and life experiences to serve. Members brought professional experiences in the spheres of wellness, elementary and higher education, ethics, social work, finance, business, data analysis and project management. While perspectives and life experiences were varied, the Committee's commitment to quality public education was a binding force. Collectively, the Committee took seriously the responsibilities entrusted to it, which include:

- Listening to and understanding the needs of the Students and School Community;
- Shaping the vision, mission and goals of the Hopkinton Public Schools;
- Establishing and monitoring the annual budget;
- Hiring, managing and evaluating the Superintendent; and
- Setting and reviewing district policies and practices.

To fulfill and support these functions, the School Committee actively listened and partnered with the School Community and District Educational Leaders, setting discussion topics through meeting agendas, reviewing material presented by the Superintendent's office, seeking clarifications, serving on a variety of sub-committees and acting as liaison to many local organizations.

Goals

Goals - strategic and operational were drawn out in 2019 by the District Leadership and supported by the School Committee. These included the District Strategic Plan for academic years 2019-2022, School Improvement Plans, Superintendent's Goals, and for the first time, based on Massachusetts Association of School Committee's (MASC) recommendations, the School Committee's own defined goals. Goals at every level were guided by the school community's needs and aspirations. These were related to enrollment growth, valuing individual pathways and wellness, building communities of collaboration, honoring diversity, communication and stakeholder partnerships.

Policies

Review of policies was prioritized to align with Massachusetts General Law, reflect current district practices, minimize operational deficiencies, and align with community values. The Committee reviewed and approved new and existing policies in support of inclusivity and appreciation of diversity. Additionally, we revised and approved policies which reinforce our zero-tolerance of harrassment and discrimination within the schools. The policy working group also began a process to streamline policy cross-referenced forms and procedures by simplifying the coding used to identify these documents. The Committee continues to welcome community feedback with regard to our policies.

Identified Budgetary Needs

A growing student body and their academic and wellness needs meant ensuring adequate staffing, learning spaces, transportation, technology supports, teacher training and curriculum updates. These were presented during budget season but also year round to the School Committee. As part of its work, the Committee continues to review requests, provide feedback, and oversee the spending. An annual operational budget of \$48mm was presented and successfully approved by the taxpayers at the Annual Town Meeting, and an additional \$1.3mm towards capital requests. At the Special Town Meeting in December, \$10mm in requests related to our High School Extension and portable classrooms at Elmwood and Hopkins were approved.

Grants and Gifts also supported much work in the district, which were reviewed and accepted by the Committee. A notable mention for 2019 are the gifts from various community members and organizations towards the White House interior renovation. The White House supports learning and life skill building spaces for the 18-22 program in the district. Another noteworthy mention is a grant from Hopkinton Education Foundation for Hopkins School 'Movement to Maximize Mastery'. This grant allows incorporating kinesthetic and tactile experiences into learning social studies and mathematics for our 4th and 5th Graders.

Sub-Committees and Community Outreach

School Committee members lead and/ or actively participated as liaisons on several sub-committees with varied goals in 2019. The Website Sub-committee oversaw the design, development and implementation of a new school district website. The new district website serves as a vital communication tool for the school community. The School Calendar Sub-Committee was created with an intent to review the HPS Calendar in light of the changing demographics in the district and the need to review holidays and observances to accommodate student needs. The Growth Study Committee is a town-wide initiative, and a strong collaboration has been formed in this work through member participation and information exchange.

School Committee members conducted Office Hours at various locations such as the Spoon, Hopkinton Public Library, Legacy Farms, Farmers Market and the Senior Center. Members participated in various events such as MLK Jr. Day, Community Reading Day, Kenya Day, eHop Know Your Vote, eHop community info sessions, Public Forum for Strategic Plan, Public Forum for Capacity Study, SEPAC Parent Info Nite, Unified Track Event, Top of the Hill, and several other community events. Through each of these interactions, School Committee members got an opportunity to directly interact with the School Community. Besides these venues, the School Committee continues to encourage community members to engage via email and the public comment section of its Regular Meetings.

SUPERINTENDENT OF SCHOOLS

While we typically begin the Annual Report with a discussion of Hopkinton's educational accolades, the standout feature of Hopkinton's 2018-2019 school year was the increase in our student enrollment. According to the District's Student Information Management Data, which is submitted annually to the Department of Elementary and Secondary Education, Hopkinton's student population grew from 3,716 in October of 2018 to 3,893 in October of 2019--an increase of 177 students. These students joined our schools without the addition of any new classroom space; therefore, one can assume that in the 2018-2019 school year, our schools were teeming with eager learners!

Despite the enormous growth, Hopkinton maintained its excellent programming, rich and rigorous curricular offerings, and exceptional instruction. Accordingly, *US News and World Report* ranked Hopkinton High School 6th among high schools across the state while *Niche* rated Hopkinton the 4th best place to raise a family, with the public schools coming in at 14th in Massachusetts. The Commissioner of Education deemed Hopkinton High School one of only four high schools to be named a "School of Recognition," and almost 90% of the students who took over 1,110 AP tests earned a passing score. So much to be proud of!

The schools do not exist on an island, of course. In fact, it is only with the ongoing support of the community that students' talents are nurtured and individual needs are met. Administrators, faculty, and staff pride themselves on an education focused on the whole child, as Hopkinton students are growing into a world so rapidly changing that it is impossible to predict the kinds of roles students might inhabit as adults and citizens.

This past year, in collaboration with other town departments, elected officials, and town boards, the school district worked to gain approval of a \$48,044,950 budget at the May 2019 Annual Town Meeting, a 6.63% increase over the previous year. Such an increase reflects the value this community place on its public schools.

In planning the budget, the School District aligned spending with the School Committee's Strategic Plan, the needs of students in our classrooms, and key initiatives identified in the School Improvement Plans. Central Office administrators, building principals, and other department heads conducted a multi-step, rigorous review of the budget within each department. These district leaders articulated budget priorities in a transparent, data-driven manner while maintaining and promoting a PK-12 vision of instructional excellence. Our administrators and district leaders must be commended for their collaborative efforts and focus on continuous improvement.

The FY20 budget accomplished the following goals:

- Maintaining Hopkinton's exceptional academic and extracurricular programs
- Offering curriculum and instruction that meets the needs of all learners
- Adding teachers and support staff to accommodate increases in student population
- Growing social-emotional instruction and supports
- Supporting student safety measures
- Continuing to build technology programming
- Developing curriculum aligned with newly adopted social studies standards
- Using student learning data to plan and adjust instruction

In addition to the general budget, Town Meeting also supported the following capital articles related to the school district:

- System wide security upgrades
- System wide School Technology
- Facilities Improvements Districtwide
- Roof engineering for Hopkins Elementary School and Hopkinton Middle School
- Wetlands Order of Conditions
- Kitchen Equipment
- Hopkinton Middle School boiler replacement
- Van for Special Education
- School Bus Parking Lot
- Capacity Study

As the Superintendent of the Hopkinton Public Schools, I am proud to lead a district of administrators, educators, health practitioners, and support personnel who play so many roles to ensure the best possible education for the students of Hopkinton. In the coming years, the community will need to establish a plan for the expansion of its current schools or the construction of new schools, as dictated by the projected increases in student enrollment. Simultaneously, the District Leaders shall continue to ensure instruction that balances basics with innovation, to grow new programs, and to provide every child with an education that focuses on the learning journey, not just the destination.

Respectfully submitted,

Carol Ann Cavanaugh, PhD
Superintendent of Schools

MARATHON SCHOOL

Hopkinton continues to be a community in which families choose to raise their children for the quality of our schools. Our enrollment story clearly supports this mindful choice. The 2018-2019 school year was our second school year in our new building located at 129 Hayden Rowe Street. Marathon Elementary School provides high quality early childhood education for Hopkinton's youngest learners, preschool - first grade. The 2018-2019 school year began with a K/1 enrollment of 486: 226 first graders, 260 kindergarten students, and 70 preschoolers. By the fall of 2019 we had expanded to 563 at K/1; 294 first graders and 269 kindergarten students with 80 preschoolers.

The essential focus at our level continues to be meeting the needs of all learners and supporting the whole child in a proactive manner, establishing a strong foundation for all students. An excellent Early Childhood program is critical in providing students with a successful beginning at school. Continuous improvement is intrinsic to our educational programming. As we build upon previous learnings and current research, for both students and staff, our ability to meet the needs of all improves. During professional development opportunities, building based meetings, and weekly Professional Learning Community meetings (PLCs), staff regularly review and revise curriculum, assessment, and instructional practices. Teacher collaboration positively impacts student growth and facilitates adjustment to instructional practices. Supporting the alignment to state standards, district standards, and grade level consistency are Curriculum Teacher Leaders (CTLs) in the areas of English Language Arts, Math, Science, and History/Social Science, alongside an Elementary English Language Arts Coordinator as well as an Elementary Math Coach.

School Improvement Plan (SIP) goals align with the District Strategic Plan. This focus is on student growth, the adjustment to practice, and the creation of a respectful school environment. Grant work facilitates our improvement in two key areas: robust language rich environments and positive behavior supports. Teams of educators are participating in this grant work alongside colleagues from Elmwood and Hopkins, which promotes improvement within as well as alignment between the elementary schools. Grant teams facilitate staff learning and implementation at the school level.

In June of 2019, first grade teachers Mark Boisvert and Nancy Fiorentino, kindergarten paraprofessional Christine Hamilton, and preschool paraprofessional Lydia Munger retired. Collectively, these educators dedicated over 100 years to teach Hopkinton students. Each left an indelible mark that spanned generations. We wish these educators well as they begin a new chapter in life.

New staff joined Marathon in 2019: kindergarten teacher Julianne Murphy; first grade teachers Alicia Aniello, Joshua Boule, and Michelle Yazdi; adjustment counselor Kirsten Gleason transitioned from the high school; intensive special needs teacher Tammy McGee; and paraprofessionals Christine Coombs, Elizabeth Dube, Diane Jochim, Megan Karb, Shilpa Kumbham, Lisa Lekas, Kristina Long, Kemberly Mauricio, and Corinne Power.

We are fortunate to have strong community groups that support Marathon Elementary School in an ongoing manner. The Hopkinton Parent Teacher Association (HPTA) has sponsored a variety of enrichment activities, including performances by Pumpnickel Puppets, storyteller Len Cabral, and character education singer Johnny the K, along with hands-on science experiences facilitated by the Discovery Museum. The Hopkinton Education Foundation (HEF) continues to provide grant opportunities for educators. Most recently, HEF supported "Windows and Mirrors," which added literature to our media center that allows students to see themselves positively reflected in books and understand cultures different from their own.

Parents had a presence at Marathon in a variety of roles including mystery reader, center facilitator, library volunteer, and time for teachers volunteer. Parents respond to the call for volunteers without hesitation. This support enables us to do much and for that, we, the staff and the students,

We thank all families who support our school for everything from at home coordinating classroom volunteers to reading with students in class. All volunteers contribute to our Marathon Elementary School community. We are grateful to be in the supportive Hopkinton community.

EDWARD HOPKINS SCHOOL

Hopkins School began the 2018-2019 school year by welcoming 549 students to school on August 29, 2018. Hopkins' total enrollment represented 272 fourth graders and 277 fifth graders. Hopkins School operated with 24 classrooms of students, making the average class size approximately 22.9 students per classroom at the start of the year. In addition to core instruction in Reading, Writing, Math, Science, and Social Studies, students participated in a well-rounded offering of Physical Education, Health, Art, General Music, and Techno-Library.

Hopkins celebrated a school-wide theme of "All in this Together" throughout the school year to highlight the importance of community. Hopkins launched the year with an "Opening Ceremony" with a viewing of a faculty-made lip synch. It ended with a "Closing Ceremony," complete with National Park Team banners and a whole school "dance party." Among the many spirit days and Whole School Meetings, the school celebrated a "Random Acts of Kindness" Week, "Be Fearless, Be Kind" Week, and an "I Am" march. The school year Principal's Cabinet and the school's HAWK Squad developed student leadership, organized service projects, and promoted community building.

There were a number of faculty and staff changes during the 2018-2019 school year as a result of resignations, moves, and programmatic changes from the previous year. Mrs. Vanessa Bilello began her third year as the Principal of Hopkins School after serving as the Assistant Principal for two years, and Ms. Julie Babson continued as the Assistant Principal. Mrs. Moira Motyka was hired as a grade 4 classroom teacher and Ms. Soyoung Kim in the role of ELE Teacher. Mrs. Lynn Canty was hired as a new paraprofessional, and Mr. Russell Shade joined the staff in the role of BCBA. Mr. Steve Smith assumed the role of Head Custodian upon retirement of long-time Head Custodian, Mr. Ed Flannery.

Analysis of curriculum, instruction, and assessment was the focus of grade level and faculty meetings. A major focus for staff professional development centered on literacy, including the continued adoption of SRSD writing (Self-Regulated Strategy Development), as well work focused on improvement of guided reading instruction. Another major area of focus was development of a scope and sequence of social studies instruction, aligned to the new Massachusetts Frameworks, as well as the launch of the Eureka math curriculum. Teachers strived to make data-driven and evidence-based decisions in order to improve student outcomes. Data points included results from the Massachusetts Curriculum Assessment (MCAS), STAR Math and Reading, the Benchmark Assessment System (BAS), the QRI Reading assessment and classroom-based assessments such as math unit tests and writing samples. The results of these assessments helped inform teachers' instructional decisions and

determined which interventions, extensions, and supports might be necessary for students to make expected growth and progress.

Morning Meetings, consistent teacher language, and an emphasis on character education are ways in which Hopkins School maintained a respectful school and classroom community. Continued use of the Responsive Classroom (RC) approach to education could be seen throughout Hopkins with an additional focus of growing school-wide PBIS (Positive Behavioral Interventions and Supports) structure. There was a strong push to further implement Social Emotional Learning programming at Hopkins through such efforts as Understanding our Differences (disability awareness), mindfulness practices, and yoga enrichment. The significance of each student and recognizing our similarities, strengths, and differences were key in creating an environment conducive to learning and growth.

The Hopkins School Council met throughout the year. The Council reviewed budgetary proposals and programmatic changes, and provided guidance on the School Improvement Plan (SIP); they also contributed to the planning for improvements for the report card. The SIP was aligned to the District Strategic Plan. The Council members included parent representatives Ms. Dawn Ronan, Ms. Kimberly Cooper, and Ms. Amanda Robichaud; community representative, Ms. Christine Chapman; and faculty representatives, Ms. Vanessa Bilello, Ms. Julie Babson, Ms. Lauren Pardee, Ms. Carly Audet, and Ms. Rachel Siegel.

Strong community support continued to be evident at the Hopkins School during the 2018-2019 school year. The Hopkinton Parent Teacher Association (HPTA) continued its efforts to support students and teachers by volunteering and fundraising on behalf of Hopkins' students. Fundraising supported enrichment programs, such as poet Lyn Hoopes, Origamido, and classroom yoga lessons. Additionally, the Hopkinton Education Foundation (HEF) awarded Hopkins teachers with grants.

Several events highlighted the community spirit at Hopkins School. The school held its annual Spring Curriculum Expo. This year's theme was Digital Citizenship/Safety and featured a speaker, Ms. Katie Greer. Another highlight included the 5th Grade Talent Show. Our fifth grade students showcased their many talents and class spirit by entertaining parents and community members. All proceeds from this event went to benefit the school's popular Peer-to-Peer program that fosters friendships between disabled and non-disabled students. Improving and maintaining the quality of the Hopkins School experience for our 4th and 5th graders would be an impossible endeavor without the support of the community, District Administration, parents, and teachers. In summary, the success of the 2018-2019 school year was due to the efforts of many individuals working to 'learn, create, and achieve together.'

ELMWOOD SCHOOL

Elmwood School houses all second and third-grade students attending Hopkinton Public Schools. As of October 2018, 553 students were enrolled at Elmwood School. This is an increase of forty-nine students from the 2017-18 year. There were eleven second-grade classrooms with a total of 286 students and twelve third-grade classrooms with a total of 267 students. Class sizes averaged 20-23 students per class.

In the spring of the 2018-19 school year, Sara Hollingshead and Lisa McLaughlin were hired as second-grade teachers and Lauren Cook was hired as a third-grade teacher, for the 2019-20 school year. Adding these positions addressed the need for additional teachers as well as replacing a retired teacher. We are very excited to welcome these enthusiastic educators who share a passion for teaching and an enthusiasm for learning. Each brings their own expertise in working with young children and their previous experiences bring wonderful strengths to share with Elmwood School students and staff.

According to State data, Elmwood School continues to perform well in both ELA and Math MCAS. Our student success is due to the hard work of Marathon and Elmwood School teachers who continue to focus on effective, high-quality instruction to meet the needs of all students. PLC work continues to focus on student data and adjustment to practice, which also contributes to student success.

The primary focus areas of Professional Development opportunities for classroom teachers during the 2018-19 school year was Math instruction, Literacy instruction, and Social-Emotional Learning. Curriculum Teacher Leaders (CTLs) for each grade level in English Language Arts, Math, Social Studies, and Science continue to reflect on and adjust curriculum maps at each grade level to support student growth, teacher adjustment to practice, and the creation of a respectful school environment. The maps also serve to provide essential alignment between the three elementary schools. Curriculum Team Leaders took the lead in many professional learning community meetings throughout the 2018-19 school year and facilitated professional collaboration among grade-level staff.

Elmwood staff continued to implement Responsive Classroom practices through direct instruction in daily routines and school-wide expectations. Expanding knowledge of this positive approach has resulted in consistent practices across elementary schools while using a common language throughout the district. This year we began the conversation regarding the implementation of PBIS, or *Positive Behavioral Interventions and Supports*. An Elmwood team was chosen to begin the work of attending Professional Development/Trainings in order to learn how to add this wonderful tool to our professional toolboxes schoolwide.

Elmwood School continued to benefit from the support of the HPTA who organized and supported many wonderful activities at Elmwood School. We enjoyed two school-wide book fairs this year. The HPTA also sponsored the costs of Michael LaFosse--the Origami Guy, and The Boston Tea Party for third graders. Second graders enjoyed a

visit from Drumlin Farm and a Potato Hill Poetry experience. All students at Elmwood School benefited from a year-long subscription to *Scholastic News* for the third year. In addition, we celebrated Literacy with our second school-wide “March Madness” reading event that included 8 brackets and matchups and a school assembly where our Elmwood School “Favorite Pick” was announced with balloons and cheers! Each classroom and the library were given eight 2018 new release non-fiction hardcover books to enjoy and the event was completely funded by the HPTA. Cindy Fitzgibbon of Channel 5 News, visited and delivered her weather presentation to both grades 2 and 3. Her visit was timely and coincided with our grade 3 science curriculum.

The Kenyan runners, sponsored by John Hancock, Inc., returned to Elmwood School once again, as part of the “Scholars and Stars” Program. Kenyan elite marathon runners have been a tradition at Elmwood School since April 1993. The day included a rally in the school’s gym and classroom visits where students and runners shared traditions, motivation, and inspiration. The event continues to be a highlight of the school year.

In summary, Elmwood School was successful in 2019, due to the commitment and combined efforts of the Superintendent of Schools, the Hopkinton School Committee, the Elmwood School Community, Parents, Teachers, and of course, our Little People.

HOPKINTON HIGH SCHOOL

Enrollment at Hopkinton High School for the 2018-2019 school year was 1229: an increase of 47 students from 2017-2018.

Our work as a school community, as always, was guided by our School Improvement Plan. The HHS School Council meets regularly to discuss the strengths and areas for growth of our school, eventually resulting in our annual School Improvement Plan. Many thanks to the School Council Members who shaped our 2019-2020 School Improvement Plan: staff members Justin Pominville, Patricia Noblett, Shannon Allberry, Lee Greco, Kiely Murray, and Kristen Murphy; community representatives Ron Fosi and Christine Chapman; students Alexander Matsoukas, Allison Fu, Danielle Vundia, David Stedt, Emmanuel Barris, Grace Young, Mia Carboni, Hannah Ianelli, Jeremiah Ramirez, and Harini Thatigutia; and parents Alexis Miller, Allison Murphy, Beth D'Alleva, Christne Perlov, Diane Bird, and Maureen Belger. This group was selected to offer important insights and perspective that led to an informed set of goals in 2019 focused on: 1) developing a vision of the graduate that accurately encapsulates the priorities of the Hopkinton High School community, and 2) investing in the social, emotional, behavioral and physical well being of our students, and 3) planning for facility, staffing, and equipment needs and accounting for the evolving profiles of students and a growth in student population.

In looking to meet the needs of students related to these goals above, we are in the beginning stages of developing our vision of the graduate which emphasizes a holistic view of expectations for students, including transferable skills, content, understandings, and disposition such as self efficacy, social awareness, self management, and growth mindset. Our hope is that students will possess these skills by the time they graduate from Hopkinton High School and we will develop a method of assessing a student's progress toward that vision.

In addition, through a generous donation from the Mental Health Collaborative, we partnered with Challenge Success, a non-profit organization out of Stanford University. Challenge Success provides schools and families with the information and strategies they need to help create a more balanced and academically fulfilling life for their kids and to help communities

redefine success. As part of our work with Challenge Success, we administered a survey to both parents and students in November focusing on topics such as curriculum, assessment, homework, school schedule, the college process, and a healthy school climate. We greatly value input from our families to better understand what we are doing well and what we can be doing better to ensure our students' well-being and engagement with learning. We are looking forward to analyzing the results in 2020 and making the appropriate changes, such as a master schedule that incorporates time during the day for students to access teachers for additional support, as we continue our work with social-emotional learning.

As with other schools in the district, we have experienced a significant growth in enrollment this past year. We have been working closely with the central administration and town. We conducted a building capacity study and are hopeful to start construction on six new classrooms at the high school in 2020. In addition to addressing the increased class sizes and enrollment, we have added additional staff, created a fourth lunch period, and will be starting to allow juniors to have privileges to leave the building when they have a free period. The philosophy behind this is to foster the development of important skills in our students such as time management and making good choices.

Hopkinton High School is consistently looking at different ways to enhance the students' learning experiences while proactively addressing difficulties they may encounter. Student stress continued to be an area where we focused our attention. This year we adopted multiple mindfulness practices that were modeled to staff in faculty meetings. These practices were incorporated in the classroom by several staff members as well. In addition to stress management strategies, the student's voice has been incorporated into various aspects of the school community including participation in hiring committees, monthly meetings with administration to discuss current issues at HHS, and various surveys.

This year we also made the change to have Hiller Days every Friday. On Hiller Days, the school will open at the normal time and buses will run on a regular schedule. However, first period does not start until 8:15 am, so students are not expected to be at the high school until that time. If students come to school prior to 8:15 am, they can go to the library, cafeteria, athletic center, or counseling office. As usual, breakfast will be available in the cafeteria and, in addition, the fitness center will be available for student use. Our goal in creating Hiller Days is to provide teachers with more common planning time and to also explore a later school start time.

This year high school administration worked with counselors and school leaders to bring in a school-wide or grade specific presentation on pertinent topics of concern related to student social and emotional development. Some of these presentations addressed topics such as raising a well balanced child, the secret life of teens, emotions and the human brain, marijuana's effects on the teenage brain, bullying and harassment, dating violence and healthy relationships.

After a two year process, we have completed our Stage 1 curriculum work, which articulates what proficiency looks and sounds like in content areas with a focus on depth of understanding

and critical thinking. Courses are now formatted in a common way and are available online for teachers, students, and parents to access. We also continued our focus around fostering a more collaborative culture open to dialogue and trust amongst faculty and staff. We encourage all staff members to conduct multiple peer observations of colleagues throughout the year. We are also focusing on addressing the many transitions (e.g. 8th to 9th grade, transfer students, senior year to college), so that students' needs are met and they will be prepared to not only participate, but to excel in their new school environments.

In November of 2019, teachers from the history and chemistry departments participated in a district-sponsored Guided Inquiry Design training. Dr. Leslie Maniotes, an expert in the field, conducted the 3-day workshop, which focused on ways in which our educators can guide students in deep, engaging learning through the practice of having them ask questions, identify a process for identifying answers and information, and share their learning in meaningful ways. This training encouraged collaboration among teachers and it emphasized classroom practices that focus on the value of student engagement in the learning process.

Also this year, Hopkinton also partnered with The Highlander Institute and The Education Cooperative (TEC) to participate in the Fuse Fellowship Program. The mission of the Fuse Program is to develop our capacity to offer varied learning opportunities for students, such as personalized and blended learning. The Fuse Fellowship "strives to share, implement, evaluate, and scale best practices" by bringing together educators from Hopkinton and other Massachusetts school districts. The name Fuse represents the way in which this experience is designed to "ignite" a movement and purposefully engage educators (from within and outside of HHS) with the intention of promoting professional growth. Two HHS teachers are serving as Fuse Fellows for other MA school districts, while HHS teacher volunteers are collaborating with our assigned Fuse Fellows, who are teachers in neighboring school districts.

In the classroom, our MCAS scores were recently published and 85% of last year's 10th grade students (Class of 2021) scored Exceeding/Meeting Expectations for ELA, 88% for Math, and 95% scored Advanced/Proficient for Science. Our advanced placement scores were also very strong. For example, in May 2019, 468 students took a total of 1073 AP exams, in 26 different subject areas and 88% of these exams received a passing score of three, four or five. Lastly, 93% of the Class of 2019 are pursuing higher education, with 92% attending a 4-year college or university. Also important to note, 66% of our students with an Individualized Education Plan (IEP) from the Class of 2019 are attending college. In addition, Hopkinton High School continued to be recognized both locally and nationally in 2019. Once again, we were ranked as one of the top high schools in Massachusetts according to US News & World Report as well as other publications. HHS also received a designation of Meeting or Exceeding Targets from the Massachusetts Department of Education.

We welcomed eleven very talented new educators to our staff including a new Executive Secretary to the Principal, an Athletic Director, Athletic Trainer, Math teacher, English Teacher, two Science Teachers, two World Language Teachers, a School Counselor, and an Adjustment Counselor.

In additional programs, we had over 100 high school students attend trips abroad to Athens, Rome, Sorrento, France, Beijing, Shanghai, and Costa Rica. We also hosted eighteen international students through our F-1 visa program. Each student attends high school full time while living with a host family from Hopkinton. This is a rich, cultural experience both for the visiting students as well as students at our school.

Overall 93% of the Class of 2019 went on to further education, with 92% enrolling in a four-year college. The colleges they matriculated at are:

Twelve students in the Class of 2019 were named National Merit Commended Scholars: Matthew Bianculli, Sara Cahill, Matthew Dempsey, Priya Hedge, Eva Kuruvilla, Hui Xian Grace Lim, Matthew Long, Andrew Palleiko, Tess Papagni, Claudia Stedt, Jane Stillwell, and Alexander Wojcik. Two students in the Class of 2019 were named National Merit Semifinalists: Abigail Fischer and Sarah Kang. These students scored among the highest throughout the nation.

Two hundred and twenty students at Hopkinton High School earned the designation of 2019 AP Scholar by the College Board in recognition of their exceptional achievement on the college-level Advanced Placement Program (AP) exams.

In the Class of 2019, 70 Hopkinton High School graduates were offered the John and Abigail Adams Scholarship. This award qualifies these students for four years of a tuition credit at any of our state's public colleges and universities. These winners earned the honor by being among the top scorers on the MCAS exams taken in their sophomore year.

Science

Hopkinton High School celebrated the 31st annual Science and Engineering Fair during the 2018-2019 school year. Eighty-four students participated in the program, designing and executing 51 original research projects throughout the year and presenting at the school fair in February. This was the largest fair in school history.

Several students also went on to present their work at various local, regional and state competitions. We had our best state-level performance in years. One notable highlight - junior Advait Nene won second place overall at the Massachusetts State Fair for his project on proton beam radiation.

Results from this year included:

Music

The Hopkinton Public School Music Department once again had a very successful and busy school year. Throughout the year, students, led by our music teachers, performed at various concerts, festivals and town events. The highlight of the year was the first ever Massachusetts Association of Jazz Educators State Gold Medal earned by the HHS Jazz Ensemble, Jeremy Dodge, director, an invitation to perform at the Hatch Shell in Boston.

Noteworthy earned a Gold Medal rating at the MICCA Solo and Small Ensemble Festival in May. They were selected to perform in the Solo and Small Ensemble Showcase in Lexington.

All Groups that participated in the 2019 Massachusetts Instrumental and Choral Conductors Association received Excellent or Very Good ratings. Hopkinton once again was a host site and over 2000 students performed at HHS over MICCA weekend.

Students from Hopkinton High School were also selected by audition to perform with the Massachusetts Music Educators Association Central District Music Festival Band, Orchestra, or Chorus. Jessie Franks, An-Chi Huang, Andrea Liu, Advait Nene, Jacob Chastain, Linnea Pappas-Byers, Allison Chen, Luciano Duca, Bryce Foti, Carly Ozmun, Kira Sward, and Tony Weissinger.

Jessie Franks, An-Chi Huang, Andrea Liu, Advait Nene, Jacob Chastain and Linnea Pappas-Byers received recommendations to audition for the Massachusetts Music Educators Association All State Festival. Over 1000 students from the state have the opportunity to audition for very selective ensembles.

The following Middle School students were selected to participate in the CDMMEA Junior District Festival Band, Chorus or Orchestra: Camryn Franks, Abigail Baskin, Alia Ohira, Allison Chen, Evan Mizrami, Avani Daga, Peter Liang, Ryan Hwang, John Carlson, Erik Berlin, Brian Gu, Brandon Fu, Chloe Baril.

Abigail Kelley-Lanser, Chorus and Andrew Keeley, Band were chosen represent Hopkinton High School at the National Association of Music Educators 2019 All Eastern Division in Pittsburg, PA.

Caitlin MacDonald and Lisa Nielsen presented at the MICCA Summer Institute. Their presentation was titled "Motivation and Retention in the Elementary and Middle School Settings."

Drama

During 2019 The Hopkinton High School Drama Ensemble put on two mainstage productions under the direction of Valerie von Rosenvinge. In March, the contemporary ensemble piece *Radium Girls* was presented featuring a cast and crew of twenty two. In November, a cast of forty eight students brought to life the musical *The Pirates of Penzance*. This was a return to the HMS auditorium for a full production. The cast was supported by a student crew behind the scenes. Isaac Brody was the music and technical director and Craig Hay directed the student pit orchestra.

In addition to these two productions, HHS Drama presented student written and directed plays in The One Act Play Festival, which is part of the Annual Art Festival in May.

At the Middle School, Allison Porter and the HMS Drama Club presented the musical Into The Woods in April and The Miraculous Journey of Edward Tulane in December. Over ninety students worked on the music, set design, staging lights and sound.

The performance ensembles offered by the Hopkinton Public Schools continue to grow. The High School Bands and Chorus, and the Middle School Bands, Chorus and Orchestra all have shown increased enrollment over the past year. More students continue to join both the HHS and HMS Drama Clubs. The continued support of the community and school administration, along with the dedicated teachers, have helped to grow a rich and vibrant arts program in our schools.

Visual Arts

The students and staff members involved in the Hopkinton High School Visual Arts program had some amazing opportunities and experiences in the 2018-2019 school year. During the Fall of 2018, the Hopkinton High School Visual Arts Department, with the help of the advisors Christine Enos and Sara Williams, inducted our first cohort of National Art Honors Society members. NAHS is sponsored by the National Art Education Association. According to the NAEA website, the program began in 1978 “to inspire and recognize students who have shown an outstanding ability and interest in art. The program supports members in their efforts to attain the highest standards in art scholarship, character, and service, and to bring art education to the attention of the school and community.” (<https://www.arteducators.org/community/national-art-honor-societies/learn-more>)

In addition to the 20 hours of art related service experiences our students participated in they also worked on the first group project for the NAHS. The students and advisors worked with teacher Amy Hammer at the Elmwood School to develop and design a mural for Elmwood’s Social Emotional Learning Space.

The National Art Honors Society inductees for the 2018-2019 school year were:

Shaye Butler
Samuel Cote
Aneela Ehsan
Sophie Goodnough
Kevin Gu
Abigail Heyd
Emma Lucy
Grace Liu
Madeline Mace
Madeline Mezitt
John Micallef
Rachel Miniman
Linnea Pappas-Byers
Meera Parthasarathy
Selia Potas
Nat Sermkijserree
Abigail Smith
Hope Vidil
Levi Watson
Sarah Weissinger
Cindy Yang
Anne Zhu

In addition to our new NAHS, we had many other things to celebrate this Fall. Art teachers Christine Enos, Kris Kellenberger, and Sterling Worrell conducted their 3rd Annual trip to Purgatory Chasm in Sutton MA, sponsored by the Hopkinton Cultural Council with over 30 HHS students. Students were asked to respond to this unique environment through their art in a range of media from photography to painting and drawing in an effort to get students outdoors, working in plein air. Additionally this Fall, photography teacher, Sterling Worrell presented at MassCue on the grant he received the year prior titled "More Than Just VR Consumers: Creating Virtual Reality Art".

This past winter was also extremely productive and rewarding for our students as well. In January, the 2019 Boston Globe Scholastic Art award winners were announced. Hopkinton High School was recognized with an outstanding 15 state level awards. The award recipients were:

Name	Grade	Award	Category	Title
Hannah Ianelli	11	<i>Honorable Mention</i>	Mixed Media	Cities of The World
Olivia Jones	9	<i>Honorable Mention</i>	Mixed Media	Castello Di Amorosa Courtyard in 3D
Samuel Lozeau	11	<i>Honorable Mention</i>	Architecture & Industrial Design	Chair Project
Maddie Mezitt	11	<i>Honorable Mention</i>	Drawing and Illustration	Galapagos Giant
Maddie Mezitt	11	<i>Honorable Mention</i>	Drawing and Illustration	Asiago Donkey
Linnea Pappas-Byers	11	<i>Honorable Mention</i>	Drawing and Illustration	Frozen in Time
Usayd Sheikh	10	<i>Honorable Mention</i>	Digital Art	Type Portrait of a Friend
Kevin Wang*	9	<i>Honorable Mention</i>	Painting	Game Boy
Patrick Webb	12	<i>Honorable Mention</i>	Photography	Ease Your Mind
Cindy Yang*	9	<i>Honorable Mention</i>	Drawing and Illustration	Twilight
Andrea Liu*	10	<i>Silver Key</i>	Painting	Gondola Under the Stars
Maddie Mezitt	11	<i>Silver Key</i>	Drawing and Illustration	Stairs
Linnea Pappas-Byers	11	<i>Silver Key</i>	Mixed Media	Interrupted
Cindy Yang	9	<i>Silver Key</i>	Drawing and Illustration	Einstein's Brain
Cindy Yang	9	<i>Gold Key</i>	Drawing and Illustration	Fantasia

A slideshow of the award winning works can be seen at:
<https://www.hopkinton.k12.ma.us/academics/arts#>

Also in January, sophomores, Catherine Dacey and Ceara Perry were accepted into the 2019 Emerging Young Artists Exhibition at Umass Dartmouth for photography. EYA is a highly competitive art exhibition and competition for high school students from around New England. This year there were more than 350 submissions. Dean Laura Franz, selected only 80 works from 40 high schools to be on display. Their work was on display from January 22 – February 9, 2019 at the College of Visual & Performing Arts.

In March, high school art teachers Christine Enos and Colleen Gianino collaborated with Elmwood Art teacher Bonnie Gaus to develop two activities for the Second Annual 2nd Grade STEAM Night at Elmwood: Art Bots and Spin Art Color Mixing. The following high school students volunteered on behalf of the art department at this evening: Olivia Kirshy, Kevin Gu, Deeksha Vaidyanathan, Kate Dion, Nina Underdah, Anne Zhu, Hope Vidil.

The Visual Arts Department also hosted another successful Annual Honors Art Exhibition at the Hopkinton Center for the Arts in March. Six high school Juniors and Seniors participated in this event which was curated and advised by high school art teacher Sterling Worrell with assistance from high school art teacher, Kris Kellenberger. The featured students were: Stephanie Kapelos, Linnea Pappas-Byers, Madeline Mezitt, Ivy Missaggia, Selia Potas, and Patrick Webb.

In April, the winners from the 4th Congressional District High School Art Competition sponsored by Congressman Joseph P. Kennedy's office were announced at an exhibit at the Attleboro Art Museum. The following Hopkinton High School students had their work on display and were recognized for their achievements:

Catherine Dacey- 2nd Place, Acrylic Painting
Emma Hansen- 1st Place, Acrylic Painting
Linnea Pappas-Byers- 1st Place, Mixed Media
Patrick Webb- 2nd Place, Photography
Lily Kasper- 1st Place, Mixed Media II (Alternative Medium)
Ally Graeber- 2nd Place Mixed Media II (Alternative Medium)
Hope DeLuca- 1st Place Computer Generated Art

In May the HHS Photography club hosted their Annual Photo Contest. This year the club received almost 400 entries. Anne Rearick, noted international photographer and photography teacher at Cambridge School of Weston, served as the guest juror and selected the winning photographs. Many prizes were collected from multiple sponsors including the Hopkinton Firefighter's Association. This year's winners were:

Best in Show: Anna Feng
First Place Color: Catherine Dacey
Second Place Color: Iman Haidri
Third Place Color: Tess Weatherhead
First Place Black and White: Ceara Perry
Second Place Black and White: Emily Hayman
Third Place Black and White Photograph: Chloe Cella.

Photo: "Best In Show" winning photography by Anna Feng.

The Photography Club also assisted in several photo shoots for the Yearbook this year offering free Senior portraits to students in the Fall, taking superlative photos and also shooting club photos. Many Photography Club students also volunteered their time at the Center School farewell event this past Fall where they captured many photos of the community with the Center

School mascot, Cubby. Several other student clubs were busy this year as well. The high school Ceramics Club made dog bowls and donated them to the Baypath Humane Society.

In May, the High School Visual Arts Department held another successful “Annual Night for the Arts” where student work was on display from over 20+ High School Visual Arts electives. At the show the 14th Edition of HopArts Magazine was released to the public - a showcase of 50+ high school leveled works of art. The publication was juried this year by Anthony Fisher, Associate Professor, Fine Arts at the University of Massachusetts, Dartmouth. In addition to the display of artworks, three Principal’s Awards were given to students: Connor Grady, Gabriel Laberge and Patrick Webb.

Night for the Arts.

The department ended the school year with a field trip to the Tower Hill Botanic Gardens where approximately 30 of our 2nd semester students were encouraged to create outdoors in plein air in mediums such as photography, painting and drawing.

Business/Technology/Engineering

Computer Science

In its fourth year as a program, the BTE is proud to have expanded its offerings to Introduction to Computer Science, AP Computer Science Principles, and AP Computer Science JAVA. Each offering is full of excited students.

Girls Who Code

NCWIT: Two students from Hopkinton High School were recognized by the National Center Women In Technology Awards.

Senior 2019 Sierra Schlussel - Regional Winner

Junior Grace Ye - Honorable Mention

Boston College Women In Science and Technology awarded 9th grader Advika Agrawal with an internship in their prestigious program.

Mock Trial

The Mock Trial program has experienced a resurgence as it gained more members, especially from the 9th and 10th grades. These students compete in the MA Bar Association's statewide program to participate in an interscholastic competitive program. In 2019 the students gained valuable experience which has set them up for a fun and productive 2020.

Engineering

The Honors Engineering Course and its project partnership with the Hopkinton Fire and Police Departments were featured in the national [Tech Directions publication](#). Senior 2019 Emma Mann penned the article which features student work and the relationship built between engineers and first responders in Hopkinton, as both seek to identify and solve problems en route to an Invention Showcase.

Robotics

The Hopkinton High School Hopkinetics robotics program has 10 teams for 2019-2020. Four teams are affiliated with the Honors Team Robotics class and 6 after school club teams for a total of 72 students engaged. The teams have competed at two events so far this school year. The program has already amassed 4 Design Awards, 1 Judges Award and finished in the finals at a recent tournament. Two teams have qualified as of this report for the Southern New England championships this spring with more attempts in the near future.

In the spring of 2019 Two teams from Hopkinton High School qualified out of the Southern New England Championship. Those teams attended the VEX Worlds Championship hosted in Kentucky where over 40 countries from around the world fielded 650 teams. The teams competed well and represented Hopkinton at the highest level.

The Hopkinetics teams are sponsored this year by Hopkinton Public Schools, HPTA, Tricon Sports, Bose Corporation, REC Foundation, Hiller's Pizza, Private Donors, RoboSource.

Interns at Umass Boston STEM Summer Camp

Ten students from HHS worked with Professor Tej Dalvi of Hopkinton to host a STEM summer camp at Hopkinton Middle School. The students served as mentors to the campers who designed and built models for inclusive devices. The camp concluded with a showcase of inventive devices.

HHS Business Professionals of America students are excited to share good news of their program with the town of Hopkinton. This fall thirty two HHS students began preparation to compete in the Business Professionals of America (BPA) State and National Leadership Conferences. BPA presents students with the opportunity to demonstrate their academic skills in the areas of Business, IT, Communications, Graphics.

HHS BPA students were very successful in 2018-2019 with the following results:

Highlights from the 2018-2019 Seasons

Winter 2018-2019

The Hopkinton Athletic Programs had a very strong 2018-2019 winter season with 8 teams advancing to the postseason including a tremendous run by Boys Hockey to the State Finals. Some of the highlights from the winter season are outlined below.

The HHS Alpine Ski Team finished their regular season in the Central Mass Conference Ski League (CMCSL) with the girls' team finishing 8th, and the boys' team finishing 2nd. The team is very proud of sending six of its athletes to the 2019 MIAA Alpine Ski State Championship. On the girl's side, senior Captain Allison Marr (ranked 4th in CMCSL) and sophomore Cate Barry (8th) qualified while junior Jack Rodgers (10th), sophomore Jackson Schlusell (12th) and senior Kyle Perkins (14th) qualified. Additionally, junior captain Max Rodgers qualified after winning the CMCSL Championship and was also recognized as a Boston Globe All-Scholastic.

The Hillers Boys Varsity Basketball team completed its 2018-2019 regular season by winning 13 of its final 15 games to finish the regular season at 14-6 and 2nd in the TVL Large before losing in the D2 Central Quarterfinals. The Hillers were led by senior captains Brendan Kelly and Michael Poovakad. An Individual honor went to junior guard Steven Maffiore who was named to the TVL All-Star Team and the team was selected as the TVL Sportsmanship winner.

The Hillers Varsity Girls Basketball team finished the season at 8-12. Senior Lilly Morningstar was selected as a Tri-Valley League All-Star for the second consecutive season and this young team looks to continue to improve next season.

Hopkinton Cheerleading had a great competition season! The Lady Hillers placed 3rd at TVLs and qualified for Regionals! Nina Salmucci and Mackenzie Holmes were recognized as TVL All-Stars!

The Hopkinton Girls Varsity Ice Hockey Co-op team added Tri-County to their family this season. The team finished with 5 wins and are looking forward to next season in hopes of continuing to improve. The DSHBTC girls also hosted their 1st annual ovarian cancer charity game through DanaFarber Girly Girl Parts and raised \$1,800 for the cause! The girls are excited to make this a yearly tradition and build upon their initial success in the years to come. Lastly, the team earned the TVL Sportsmanship Award and Kristin McCluskey was recognized as a TVL All-Star!

The Hiller Boys Hockey team finished the regular season with a 12-6-2 record after winning the Fairleigh Dickinson Tournament in Martha's Vineyard to close out the regular season. In their 4th straight tournament appearance, they made a run to the State Finals after capturing the D3 South Sectional Championship as an 11 seed. Steve Simoes and Sean Walsh were named TVL All-Stars. Additionally, Steve Simoes earned his 100th career point, represented the TVL as the Bruins Sportsmanship Award Winner and was also named a Boston Globe and Boston Herald

All-Scholastic!! Coach Chris MacPherson was selected as the Boston Globe Coach of the Year!!

The Boys Track & Field team finished with a 5-0 regular season and TVL Large League Championship with two juniors selected as All-Stars, Alex Brown and Devin Kelly. The team then went on to the Division III State Championships where solid performances were turned in by Dan Logan - hurdles, Ian Cann - mile and Alex Brown who won the 2 mile with a new school record of 9:35. Alex went on to represent the team at the All-State Championships and the New England Championships!! Coach Mike Donahue was also named the TVL Coach of the Year!

After an undefeated regular season, the Hopkinton Girls' Track & Field team won the TVL showcase meet, with Ashley Donnelly (55m) and Schuyler Gooley (1000m) each winning their events, and Delaney Mick (2nd 55m, 3rd 300m) and Annie Feather (4th 55 hurdles, 5th high jump) each placing in two individual events. At the MIAA Division 3 championship the team placed fourth led by sophomore Olivia Jones who used a ferocious finishing kick to win (11:04.67) by four seconds, break the school record by 12 seconds, and better her personal best by 33 seconds. Junior Schuyler Gooley (mile) and senior Ashley Donnelly (55m) each took 2nd in their events in personal bests. Gooley's time broke her own school record by five seconds. That trio and the 4x200m relay team of Caroline Estella, Mick, Hailey Tolson, and Donnelly qualified for the All State Championship the following weekend, where Gooley placed fourth and shaved some more time off her school record (5:01.47). Gooley (mile) and Jones (2 mile), and three relay teams--sprint medley (Gooley, Donnelly, Mick, Lexi Hasbrouck), shuttle hurdles (Feather, Mick, Emily Welsh, Maggie Allen), and 4 x mile (Gooley, Jones, Jane Stilwell, Greta Field) all qualified for nationals in New York City. Individually, Ashley Donnelly, Schuyler Gooley, Olivia Jones and Delaney Mick all earned TVL All-Star recognition and Coach Jean Cann won TVL Coach of the Year!

The season concluded on a high note for our Swim & Dive Team. The Girls were Champions on their side and the Boys placed Second at the TVL Showcase Meet. As a result from the success of the entire team, we were able to get the number one spot for the combined team score at TVL's. The Girls finished 8th as a team in both the South Sectional and Division 2 State Meet due to the strong performances of our relays and individual performers both in the pool and on the board. The Boys also placed very well within their individual and relay events. Additionally, the Swim & Dive team had 10 individuals recognized as TVL All-Stars - Abbi Fisher, Brianna Tocco, Grace Cavanaugh, Cassie White, Ansley Worrell, Alyssa Fischer, Zack Holbrow, Alex Matsoukas and Jack Brennon while Tess Weatherhead was the TVL Diver of the Year!!

The Hiller Wrestling team wrapped up their season qualifying 5 wrestlers for the state tournament. Freshman Lucas Dionne, sophomore Jake Sokol and Senior Captain Christian MacDonald placed fourth in their respective weight classes while senior captain Davin Evans and fellow senior Kian Bahri placed 5th. The team looks to remain very competitive next year returning 11 of 14 varsity wrestlers.

Spring 2019

Spring 2019 was another great season for the Hopkinton Athletic Programs as every team qualified for the tournament and 6 teams won TVL Championships.

Baseball had an amazing season, finishing the regular season at 16-6 and winning the TVL Large while also winning the TVL Sportsmanship Award!! The team went on to win the D2 South

Sectional Championship before ultimately losing in the State Championship. Stephen Simoes was named the TVL Large MVP while Ben McKenzie and Tommy Ambrosone also earned TVL All-Star recognition. Simoes also earned recognition as a Boston Globe and Boston Herald All-Scholastic.

Softball also had a terrific season, finishing the regular season at 13-6 and serving as Co-TVL Large Champion. The team entered the tournament as the 13 seed, but upset Plymouth North and Walpole to earn a trip to the D1 South Sectional Semifinals, where they lost in extra innings to the eventual sectional champion, Bridgewater-Raynham. Katy Holly earned TVL MVP honors along with Jillian Ceddia and Emily Whelan earning TVL All-Star recognition. Holly also earned recognition as a Boston Globe and Boston Herald All-Scholastic.

Boys Lacrosse continued their success, finishing the regular season with a record of 13-5, and finishing 2nd in the TVL Large while also winning the TVL Sportsmanship Award. The Boys earned the #3 seed in the D2 Central/East section and lost in the semifinals to a strong Concord-Carlisle team. Cory Bannon, Zach Frank, Connor Sullivan, Luke MacDonald and Seth Jenkins earned TVL All-Star honors while Andrew Palleiko was named the TVL Large Defensive Player of the Year.

Girls Lacrosse had a very successful season, finishing 12-6 in the regular season and 2nd in the TVL Large. The team earned the #7 seed and advanced to the D1 South quarterfinals before losing to Franklin. Lydia Rudden, Olivia O'Connor, Natalie Calkins and Cami McDonald all earned TVL All-Star recognition for the Hillers.

Our spring Track and Field teams were once again the team to beat in the TVL. Both teams finished a perfect 5-0 led by TVL Coaches of the Year, Brian Prescott and Jean Cann. Ashley Donnelly, Hailey Tolson, Delaney Mick, Olivia Jones, Schuyler Gooley, Angie Grabmeier, Maggie Allen, Caroline Estella and Kate Powers were all selected as TVL All-Stars for the Girls. Ben Powers, Ian Cann, Alex Brown, Devin Kelly, Dan Logan and Garrett Powers were all selected as TVL All-Stars for the Boys. At the state championship, Alex Brown qualified in the 2 mile, Kate Powers in the discus (also finished 8th among freshmen at Nationals), Angie Grabmeier in triple jump and Ashley Donnelly in 100m. Additionally at States, Olivia Jones placed 8th in the 2 mile, Schuyler Gooley was 4th in the mile and the 4x100 team of Estella, Mick, Tolson and Donnelly finished 5th and also qualified for Nationals. The Distance Medley team of Estella, Gooley, Jones and Fischer finished 8th at Nationals!!

Boys Tennis had a tremendous spring, finishing 16-1 in the regular season and winning the TVL Large. Led by TVL Coach of the Year, Mike Miller, the team earned the #1 seed in D2 South and advanced all the way to the Sectional Finals before dropping a tough match to Walpole. Nalin Storm was named the TVL Large MVP and teammates, Andrew Keeley, Alex Guerra and Aidan Yagoobi were also recognized as TVL All-Stars.

Girls Tennis also won the TVL Large Championship, finishing the regular season at 15-2 and earned the #4 seed in D1 South. The team advanced to the Sectional Semifinals before losing a close match to Sharon. Jane Stilwell, Maya Storm, Kate Lagasse and Riley Krattenmaker all earned TVL All-Star recognition.

Hopkinton High School enjoyed a terrific season by our Unified Track team under the guidance

and leadership of Chip Collins and Caitlin Burke. Our team received the MIAA's Team Sportsmanship Award and we have also received recognition as a Unified Champion School for fostering a socially inclusive school climate that emphasizes acceptance, respect and human dignity for all students.

Lastly, Abby Jaye, was a medalist at the MIAA's Girls South Sectional Golf Championship in May as well as a Boston Globe and a Boston Herald All-Scholastic!

Fall 2019

The 2019 Fall Season was once again incredibly successful for Hiller Athletic programs as 7 teams qualified for postseason play and 4 teams won TVL championships.

The Cheer team competed hard all season while battling illnesses and injuries under the leadership of captains Maddey Strickland and Linnea Dean. The team continued to improve throughout the season while also braving the cold at many of our football games!!

Boys Cross-Country had an undefeated regular season, won the TVL Showcase Meet, won the Ocean State Invitational, finished 3rd at the Division 3 East Championship and became the first team in school history to automatically qualify for the All-State Meet. Alex Brown broke his own course record in our final dual meet of the season and was named the TVL Large MVP. Ian Cann, Nick Brown, Cody Ottinger, Patrick Barnes, Will Dionne and Jake Lacoche were all named TVL All-Stars and Coach Jennifer Fairbanks was named the TVL Coach of the Year!!

Girls Cross-Country also continued their long streak of wins in dual meets with another 5-0 season. The team won the TVL Large Championship, the TVL Showcase Meet and finished 3rd at the Division 3 East Championship!! Schuyler Gooley won the TVL Showcase meet and was named TVL Large MVP!! Olivia Jones finished 1st at the Division 3 East Championship and 4th at the All-State Meet!! As a result, Olivia was not only named a TVL All-Star, but was also a Boston Globe and Boston Herald All-Scholastic. Additionally, Greta Field, Hope DeLuca, Ali Luce and Autumn Tumbleton were named TVL All-Stars and Coach Jean Cann earned Coach of the Year honors.

Football battled all year through a very tough schedule along with some unfortunate EEE scheduling challenges and earned a bid into the D4 South tournament, before falling to eventual sectional champion, Plymouth South in the quarterfinals. The team finished on a 3 game winning streak, including a 26-7 win over Ashland on Thanksgiving. Cole Salyards earned TVL All-Star honors and Andrew Saporoschetz was named TVL Large Defensive Player of the Year. The team was awarded the MIAA's Team Sportsmanship at Gillette Stadium during halftime of the D2 Super Bowl.

Field Hockey had a very positive season this year, including a big win over eventual D2 state runner-up, Hopedale. Coach Becky Abate stepped up to take over the varsity team and continued the long standing traditions created under Coach Joan Bannon. The team fell just shy of qualifying for the tournament but fought right til the end and also coordinated a very successful Keep Smilin event again this season. Lizzy Gross, who was terrific in goal all season, was named a TVL All-Star.

Golf continued their long-standing success as they finished the regular season at 16-1 and were named TVL Champions once again. The team finished second at Sectionals and 4th at the State Championship. Matt Epstein earned TVL MVP honors for the 2nd year in a row while Ned Dean, Ryan Lundy, Jack Petruney, Calvin Rodman and Geoff Tocco were all named TVL All-Stars. Additionally, Matt Epstein was selected as a Boston Globe and Boston Herald All-Scholastic. Sadly, at the annual banquet, Coach Dick Bliss announced his retirement after 40 years at the helm!! You will be missed Coach Bliss!!

Boys Soccer qualified for the state tournament once again this season after finishing the regular season, 7-7-4 and earning the #14 seed in D2 South. The team traveled down to Fall River and upset #3 Diman Regional before falling in the 11th round of penalty kicks at Bishop Feehan. Owen Schnur earned TVL All-Star recognition and the young team looks to continue their improvement into next season.

Girls Soccer had a big target on their backs all season after making the state finals in 2018 along with a difficult schedule, but they battled to a 6-6-6 regular season record and won their first tournament game in Nauset in penalty kicks thanks to some amazing goaltending from Kristin McCluskey. Unfortunately the girls season came to an end against top seeded, Old Rochester. Olivia O'Connor and Lexi Hasbrouk both earned TVL All-Star honors.

Volleyball created an amazing buzz in the school this fall as the team finished the regular season undefeated at 18-0 and won the TVL Large Championship for the 6th straight year. The team went on to appear in the Sectional Finals, before losing to the eventual state champion, Needham. Morgan Allen and Cadyn Boyce were named TVL All-stars while Angie Grabmeier was recognized as the TVL Large MVP as well as a Boston Globe and Boston Herald All-Scholastic. Coach Margie Grabmeier was recognized as the American Volleyball Coaches Association Coach of the Year for our region.

Unified Basketball had an amazing 2nd season under the leadership of coaches Jay Golden and Caitlin Burke. Our home games were amazing events illustrating the best of what makes Hopkinton High School such a special place. We had over 40 students participating between athletes and partners and team wrapped up their season at a jamboree in Bellingham in November. One highlight was Jack Malone's game winning basket in a 67-66 victory over NIPMUC helped along by 4 straight threes from Max McNamara!!

The Hopkinton High School Athletic program was once again named to the MIAA's Sportsmanship Honor Roll for exemplary sportsmanship demonstrated by our coaches and student-athletes!! In addition to the accomplishments achieved by these teams, the many service hours donated and community involved exhibited by each group truly distinguish them. They are exceptional athletic programs who value hard work, being great teammates, and most importantly being great people. All Hiller teams did a fantastic job generating school spirit and supporting each other. The Hillers Grillers were also instrumental in rallying the troops and supporting the HHS athletic programs!!

HOPKINTON MIDDLE SCHOOL

Enrollment at Hopkinton Middle School for the 2018-2019 school year was 848: an increase of 40 students from 2017-2018.

Our work as a school community, as always, was guided by our School Improvement Plan. The HMS School Council meets regularly to discuss the strengths and areas for growth of our school, eventually resulting in our annual School Improvement Plan. Many thanks to the School Council Members who shaped our 2019-2020 School Improvement Plan: Ann Benbenek, Assistant Principal; Mande Lape, Assistant Principal; Rebecca Abate and Shannon Oles, Grade 8 Teachers; Jane Sherwill, Grade 7 Teacher; Parents: Lee Burns, Dawn Ronan, Beth D'Alleva, Alexis Murphy, and Christina Perlov. Grade 8 students Jayna Madden, Vibha Ghadiyaram, Hailey Kessler, Owen Mitchell, Nived Subhendu, and Ariana Scheidel were selected to comprise this important group, offering important insights and perspective that led to an informed set of goals focused on: 1) refining a systematic and multi-tiered system of support for all students, 2) committing to an academic and social culture that advances and embraces diversity, and 3) incorporating opportunities for students to engage in curricular choice, school governance, schoolwide needs/problems/challenges.

In looking to meet the needs of students related to these goals above, we added two new courses: *Foundations of Literacy* for our students who need additional support in reading and writing and *Grade 6 Math²* which helps students grasp the grade 6 math standards, like all other grade 6 math courses, as well as meets an additional five periods in the 12-day schedule.

Our Student Advisory, comprised of representatives from each grade level met with Mr. Keller, Mrs. Benbenek, and Mrs. Lape on a regular basis. Their responsibilities include making improvements to our school grounds, enhancing our school culture, and interviewing candidates for teaching positions.

This year we added a new course, *Guidance Seminar*, for all grade 6 students. This class offers proactive guidance programming centering on self-management and self-awareness, decision-making, relationship skills, and social awareness.

Each year we endeavor to meet our students' needs for after-school programs. This year we had four new entries: The *HMS Herald*, our monthly student newspaper, Spanish Club, Writing Club, and an Intramural Program for our students in all grades. We are proud of the many clubs and activities we offer at the Middle School. Thank you to the teachers who make all 30 of our clubs possible by giving of their time, and thank you to our students who keep bringing such great ideas for after school programs.

We were thrilled to receive two Boston Marathon Invitational Waivers from the Board of Selectmen. Our two runners, one of whom was our very own Ms. Katharine Brummett, raised funds for two very important Hopkinton Middle School programs, Desire to Inspire and Sky's the Limit Courtyard Fund.

We implemented *A World of Difference* Peer Training Program for Middle and High School Students offered through the Anti-Defamation League. This program offered a diverse group of thirty students in grades 7 and 8 the opportunity to facilitate and sustain positive social change in our schools. These peer leaders were trained to lead developmentally appropriate activities and discussion within grade 6 classrooms on bias-related issues pertaining to race, ethnicity, culture and other aspects of human diversity.

The following new employees joined HMS in the 2018-2019 school year:

- Science teacher Paula Parker: Ms. Parker came from Doherty Middle School in Andover. Prior to that she taught at Boynton Middle School in New Ipswich, New Hampshire. Paula earned her Master of Science from Fitchburg State University.
- English and Social Studies teacher Bill Mingace: Mr. Mingace previously worked at Shrewsbury and Hopkinton High Schools. Bill received his Master of Arts from Worcester State University and his Bachelor of Arts from Framingham State University.
- Math teacher Christine Stameris: Mrs. Stameris previously taught at Southbridge Middle School and the Lincoln Street Elementary School in Northborough. Christine received her Master of Science from St. Michael's College and her Bachelor of Arts from SUNY at Potsdam.
- Learning Specialist Caitlin Smith: Ms. Smith was previously a Behavioral Aide at Melican Middle School in Northborough. Caitlin received her Master of Science from American International College and her Bachelor of Arts from Franklin Pierce University.

STUDENT SERVICES

Through the use of local, state, and federal funding, as well as grant money, the Student Services Office provides comprehensive programming for all students Pre-K to age 22 who are in need of specialized instruction or services. The Hopkinton Public Schools holds high standards and expectations for both staff and students. Accordingly, special education and support staff engage in quality professional learning, which enables them to deliver research-based instruction and to make data driven decisions.

The Student Services Office is responsible for Special Education students ages 3 to 22, Child Find, students on 504 Plans, and the implementation of McKinney Vento. A range of programs and a continuum of services are available to all our learners. The goal is always to provide services for student's success, achievement, and transitions throughout their school years to ensure they have every opportunity to become independent, lifelong learners, and productive citizens in a global, competitive society.

In 2019, the Student Service Office moved to the second floor of the Central Office building located at 89 Hayden Rowe Street, Hopkinton, MA. The exciting part of this move was that students in Hopkinton's 18-22 EXCEL program were able to occupy the former Student Service Office space located at 88a Hayden Rowe Street, which was redesigned this year to meet the needs of the students in the EXCEL program. During the 2019-20 school year the Special Educators will continue to enhance this space and work to refine the program for students to access a range of opportunities both onsite and in the community. We will soon be hosting other districts in our new location to further enhance social opportunities and peer connections.

The EXCEL program is ongoing and allows the students to increase their independent skills in transitional areas including vocational, social skills, independent living skills, communication, and self-care. These students focus on transition from secondary education into adult life. The EXCEL Program visits numerous locations in the greater Hopkinton Community throughout the week. Current weekly vocational opportunities include the Hopkinton Public Library, the Sheraton Framingham Hotel, and Conference Center, Encompass Fitness in Marlborough, and Framingham State University internships. Students also assist the Hopkinton Center for the Arts with the distribution of flyers and brochures to various locations in the greater Hopkinton community. They access a community gym for personal fitness activities, practice banking skills, and access public transportation via the local bus. They participate in multi-community social activities with other local district programs on a weekly basis including dining, cooking, physical fitness, and leisure activities. In addition, students have visited various business locations for tours of the site, as well as an opportunity to ask about employment opportunities within each business.

The High School Life Skills program will continue during the 2019-20 school year. This past year students in the Life Skills program engaged in functional academics, and visited community and vocational sites each week to assist with transitional areas including vocational, social skills, independent living skills, communication, and self-care. Opportunities include updating the schedule displayed in the atrium, delivering slips to classrooms, feeding classroom animals, working in the cafeteria, hanging flyers, delivering interoffice mail, running the Daily Grind Coffee

Shop, and providing a gift wrapping service for staff. Students also partnered with the Athletic and Drama Department, and Student Council to assist with sporting and school events, and engaged in travel training with our 18-22 EXCEL program.

The Bridge for Resilient Youth in Transition program in Brookline, Massachusetts, also known as B.R.Y.T., continues to partner with the Student Services Office and the Marathon and Elmwood Elementary Schools' staff and administrators to enhance how we address the social-emotional-behavioral needs of our students at this level. B.R.Y.T. staff will continue to assist us with analyzing data, resources, and continued program development. B.R.Y.T staff have successfully worked with the Hopkinton Public School district in the past to build our Student Therapeutic Academic Resource Team, also known as the S.T.A.R.T. programs, at the secondary level.

The Extended Day program continues at the high school level and is individualized to meet students' needs and runs up to three days a week. Student schedules are designed to provide a range of activities involving typical peers whenever possible. Activities include best buddies, cooking, school clubs, as well as community and vocational opportunities. We strive to ensure students develop social connections with peers and build life skills during this program.

The Extended School Year Program (ESY) continued in 2019 for students with identified needs and will continue this year. We provided a range of activities this past year in partnership with parents, educators, and local businesses. The students had fun swimming, hiking, and boating at the YMCA in addition to engaging in fun crafts and other summer activities. Other onsite activities included planting and growing, mystery reading, science based experiments, movement, music, dance, yoga, outdoor exploration, artistic creations, and menu planning and pricing with the owner of the Spoon restaurant. We contracted with Kids in Sports and provided students with various athletic activities to assist them with working together, following directions, and socializing. Officer Phil Powers provided safety skill lessons, canine unit presentations, and ongoing support. In addition to educators utilizing instructional plans to provide student-specific instruction aligned to IEP goals and objectives, we hired a School Adjustment Counselor to provide individual and group support to students, and our beloved therapy dog, Rebel, made frequent visits to the program. It was a great Summer! ESY program enhancement will continue during the 2019-20 school year.

ACCEPT Collaborative continues to provide transition coordination and planning for the district. Transition planning is an ongoing process that assists students with transitioning from high school to young adulthood. Planning and setting appropriate goals is an essential part of this process. Factors include post-secondary goals, career, vocational and independent living skills. Transition plans must begin no later than the first IEP developed when the eligible student is 14. The Individuals with Disabilities Education Act (IDEA) requires that transition planning be part of the Individualized Education Program (IEP). Additionally, ACCEPT Collaborative provides our transportation for eligible students in and out of district. We strive to continuously improve transportation services during each school year.

SEPAC stands for Special Education Parent Advisory Council. Parents of special education students join together to provide information and support to each other. SEPAC meets regularly with administration to plan agendas, events and workshops and will continue to do so in the coming year.

COUNCIL ON AGING
HOPKINTON SENIOR CENTER

Metrics:	Number of meals provided to seniors	8,637
	Number of breakfasts provided to veterans	540
	Number of vehicle trips provided to seniors	3,603
	Number of programs or events	3,642
	Total attendance at programs or events	16,116

The Council on Aging seeks to enhance and enrich the quality of life for adults aged 60 and older in the Town of Hopkinton, by providing activities and services that encourage independence, healthy living, and continued participation in the community. We envision a Hopkinton where seniors are a valued and respected part of the community, where they may have active and independent lives, and live safely in their homes and community for as long as they choose. Hopkinton should be seen as the best place to retire as well as raise a family!

At the Hopkinton Senior Center we strive to provide and grow programs that meet a wide range of needs and interests by offering a variety of exercise classes, educational programs (history, art, music, health related), multiple art and craft groups (quilting, knitting, pottery, painting, and special craft programs), support groups, transportation and day trips. We offer a daily lunch program to meet nutritional and social needs.

Along with our daily classes and activities the Senior Center offers a variety of special events and programs. We continue to celebrate Hopkinton's veterans with a monthly breakfast in their honor. Our annual Art and Variety shows celebrate seniors by spotlighting talented artists, crafters, singers, and dancers in the community. Hosting several billiard tournaments with area senior centers was a highlight for many of our pool players looking for additional competition, resulting in the best season they have had in the past 5 years and winning more than they lost. The yearly Bocce Tournament with a Senior Center team playing against the Police and Fire department teams is always an exciting event, with bragging rights and trophy held by the winning team. This past year the Senior Center team took home the trophy!

COUNCIL ON AGING
HOPKINTON SENIOR CENTER

This past year we partnered with several community groups and organizations. These collaborations have included: a Chai Tea Event with the South Asian Cultural Circle, an Intergenerational Dance with the Happy Hillers (High School Club), guided walks with the Trails Committee and Historical Society and the continued collaboration with the Hopkinton Public Library for the monthly Memory Cafes, a program which supports individuals and caretakers living with dementia .

Our Wednesday expanded hours has allowed us to expand our exercise offerings -- adding a Pound, Tap Fit and Yoga class to our already full complement of exercise classes. Our arts programs have grown to include 2 pottery classes and more “crafty” classes along with our on-going quilting and knitting groups. Thanks to seniors input we added the following programs to our schedule: bike riding program, local trails walks, chess, Mah Jong, Health Department presentations, social media classes and more! We once again are a host site for the 50+ Job Seekers Networking Group through a grant from Massachusetts Council on Aging which supports job seekers who are unemployed, under-employed, seeking a new career direction or re-entering the job market after an employment gap.

COUNCIL ON AGING
HOPKINTON SENIOR CENTER

We are excited to see new seniors coming in to take advantage of what the Senior Center has to offer, and becoming a part of the “inner workings” of the Center by volunteering. We are fortunate to draw volunteers from across the community -- seniors, other adults, and a growing number of high school and college-aged students have all joined our volunteer ranks. Our wide range of volunteers brings a richness to our programs and community.

Looking forward, we expect to expand transportation options for Hopkinton seniors and other residents, to expand programs that would be of interest to a more active senior population, and to expand Hopkinton’s identity as a caring and dementia friendly community.

We welcome the chance to show you this vibrant and active community and share our many activities with you!

Respectfully submitted,

Amy Beck, Senior Services Director

SOUTH MIDDLESEX REGIONAL VOCATIONAL TECHNICAL SCHOOL COMMITTEE (KEEFE REGIONAL TECHNICAL SCHOOL)

This annual report is prepared by Superintendent /Director, Jonathan Evans, and composed on behalf of the members of the School Committee of the **South Middlesex Regional Vocational Technical School District** and submitted after review and approval by the full Committee in compliance with the provisions of the Agreement among the City of Framingham and Towns of Ashland, Holliston, Hopkinton and Natick.

This report reviews from the perspective of the Committee the principle items with which the Committee was concerned during the year. It is a representative account of matters solely within the policy making authority of the Committee and also of matters which the Superintendent/Director brought before the Committee for information and consultation. For greater detail and discussion the reader should read the extended minutes of Committee meetings and the attachments thereto which are available at the school office.

In addition to a public high school, the South Middlesex Regional Vocational Technical School District provides continuing education opportunities for adults through the Keefe at Night program as well as Summer Discover, a summer program for area youth.

The Committee reorganized on June 17, 2019 with officers elected unanimously to the following positions:

Chair: Edward Burman (Ashland)

Vice-Chair: Sarah Commerford (Holliston)

Secretary: A.J. Mulvey (Framingham)

Assistant Treasurer: Barry Sims (Holliston)

Staff members working on behalf of the District and School Committee are Karen Ward, **Recording Secretary** and Jack Keating, **Treasurer**.

The balance of this report presents a summary of the discussions and actions of the Committee on a number of the important matters brought before the Committee for advice or action.

In May 2019, Keefe Regional Technical School hosted a breakfast for the Community Based Justice Program (CBJ) that included Middlesex County District Attorney Marian Ryan, Probation Officers, School Officials and area Police Department Representatives.

It should also be noted that all five district municipalities' high school's swimming teams practice and compete at the Keefe Regional Technical swimming pool. The pool is also used by the Framingham Park and Recreation Departments.

Administration

In 2019, Jonathan Evans completed his sixth year in the role of Superintendent Director, with 24 years of service to the district.

The School Committee adopted goals for the Superintendent's performance evaluation period from July 1, 2019 through June 30, 2020. The goals adopted related to the following: Services for Growing English Language Learner Population, Build Stronger Connection to Alumni, Reviewing and Articulating Competitive Advantages of Career and Technical Education Programming.

The School Committee completed its periodic evaluation of the Superintendent's accomplishments against established goals and desired qualities established in the DESE Rubric and found him to be Proficient approaching Exemplary for Standards II Operational Systems and Standard IV Consensus Building; Proficient in Standard III Family Engagement; and Exemplary in Standard I Improved Performance, Effectiveness and Learning; with an Overall Rating of Proficient. The complete record of this evaluation is a public document that will be available at the South Middlesex Regional School District Superintendent's Office.

School Improvement Plans

The School Improvement Plan for the 2019-2020 school year includes the following objectives:

1) Pilot a new model for our Student Response Team, with a focus on broadening the referral process and consistent collaboration of support faculty, 2) Prioritize incorporating the school's core values into student programming and school-wide activities. 3) Academic departments will implement common scoring mechanisms to ensure an equitable student experience and will complete a final curriculum action plan to evaluate the three-year revision and implementation process, 4) Career and Technical Programs will incorporate data analysis of graduation rates, absenteeism/tardiness, Cooperative employment and suspension rates by each department and by grade and teachers within the program will incorporate improvement strategies over last year's results .

The Professional Development Program included a series of workshops hosted by the ELL Department. Topics included: 1) Collaborating with academic, vocational and ELL teachers, 2) Differentiating materials and curriculum for ELLs, 3) Working with Level 1 and Level 2 ELL students, 4) Working with ELLs and their families, 5) Providing

social-emotional support for ELLs, and 6) Working with ELLs in the vocational technical areas (OSHA, safety, related theory). The opening of school for teachers featured a motivational presentation by Brooks Harper. Brooks is a leading speaker in College and Workforce Readiness. He spoke to faculty and staffs about helping students discover, develop, market and sell their talents, skills and abilities that bring tangible value to the marketplace. In the second half of the school year, teachers will attend professional development by Roots and Wings, an organization that will work with students to train them to engage in conversations surrounding climate and culture. The training will culminate in a “Teen Speak Out” Event for students.

Handbook

With review by the School Council, updates to the Handbook were made. A section on academic plagiarism and cheating was included, which detailed the progressive consequences for students in violation of the policy. The number of credits needed was updated from 42.5 to 43.5. There were changes to two programs: Business Technology was deleted and Graphic Communications is for students graduating during the years 2020, 2021, and 2022.

The Budget Process

The Budget Sub-Committee members Ed Burman, Larry Cooper, A.J. Mulvey, Ruth Knowles, Elizabeth Smith-Freedman and Barry Sims are beginning the FY21 budget development process.

In 2019, the Superintendent continued the practice of communicating early in the budget process with the financial officers of the member towns to develop mutual awareness of both municipal budget constraints and the efforts of the Committee to manage the school efficiently and effectively while recognizing those limitations. The Committee continued to consider reductions in the preliminary budget and the budget of \$19,778,463 as submitted to the member municipalities for FY20 was approved by all.

Auditor’s Report

The annual audit by the independent accounting firm of McCarthy & Hargrave is in the process of preparing the financial statements for committee review. It is expected that the audit report that calculates our energy project will meet the stipulated guarantee benchmarks for the 2019-2020 year.

Enrollment, Recruiting and Student Retention

Keefe Regional Technical School is a school of application. Maintaining a healthy enrollment of students for our day school operation is essential for our overall operational success. The Superintendent has indicated that he believes that the quality and rigor of our school programs and the safety and culture of our school environment will lead to our success in attracting students and their families to Keefe Regional Technical School. The Superintendent has emphasized that the administration, faculty

and support staff must work together to ensure that Keefe Regional Technical School continues to be recognized by our community as a career and technical school of high quality. In the fall of 2019, our recruitment efforts included a two-hour showcase visit for all 1900 8th grade students from the public schools in our district, followed by an Open House Career Night for prospective students and their families.

We are pleased to report the enrollment on October 1, 2019 was 800 students reflecting a substantial increase in enrollment.

Buildings and Grounds

Keefe Regional Technical School has been occupied continuously since September 1973. The facility is used not only during the school day and year but also evenings, weekends, and during the summer months.

Facility upgrades that were completed in 2019 include replacement of auditorium audience seats, replacement of carpeting in the Culinary Program restaurant, the Library, the Auditorium, and the entire 3rd floor classroom corridor, removal of carpeting in several classrooms and replacement with floor tile, replacement of all classroom and shop entrance doorknobs with ADA compliant door levers and hardware, installation of Braille signage to classroom and shop entryways, repairs to parking lot pavement, upgrades/repairs to main boilers/heating system, replacement/addition of furniture and equipment in several classrooms and CTE programs, repair/painting of interior and exterior surfaces, plumbing and electrical upgrades, replacement of interior lighting (lamps and fixtures) through participation in Eversource LED Energy Conservation Upgrade Program, replacement of ductwork insulation in Electrical CTE area, upgrades/repairs to swimming pool complex, installation of football field scoreboard, installation of informational banners on exterior light posts, and the purchase of two 14 passenger minibuses.

Facility projects identified for future consideration include implementing recommended NEASC Visiting Team facility upgrades, replacing boiler in greenhouse, overhauling Broad chiller AC unit, replacing essential vehicles, replacing carpeting in classrooms 201-210, replacing fencing separating shed storage yard and football field, replacing ductwork insulation in Metal Fabrication CTE area, installing a room divider in Dental Assisting CTE area, replacing auditorium stage curtains, replacing auditorium stage lighting system, Horticulture Department design and construction of patio/lunch area outside of cafeteria, replacing custodial cleaning equipment, Carpentry Department design and construction of classroom space inside Carpentry CTE area, installing swimming pool chemical monitoring system, expanding the surveillance system, and replacing the scissor lift platform unit.

Student Achievement

The 2019 Massachusetts Accountability Classification System includes information related to the progress and improvements specific to a series of state-determined targets. This system measures accountability percentiles, graduation rates and

participation rates to determine each school's overall performance and classification. Keefe maintains a solid status, labeled as, "moderate progress toward targets."

Keefe continues to focus on closing achievement gaps, while undertaking a new computerized assessment system. Staff and students participated in computer-based testing for the Next Generation Assessment, also known as MCAS 2.0, in English and Math last March and May. An average of 43% of students have "Met" or "Exceeded Expectations" in English and Math. An average of 62% of students scored "Advanced and Proficient" in Biology. The 2019-2020 school year will be the last year of the Legacy MCAS test for Biology. Starting next school year, 2020-2021, all required state exams, needed for Competency Determination (CD), will be assessed using a computer-based testing system. Additionally, Keefe students showed an increase in growth in the areas of the four-year cohort graduation rate, the annual dropout rate, chronic absenteeism and advanced coursework completion.

Keefe added two additional AP courses, bringing the total to six courses offered in a variety of multidisciplinary areas for students seeking a more rigorous course load. Students who took the College Board AP exams last May continue to perform at a commendable rate. The Advanced Placement participation rate reports that 64 students took a total of 93 AP exams.

Keefe Regional Technical School hosted the SkillsUSA District Level competition on Wednesday, February 7, 2019 and had 115 students compete. Keefe Tech students won a total of 36 medals. Keefe Tech was awarded 5 medals at the State Level. Three students represented Keefe Tech at the National Level. Fourteen Keefe Tech students competed in the Future Farmers of America at the State Level. Twenty-five Keefe Tech students competed in Business Professionals of America at the State Leadership Conference and were awarded 11 First Place Gold Medals, 11 Second Place Silver Medals, and 10 Third Place Bronze Medals. One Keefe Tech student competed at the National Leadership Conference where he was awarded 4 top ten medals and one first-place finish.

General Advisory Board

The General Advisory Committee consists of the Chairperson from each of the Program Advisory Committees. The General Advisory Committee reviews curriculum and equipment requests, summarizes these requests, and brings to the attention of the Administration and the School Committee observations and recommendations from the Program Advisory Committees. The points noted for the current school year include: the need to continually align the curriculum with changes in equipment and technology within specific industries; community outreach to bring Keefe's programs to potential students; increasing opportunities for students and employers through the co-op program; continued pursuit of grant funding for state-of-the-art career and technical equipment; and training students to acquire industry-recognized credentials to help them make the transition from school to work.

TAX RELIEF COMMITTEE

The Tax Relief Committee administers the Hopkinton Elderly and Disabled Tax Relief Fund. This fund was established in 1998 to provide financial assistance to needy persons in the payment of their Hopkinton real estate taxes. Since 1999 tax relief distributions totaling \$154,000 have been made to eligible taxpayers via tax bill offsets. The Tax Relief Fund is supported by donations from generous residents and organizations. Also the Fund has benefitted from receipt of Boston Marathon entries for the past several years.

In 2019 the Committee approved tax relief awards of \$700 each to 29 persons.

The goal for 2020 is to raise funds in line with those raised in recent years and to efficiently process all applications for tax relief. The Committee requests that Hopkinton taxpayers generously include an extra \$25 to the Tax Relief Fund when paying their 2020 property taxes. Donations can be made by check or online through the Town's website. Thank you for your consideration.

TOWN CLERK

I would like to thank the residents of the Town for their continued support. This report will provide a glimpse of the work we do to best serve you as well as the accomplishments of the Town Clerk's Office in 2019.

Staying Current:

In an effort to best serve the residents of Hopkinton, staying current on the complexities and demands of running a professional and effective Town Clerk's office is essential. The Massachusetts Town Clerks Association, the New England Association of City and Town Clerks, and the International Institute of Municipal Clerks provide training and resource opportunities. Attending conferences is important to prepare for State and Town elections, and to advance our knowledge, as Town and City Clerks, of the current federal, state and local mandates. The information acquired from Town and City Clerk's Associations is immeasurable. This year, I attended the Academy New England Municipal Clerk's Institute with a scholarship to attend at no cost to the Town. I want to thank the Town for continuing to support this investment in the continued professional development of the office.

2019 Town Meetings and Elections:

I am immensely thankful for our outstanding election staff, without whom our seamless democratic process would not be possible. Our election staff continues to operate with professionalism in their dedicated service to this community. They have served this past year in a February 11, 2019 Special Town Meeting; the May 6, 2019 Annual Town Meeting; the May 20, 2019 Annual Town Election; and a December 16, 2019 Special Town Meeting. We also successfully hosted early voting again for November and we were able to secure grant funding and use it to open on Saturday for the convenience of voters unable to make it during our normal office hours. The results of the 2019 Town Meetings as well as the Town and Election are available in this 2019 Annual Town Report.

I am also proud to share that, with the generosity of the voters at Town Meeting, we were able to purchase new, state-of-the-art, election equipment. We were able to purchase new tabulators that continue to have no network capability so you can feel confident that your vote is accurate and secure. These tabulators had their first use during our Annual Town Election in May. We were also able to purchase Poll Pad electronic check-in devices that allow for smooth and efficient check-in for Town Meetings and early voting.

I also traveled to Boston to testify before the Joint Committee on Election Laws at the State House on Ranked Choice Voting in Massachusetts from the perspective of a local election official. I was happy to take the thoughts I received from fellow residents regarding this potential change and discuss the challenges involved as well as the benefits we as voters will gain from its potential implementation.

Educational Programs:

We used the heightened political and civic consciousness that arose in 2019 as a chance to get more students, that are eligible to vote, registered and all others that are soon to be eligible, pre-registered. We did this, in conjunction with the School Department, through voter registration drives at Hopkinton High School. We conducted registration drives through new communities, such as Fairview Estates and Legacy Farms, in order to ensure everyone has their chance to vote. We were also fortunate to work with the Library on Hopkinton 101 to better inform residents of what services we can provide them. Continuing to work with

these organizations, along with these young and passionate residents, who devote their time and energy to the community, will shape the minds of those destined to be the leaders of tomorrow.

Annual Listing of Residents:

The Annual Census is a year-long endeavor beginning with the preparation in the fall months with a goal to mail them to all households in January. Once this form is returned, this office then processes all changes in the Voter Registration Information System. The Town Clerk's Office records the family members who are living at an address and those members who have moved out of town. It is also important to note that the census form does not register a resident as a voter. If a resident wishes to register to vote or change party affiliation, they must fill out a voter registration form and file it with the Town Clerk or register to vote online.

It is State law that if a voter fails to respond to the annual census, it will cause them to be listed as an "inactive voter". The voter would then need to show proof of continuous residence in Hopkinton, in order to reactivate their voting status and vote. If a resident who was registered to vote has moved out of town, we cannot remove a voter without their signature. We make every effort to contact them to obtain their signature verifying that they no longer live in town. Please, do not hesitate to contact this office with any questions regarding the voting process or the annual town census.

Dog License Renewals:

Dog license renewal forms are attached to the Street Listing Form. The staff processes and sends out dog licenses between January 1st and April 1st without penalty. Dog licenses are issued only with proof of the dog receiving a rabies vaccination, in accordance with provisions of Sec. 147A of Chapter 140 of the Massachusetts General Law. In 2019, the Town Clerk's Office issued 2,217 dog licenses (compared to 1,941 in 2018) along with 5 kennel licenses (a kennel license may be issued to a dog owner if they have 4 or more dogs).

Open Meeting Law:

The Town Clerk has the responsibility of ensuring that the Open Meeting Law is observed with the posting of all town meeting agendas at least 48 hours prior to any open meetings. The notice of the public meeting is required to be posted at two locations available to the public; one of which has to be accessible to the public 24 hours a day. This is achieved through the acceptance by the Board of Selectmen of Town meeting notices on the Town's website. The binder located outside of the Town Clerk's Office serves as the primary posting location.

New Public Records Law:

Starting on January 1, 2017, changes to the Massachusetts Public Records Law came into effect. Some of these changes included changing the fees that can be charged, adapting the timeline to ensure expediency, promoting use of electronic records to decrease costs to requesters, and the designation of Records Access Officers (RAO) that ensure requesters gain access and communicate status of requests. The Town Clerk is the default RAO and chief record keeper of the Town. Through discussion with the Board of Selectmen and their staff, we decided to designate RAO's for each department that receives frequent record requests to ensure that it could be handled in an expedient manner while still ensuring the Town Clerk can guide the process and ensure compliance.

Ethics & Conflict of Interest:

The conflict of interest law seeks to prevent conflicts between private interest and public duties and foster integrity in those participating in public service. The Town Clerk serves as the liaison to the Ethics Commission of the Commonwealth and ensures that all elected and appointed officials of the Town are in compliance with the law.

Preservation of Town Documents:

This office was generously granted funding of \$20,000 through the Community Preservation Fund by Town Meeting. This funding was used to preserve the historic documents that are stored in the Town Clerk's lower vault, dating back to the 1700 & 1800's. Unfortunately, even with all of the progress made, the list of documents in need of preservation continues to grow as more and more records reach an older age and begin to deteriorate.

Register of Vital Statistics:

Below is a report of the Town's Register of Vital statistics as of December 31, 2019:

Births	161
Marriage Intentions	47
Marriages	45
Deaths	105

I would also like to extend my most sincere thanks to those workers in the Senior Tax Credit Program. These dedicated individuals make the quality of service that we provide possible by skillfully assisting with all manners of tasks that we would otherwise not have the staff to complete.

It is this office's goal to continue excellent communication and assistance to residents through our webpage including the town bylaws, town meeting and election results, voter information, and various online forms. We always invite you to stop by the office for assistance and more information on what is going on in your town government.

Last but certainly not least, I would like to thank the voters of the Hopkinton, who re-elected me to serve as Town Clerk for another three years. I am so grateful to be able to serve you all as my friends and neighbors. It is you all that make this community such a great place to live and I am honored to serve as your representative.

Sincerely,

Connor B. Degan
Your Town Clerk

ARTICLE XXXVI
Subdivision, Garden Apartment & Village Housing Phasing

§ 210-251. Intent and purpose.

The intent and purpose of this article are as follows:

- A. To ensure that growth and development occur in accordance with the planning objectives of the town, in an orderly manner and at a rate that can be supported by Town services, without large year-to-year variations in rate;
- B. To provide the Town with the opportunity to study the effect of growth on the infrastructure, finances, character and municipal services of the Town and to plan for such capital improvements as may become necessary;
- C. To ensure that the pace of residential development is related to the town's ability to provide adequately for public safety, schools, roads, municipal infrastructure and human services at the quality which citizens expect, and which is within the town's ability to pay;
- D. To preserve and enhance the existing character of the community and its property values; and
- E. To allow departures from the strict application of the growth rate measures in this article when appropriate to encourage those types of residential growth which address the housing needs of specific population groups or which significantly reduce the residential density of the town.

§ 210-252. Applicability.

Board of Selectmen Chair Claire Wright

Warrant

A. This article shall apply to dwelling units in all subdivisions, Garden Apartment developments and Village Housing developments approved by the Planning Board pursuant to the Subdivision Control Law, MGL c. 41, §§ 81K through 81GG, after the effective date of this article. It shall also apply to dwelling units on lots which obtain legal frontage on a street shown on an approved definitive subdivision plan approved after the effective date of this article. For the purposes of this article, subdivisions on adjoining properties held under common ownership at the time of the effective date of this article shall be considered a single subdivision.

B. The provisions of this article shall expire on July 1, 2022; however, Town Meeting may extend the provisions of this article for such additional term as it deems appropriate.

§ 210-253. Issuance of building permits.

A. No more than 10 building permits for the construction of new residential dwelling units which are situated within any subdivision, Garden Apartment development or Village Housing development as referred to above or which obtain their legal frontage on streets shown on any of the subdivision plans as defined above, shall be issued in any twelve-month period.

B. Lots fronting on a street shown on a subdivision plan, or dwelling units shown on a Garden Apartment development plan or dwelling units shown on Village Housing development plan approved after the effective date of this article, but not contained within the limits of the subdivision plan, or Garden Apartment development or Village Housing development, shall be included in the calculation of the total number of lots shown on the subdivision plan, or Garden Apartment development or Village Housing development, pursuant to which the street was created.

C. The Planning Board may authorize the issuance on one occasion only of up to two additional building permits for dwelling units during the last 12 months of construction of the subdivision road and infrastructure if, in the opinion of the Planning Board, the issuance of the permits would result in or facilitate the prompt completion of the subdivision.

§ 210-254. Exemptions.

The provisions of this article shall not apply to the following types of residential development and properties:

A. Applications for building permits for the enlargement, restoration, alteration or reconstruction of a dwelling.

B. Individual building lots not created by a definitive subdivision plan approved pursuant to MGL c. 41, § 81U.

C. Individual building lots created by a definitive subdivision plan approved by the Planning Board prior to the effective date of this article.

ARTICLE: 42	One Year Growth Restriction	<i>Sponsor: Amy Ritterbusch/Deborah Fein-Brug, Citizens Petition</i>
--------------------	------------------------------------	--

To see if the Town will vote to amend the Zoning Bylaws of the Town of Hopkinton by inserting a new **Article XXXVII, One-Year Growth Restriction**, as follows:

**Article XXXVII
One-Year Growth Restriction**

210-256 Purpose

The purpose of this section is to implement a reasonable and temporary cap, until June 30, 2020, on construction of new dwelling units in the Town.

210-256.1 Background

The Town of Hopkinton is faced with sudden increased development activity and a rapid increase in school enrollment far greater than the enrollment projections provided to the Schools by the New England School Development Council last year. From 2010 to 2017 Hopkinton has grown in population by 20.8 percent. Although the building of a new elementary school was just completed in 2018, upon its opening last year all Hopkinton Public Schools buildings are now at or approaching their recommended capacity, and additional rapid growth is anticipated in the coming years due to the ongoing previously approved developments of large parcels of land, such as Legacy Farms (733 acres) and the former Terry Property (204 acres). The Town is currently in the process of undertaking a School Building Capacity Study and a Fire Station Feasibility Study. The town has identified that the Fire Department headquarters is approaching its design capacity and offers limited or no room for expansion. Requests for service from the Fire Department have been increasing, and response times have also been increasing, in the last three years as the town has grown. The purposes of this Section are: to promote orderly growth in the Town of Hopkinton; to phase growth so that it will not unduly strain the community's ability to provide basic education; public facilities and services; to provide the town, its boards and its agencies with information, time and capacity to incorporate community input into updated zoning regulations of the community; and to preserve and enhance existing community character and value of property.

Board of Selectmen Chair Claire Wright

Initial

Warrant

210-256.2 Planning Method

To accomplish this, the town shall establish a Growth Study Committee (as had previously been done in 1995 during another period of rapid growth), comprised of community members and town officials appointed jointly by the Planning Board and Board of Selectmen [Select Board] no later than August 1, 2019. The purpose of the committee shall be to objectively research the impact of growth and identify a proactive approach to managing growth. The Committee which will gather feedback from the community in a variety of ways, including but not limited to conducting surveys, holding forums, and researching how other towns have managed rapid growth. The committee will analyze recent large developments (such as Legacy Farms and the Terry Property) and provide an analysis of whether or not there was an overall net positive financial impact. The committee will create a development schedule that will relate the timing of residential development to the Town's ability to provide services. The one-year slowing of new building permits proposed in this article will allow for effective review of municipal services impacts by development type. This Section shall remain in effect until June 30, 2020; at the 2020 Annual Town Meeting an updated growth bylaw proposal will be presented by the Growth Study Committee, which may possibly extend this Section as appropriate to allow further study, or shall allow this Section to expire. The proposal will use the data and research gathered by the committee to formulate specific text for inclusion the zoning bylaws.

210-257 Regulations

210-257.1 Scope

No building permit for a new Dwelling Unit shall be issued unless in accordance with the Regulations of Article XXXVII of this Bylaw. The provisions of this Section shall not apply to, nor limit in any way, the granting of building and occupancy permits required for enlargement, restoration, alteration or reconstruction of existing dwelling units including those dwelling units lost to natural disaster or fire.

210-257.2 Application

The Regulations of this section shall apply to all new dwelling units, including but not limited to dwelling units on lots shown on definitive subdivision plans, divisions of land not requiring subdivision approval such as approval-not-required (ANR) plans, and Special Permits which result in the creation of a new dwelling unit or units.

210-257.3 Issuance of Residential Building Permits

A. A town-wide total of not more than twelve (12) building permits for new dwelling units shall be authorized by the Town during the period that this Section is in effect.

B. General Applicants. Not more than two (2) dwelling units shall be authorized via a Building Permit(s) for any one applicant during the period that this Section is in effect.

Pass any vote or take any action relative thereto.

ARTICLE: 45	Kennel Licensing Bylaw	<i>Sponsor: Board of Selectmen</i>
--------------------	-------------------------------	------------------------------------

To see if the Town will vote to delete Chapter 62, Kennel Licensing, it in its entirety, and inserting, in place thereof, the following:

Article V
Kennel Licensing

§ 62-7.A. Definitions.

As used in this Chapter, the following terms shall have the meanings indicated:

HUMANE – Provision of proper food and water, shelter or protection from the weather, veterinary attention needed to reduce or end suffering from disease or injury, a sanitary environment, facilities which are of sufficient size and design as to allow the animal to stand, sit, lie down, turn around, and make other normal postural adjustments without obstruction, interference, or impediment by the presence of food, water bowls, equipment, or other animals, have an appropriate ambient temperature, and the absence of inhumane treatment. Inhumane treatment shall include willfully permitting an animal to be subjected to unnecessary torture, suffering or cruelty, to subject, cause or procure an animal to be tortured or tormented, to be cruelly killed, beaten or mutilated, ineffective measures to prevent the infestation of animals and premises by parasites, insects or vermin, and to be subjected to cruel and inhumane chaining or tethering at any time, which shall include filthy and dirty confinement conditions including, but not limited to: 1) exposure to excessive animal waste, garbage, dirty water, noxious odors, dangerous objects that could injure or kill a dog upon contact or other circumstances that could cause harm to a dog's physical or emotional health, 2) taunting, prodding, hitting, harassing, threatening or otherwise harming a tethered or confined dog, and 3) subjecting a dog to dangerous conditions, including attacks by other animals.

INSPECTION AUTHORITY – The Chief of Police, the Animal Control Officer or the agent of any of these.

KENNEL – A pack or collection of dogs on a single premise, including a Commercial Boarding or Training Kennel, Commercial Breeder Kennel, Domestic Charitable Corporation Kennel, Veterinary Kennel, or Personal Kennel, as defined in Section 136A of Chapter 140 of the Massachusetts General Laws.

Board of Selectmen Chair Claire Wright

Initial

Warrant

KENNEL LICENSE – An annual license permitting a kennel to operate within the Town, issued to a kennel that has demonstrated compliance with the requirements of this section.

LICENSE PERIOD – The time between April 1 and the following March 31, both dates inclusive.

SANITARY – Conditions which include the interior and exterior floors and all animal contact areas which are smooth, impervious to water and are cleaned and sanitized as often as necessary to maintain sanitary conditions and free of animal wastes, provided that outdoor areas may have a floor of animal-appropriate gravel which is maintained and cleaned on a regular schedule consistent with the maintenance of sanitary conditions, and facilities which are maintained in good repair and kept clean at all times so as to protect animals from disease and injury.

§ 62-7.B General Requirements.

- A. License. No person or entity shall operate a Kennel within the Town without first obtaining a Kennel License from the Town Clerk in accordance with the provision of this Chapter. The license shall reflect the maximum number of dogs to be permitted in the Kennel.
- B. Expiration and Fee. The Town Clerk shall determine the amount of the non-refundable fee for a Kennel License for each License Period; provided, however, that there shall be no fee for a domestic charitable corporation incorporated exclusively for the purpose of protecting animals from cruelty, neglect or abuse or for the relief of suffering; and provided, further, to determine the amount of a license fee, a dog under the age of six (6) months shall not be counted in the number of dogs kept in a Kennel.
- C. Inspection. The Town Clerk shall not issue or renew a Kennel License of any type until the Kennel has passed inspection by the Animal Control Officer or a designee thereof in accordance with Section 62-7.E.
- D. Number of Permitted Dogs. The Animal Control Officer or agent shall place a cap on the number of dogs permitted in any Kennel, not to exceed the maximum number of dogs that the Kennel can store in a humane and sanitary manner and the number of dogs permitted in the kennel pursuant to any special permit issued pursuant to the Zoning Bylaw, whichever is less.
- E. Tags. Tags shall be furnished to a licensee by the Town Clerk in the exact number of dogs specified by the Animal Control Officer and reflected on the license. Such tags shall bear the name of the Town, the license number, and year of issuance.
- F. Animal Control Officer. The Animal Control Officer may designate an agent to whom the Animal Control Officer may delegate any of the responsibilities contained in this Bylaw.

§ 62-7.C. Application Process.

Board of Selectmen Chair Claire Wright

Initial

Warrant

- A. Form. Any person or entity seeking a Kennel License or renewal or reinstatement thereof shall complete and submit to the Town Clerk a Kennel License application, in a form prescribed by the Town Clerk.
- B. Deadline. Applications for renewal shall be submitted by February 1 in order to ensure timely renewal.
- C. Inspection. Upon receipt of a completed application, the Town Clerk shall notify the Animal Control Officer, who shall cause an inspection of the Applicant's Kennel to be conducted in accordance with Section 62-7.E. For renewal applications, the Animal Control Officer shall cause the inspection to be made prior to the expiration of the existing license, provided that the Applicant submitted a timely Application as provided in Subsection (B) above.
- D. Qualifications. No person or entity shall be given a Kennel License or tag during a period of five (5) years from the date of being found guilty or penalized for a violation of any provision of Section 77, Section 80½, Section 94, or Section 95 of Chapter 272 of the Massachusetts General Laws. Any such license and tag so issued shall be void and shall be surrendered to the Town Clerk. No fee received for a license or tag made shall be refundable.
- E. Issuance. The Town Clerk shall review the complete Application and the Animal Control Officer's report. A Kennel License shall be issued if the Kennel has passed the inspection in accordance with Section 62-7.E.

§ 62-7.D. Kennel Operation.

- A. Kennels must be operated and maintained in a sanitary and humane manner.
- B. The following types of documentation shall be maintained at the Kennel and available for inspection:
 - (1) The name and address of the owner of each dog kept in the Kennel, other than dogs belonging to the person maintaining the Kennel;
 - (2) The name and address of persons who have purchased dogs from the Kennel;
 - (3) Staff training records and materials;
 - (4) All contracts for goods or services provided in connection with the Kennel's operation;
 - (5) Organizational policies relating to animal care, intake, veterinary treatment, adoption and euthanasia; and
 - (6) All records pertaining to prior kennel licenses including, but not limited to, copies of

prior years' kennel licenses, inspection reports prepared by any Inspection Authority, and documentation of any suspensions and/or revocations of kennel licenses.

- C. The holder of a Kennel License shall cause each dog kept in its Kennel to wear, while in the Kennel, a collar or harness of suitable material to which a tag shall be securely attached.
- D. Each Kennel shall prominently display on an interior wall of the Kennel a copy of the Kennel License.

§ 62-7.E. Inspection.

- A. The Inspection Authority may inspect any Kennel or its records at any time for compliance with the provisions of this Chapter and applicable statutes and to determine if a Kennel is being maintained in a sanitary and humane manner and if records are properly kept, in accordance with applicable law. Such inspection shall include, at a minimum, an examination of the following:
 - (1) The records identified in Section 62-7.D.B.
 - (2) Inquiry with the Hopkinton Fire Department, Inspectional Services, Board of Health, and Police Department to ensure that any applicable requirements of those departments have been met; provided, however, that, in the discretion of the Inspection Authority, such inquiry may not be required for Personal Kennels.
 - (3) A review of the Kennel's prior kennel license(s), if any. If any prior kennel license has been suspended or revoked, the Inspection Authority shall review that suspension or revocation determination and require the applicant to provide evidence demonstrating that the reasons for the suspension or revocation have been adequately addressed.
- B. A Kennel shall pass inspection only if the Inspection Authority determines that the kennel is being maintained in a sanitary and humane manner and its records are properly kept. If a Kennel has previously had its kennel license suspended or revoked, it shall not pass inspection unless the Inspection Authority makes a determination that the reasons for the suspension or revocation have been adequately addressed and that the proposed Kennel has been brought into compliance with the requirements of this Section and applicable state statutes.

§ 62-7.F. Surrender of License or Tag

- A. Every license and tag held by any person found guilty of, or penalized in any manner for, a violation of any provision of Section 77, Section 80½, Section 94, or Section 95 of Chapter

Board of Selectmen Chair Claire Wright

Initial

Warrant

272 of the Massachusetts General Laws shall be void, and shall forthwith be surrendered to the Town Clerk.

- B. No fee received for a license and tag made void pursuant to this section shall be refunded to the holder.

§ 62-7.G. Denials, Suspension or Revocation of Kennel License

- A. Denial. If the Town Clerk denies a Kennel License application or renewal application, the Applicant may request a reinspection of the Kennel after reasonably demonstrating to the Animal Control Officer that the proposed Kennel has been brought into compliance with the requirements of this Section and applicable state statutes. The Animal Control Officer shall then make a report to the Town Clerk, who shall, within a reasonable time, review the application in accordance with Section 62-7.C.

- B. Suspension and Revocation.

- (1) Inspection Authority. If the Inspecting Authority determines that a Kennel is not being maintained in a sanitary or humane manner or if records are not properly kept, the Board of Selectmen or Animal Control Officer may revoke or suspend the Kennel License. Depending on the severity of the offense, a license may be suspended or revoked on a first violation of applicable laws or this Bylaw.

- (2) Citizen Initiation and Board of Selectmen Hearing.

- a. Twenty-five (25) residents of the Town may file a petition for hearing with the Board of Selectmen stating the reasons that they believe that suspension or revocation of a Kennel's license is warranted.
- b. Within seven (7) days of the filing of such petition, the Board of Selectmen shall give notice to all interested parties of a public hearing concerning the petition, to be commenced within fourteen (14) days after the date of such notice.
- c. Prior to the close of the public hearing, the Board of Selectmen may cause the Inspecting Authority to inspect the Kennel or its records by the Board's designee.
- d. At the conclusion of the public hearing, the Board of Selectmen may suspend or revoke the Kennel License, or may take such other action to regulate the Kennel as it deems prudent, or may dismiss the petition. Depending on the severity of the offense, a license may be suspended or revoked regardless of whether there have been prior violations of applicable laws or this Bylaw.
- e. The Board of Selectmen shall cause written notice of any order issued pursuant to this section to be provided immediately to the holder of the Kennel License and the Town Clerk.

- (3) Reinstatement after Suspension. If a Kennel License is suspended, the Kennel

License holder may apply for reinstatement after the close of the suspension period by requesting a reinspection of the Kennel or its records after reasonably demonstrating to the Animal Control Officer that the Kennel has been brought into compliance with this Section and all other applicable state and local requirements, and that the Kennel Licensee has satisfied the terms of the suspension order. The Animal Control Officer shall then make a report to the Town Clerk, who shall, within a reasonable time, review the application in accordance with Section 62-7.C.

(4) Reinstatement after Revocation. If the Kennel License is revoked, the owner may apply for a new Kennel License no sooner than three (3) years after the effective date of the revocation.

C. Reinspection. The Town Clerk may set fees for reinspections performed pursuant to this Section.

§ 62.7-H. Violations and penalties.

A. Any person or entity who holds a Kennel License and is determined to be in violation of this Section or any law or regulation pertaining to such license shall be subject to the following penalties:

First violation: \$50

Second violation: \$200

Third and subsequent violations: \$300

Each day that such violation continues shall be deemed to be a separate violation and be subject to the above penalty. If the violation results from failure to comply with the limitation on the number of dogs permitted within the Kennel, the fine for such violation shall be \$50 per dog beyond the permissible limit.

B. Any person or entity maintaining a Kennel after revocation or during suspension of a license shall be punished by a fine of \$250.

C. In lieu of the penalties set forth in Subsection 62.7-H.A., violations of this Section may be addressed in accordance with the provisions of MGL c. 40, § 21D, and Ch. 1, Art. II, Noncriminal Disposition, of the General Bylaws of the Town of Hopkinton.

ARTICLE 41: Subdivision, Garden Apartment & Village Housing Phasing – 3-year Moratorium: To see if the Town will vote to amend the Zoning Bylaws by inserting a new Article XXXVI, Subdivision, Garden Apartment & Village Housing Phasing, as follows:

ARTICLE XXXVI

Subdivision, Garden Apartment & Village Housing Phasing

§ 210-251. Intent and purpose.

The intent and purpose of this article are as follows:

- A. To ensure that growth and development occur in accordance with the planning objectives of the town, in an orderly manner and at a rate that can be supported by Town services, without large year-to-year variations in rate;
- B. To provide the Town with the opportunity to study the effect of growth on the infrastructure, finances, character and municipal services of the Town and to plan for such capital improvements as may become necessary;
- C. To ensure that the pace of residential development is related to the town's ability to provide adequately for public safety, schools, roads, municipal infrastructure and human services at the quality which citizens expect, and which is within the town's ability to pay;
- D. To preserve and enhance the existing character of the community and its property values; and
- E. To allow departures from the strict application of the growth rate measures in this article when appropriate to encourage those types of residential growth which address the housing needs of specific population groups or which significantly reduce the residential density of the town.

§ 210-252. Applicability.

A. This article shall apply to dwelling units in all subdivisions, Garden Apartment developments and Village Housing developments approved by the Planning Board pursuant to the Subdivision Control Law, MGL c. 41, §§ 81K through 81GG, after the effective date of this article. It shall also apply to dwelling units on lots which obtain legal frontage on a street shown on an approved definitive subdivision plan approved after the effective date of this article. For the purposes of this article, subdivisions on adjoining properties held under common ownership at the time of the effective date of this article shall be considered a single subdivision.

B. The provisions of this article shall expire on July 1, 2022; however, Town Meeting may extend the provisions of this article for such additional term as it deems appropriate.

§ 210-253. Issuance of building permits.

A. No more than 10 building permits for the construction of new residential dwelling units which are situated within any subdivision, Garden Apartment development or Village Housing development as referred to above or which obtain their legal frontage on streets shown on any of the subdivision plans as defined above, shall be issued in any twelve-month period.

B. Lots fronting on a street shown on a subdivision plan, or dwelling units shown on a Garden Apartment development plan or dwelling units shown on Village Housing development plan approved after the effective date of this article, but not contained within the limits of the subdivision plan, or Garden Apartment development or Village Housing development, shall be included in the calculation of the total number of lots shown on the subdivision plan, or Garden Apartment development or Village Housing development, pursuant to which the street was created.

C. The Planning Board may authorize the issuance on one occasion only of up to two additional building permits for dwelling units during the last 12 months of construction of the subdivision road and infrastructure if, in the opinion of the Planning Board, the issuance of the permits would result in or facilitate the prompt completion of the subdivision.

§ 210-254. Exemptions.

The provisions of this article shall not apply to the following types of residential development and properties:

A. Applications for building permits for the enlargement, restoration, alteration or reconstruction of a dwelling.

B. Individual building lots not created by a definitive subdivision plan approved pursuant to MGL c. 41, § 81U.

C. Individual building lots created by a definitive subdivision plan approved by the Planning Board prior to the effective date of this article.

D. Dwelling units approved by the issuance of a comprehensive permit by the Board of Appeals pursuant to MGL. c. 40B.

§ 210-255. Zoning change protection.

The protection provided by MGL c. 40A, § 6, shall continue until that date which would be the earliest date that application could be made for a building permit for the final dwelling unit in the subdivision pursuant to this article.

Pass any vote or take any action thereto.

Planning Board recommends no action.

Motion (Amy Ritterbusch, Grove Street): *I move that the Town vote to take no action on Article 41.*

Motion was seconded.

ARTICLE 42: One Year Growth Restriction: To see if the Town will vote to amend the Zoning Bylaws of the Town of Hopkinton by inserting a new **Article XXXVII, One-Year Growth Restriction**, as follows:

Article XXXVII One-Year Growth Restriction

210-256 Purpose

The purpose of this section is to implement a reasonable and temporary cap, until June 30, 2020, on construction of new dwelling units in the Town.

210-256.1 Background

The Town of Hopkinton is faced with sudden increased development activity and a rapid increase in school enrollment far greater than the enrollment projections provided to the Schools by the New England School Development Council last year. From 2010 to 2017 Hopkinton has grown in population by 20.8 percent. Although the building of a new elementary school was just completed in 2018, upon its opening last year all Hopkinton Public Schools buildings are now at or approaching their recommended capacity, and additional rapid growth is anticipated in the coming years due to the ongoing previously approved developments of large parcels of land, such as Legacy Farms (733 acres) and the former Terry Property (204 acres). The Town is currently in the process of undertaking a School Building Capacity Study and a Fire Station Feasibility Study. The town has identified that the Fire Department headquarters is approaching its design capacity and offers limited or no room for expansion. Requests for service from the Fire Department have been increasing, and response times have also been increasing, in the last three years as the town has grown. The purposes of this Section are: to promote

orderly growth in the Town of Hopkinton; to phase growth so that it will not unduly strain the community's ability to provide basic education; public facilities and services; to provide the town, its boards and its agencies with information, time and capacity to incorporate community input into updated zoning regulations of the community; and to preserve and enhance existing community character and value of property.

210-256.2 Planning Method

To accomplish this, the town shall establish a Growth Study Committee (as had previously been done in 1995 during another period of rapid growth), comprised of community members and town officials appointed jointly by the Planning Board and Board of Selectmen [Select Board] no later than August 1, 2019. The purpose of the committee shall be to objectively research the impact of growth and identify a proactive approach to managing growth. The Committee which will gather feedback from the community in a variety of ways, including but not limited to conducting surveys, holding forums, and researching how other towns have managed rapid growth. The committee will analyze recent large developments (such as Legacy Farms and the Terry Property) and provide an analysis of whether or not there was an overall net positive financial impact. The committee will create a development schedule that will relate the timing of residential development to the Town's ability to provide services. The one-year slowing of new building permits proposed in this article will allow for effective review of municipal services impacts by development type. This Section shall remain in effect until June 30, 2020; at the 2020 Annual Town Meeting an updated growth bylaw proposal will be presented by the Growth Study Committee, which may possibly extend this Section as appropriate to allow further study, or shall allow this Section to expire. The proposal will use the data and research gathered by the committee to formulate specific text for inclusion the zoning bylaws.

210-257 Regulations

210-257.1 Scope

No building permit for a new Dwelling Unit shall be issued unless in accordance with the Regulations of Article XXXVII of this Bylaw. The provisions of this Section shall not apply to, nor limit in any way, the granting of building and occupancy permits required for enlargement, restoration, alteration or reconstruction of existing dwelling units including those dwelling units lost to natural disaster or fire.

210-257.2 Application

The Regulations of this section shall apply to all new dwelling units, including but not limited to dwelling units on lots shown on definitive subdivision plans, divisions of land not requiring subdivision approval such as approval-not-required (ANR) plans, and Special Permits which result in the creation of a new dwelling unit or units.

210-257.3 Issuance of Residential Building Permits

- A. A town-wide total of not more than twelve (12) building permits for new dwelling units shall be authorized by the Town during the period that this Section is in effect.
- B. General Applicants. Not more than two (2) dwelling units shall be authorized via a Building Permit(s) for any one applicant during the period that this Section is in effect.

Pass any vote or take any action relative thereto.

Planning Board recommends disapproval.

ARTICLE 45: Kennel Licensing Bylaw: To see if the Town will vote to delete Chapter 62, Kennel Licensing, in its entirety, and inserting, in place thereof, the following:

Article V
Kennel Licensing

§ 62-7.A. Definitions.

As used in this Chapter, the following terms shall have the meanings indicated:

HUMANE – Provision of proper food and water, shelter or protection from the weather, veterinary attention needed to reduce or end suffering from disease or injury, a sanitary environment, facilities which are of sufficient size and design as to allow the animal to stand, sit, lie down, turn around, and make other normal postural adjustments without obstruction, interference, or impediment by the presence of food, water bowls, equipment, or other animals, have an appropriate ambient temperature, and the absence of inhumane treatment. Inhumane treatment shall include willfully permitting an animal to be subjected to unnecessary torture, suffering or cruelty, to subject, cause or procure an animal to be tortured or tormented, to be cruelly killed, beaten or mutilated, ineffective measures to prevent the infestation of animals and premises by parasites, insects or vermin, and to be subjected to cruel and inhumane chaining or tethering at any time, which shall include filthy and dirty confinement conditions including, but not limited to: 1) exposure to excessive animal waste, garbage, dirty water, noxious odors, dangerous objects that could injure or kill a dog upon contact or other circumstances that could cause harm to a dog's physical or emotional health, 2) taunting, prodding, hitting, harassing, threatening or otherwise harming a tethered or confined dog, and 3) subjecting a dog to dangerous conditions, including attacks by other animals.

INSPECTION AUTHORITY – The Chief of Police, the Animal Control Officer or the agent of any of these.

KENNEL – A pack or collection of dogs on a single premise, including a Commercial Boarding or Training Kennel, Commercial Breeder Kennel, Domestic Charitable Corporation Kennel, Veterinary Kennel, or Personal Kennel, as defined in Section 136A of Chapter 140 of the Massachusetts General Laws.

KENNEL LICENSE – An annual license permitting a kennel to operate within the Town, issued to a kennel that has demonstrated compliance with the requirements of this section.

LICENSE PERIOD – The time between April 1 and the following March 31, both dates inclusive.

SANITARY – Conditions which include the interior and exterior floors and all animal contact areas which are smooth, impervious to water and are cleaned and sanitized as often as necessary to maintain sanitary conditions and free of animal wastes, provided that outdoor areas may have a floor of animal-appropriate gravel which is maintained and cleaned on a regular schedule consistent with the maintenance of sanitary conditions, and facilities which are maintained in good repair and kept clean at all times so as to protect animals from disease and injury.

§ 62-7.B General Requirements.

- A. License. No person or entity shall operate a Kennel within the Town without first obtaining a Kennel License from the Town Clerk in accordance with the provision of this Chapter. The license shall reflect the maximum number of dogs to be permitted in the Kennel.
- B. Expiration and Fee. The Town Clerk shall determine the amount of the non-refundable fee for a Kennel License for each License Period; provided, however, that there shall be no fee for a domestic charitable corporation incorporated exclusively for the purpose of protecting animals from cruelty, neglect or abuse or for the relief of suffering; and provided, further, to determine the amount of a license fee, a dog under the age of six (6) months shall not be counted in the number of dogs kept in a Kennel.
- C. Inspection. The Town Clerk shall not issue or renew a Kennel License of any type until the Kennel has passed inspection by the Animal Control Officer or a designee thereof in accordance with Section 62-7.E.
- D. Number of Permitted Dogs. The Animal Control Officer or agent shall place a cap on the number of dogs permitted in any Kennel, not to exceed the maximum number of dogs that the Kennel can store in a humane and sanitary manner and the number of dogs permitted in the kennel pursuant to any special permit issued pursuant to the Zoning Bylaw, whichever is less.
- E. Tags. Tags shall be furnished to a licensee by the Town Clerk in the exact number of dogs specified by the Animal Control Officer and reflected on the license. Such tags shall bear the name of the Town, the license number, and year of issuance.
- F. Animal Control Officer. The Animal Control Officer may designate an agent to whom the Animal Control Officer may delegate any of the responsibilities contained in this Bylaw.

§ 62-7.C. Application Process.

- A. Form. Any person or entity seeking a Kennel License or renewal or reinstatement thereof shall complete and submit to the Town Clerk a Kennel License application, in a form prescribed by the Town Clerk.
- B. Deadline. Applications for renewal shall be submitted by February 1 in order to ensure timely renewal.
- C. Inspection. Upon receipt of a completed application, the Town Clerk shall notify the Animal Control Officer, who shall cause an inspection of the Applicant's Kennel to be conducted in accordance with Section 62-7.E. For renewal applications, the Animal Control Officer shall cause the inspection to be made prior to the expiration of the existing license, provided that the Applicant submitted a timely Application as provided in Subsection (B) above.
- D. Qualifications. No person or entity shall be given a Kennel License or tag during a period of five (5) years from the date of being found guilty or penalized for a violation of any provision of Section 77, Section 80½, Section 94, or Section 95 of Chapter 272 of the Massachusetts General Laws. Any such license and tag so issued shall be void and shall be surrendered to the Town Clerk. No fee received for a license or tag made shall be refundable.
- E. Issuance. The Town Clerk shall review the complete Application and the Animal Control Officer's report. A Kennel License shall be issued if the Kennel has passed the inspection in accordance with Section 62-7.E.

§ 62-7.D. Kennel Operation.

- A. Kennels must be operated and maintained in a sanitary and humane manner.
- B. The following types of documentation shall be maintained at the Kennel and available for inspection:
 - (1) The name and address of the owner of each dog kept in the Kennel, other than dogs belonging to the person maintaining the Kennel;
 - (2) The name and address of persons who have purchased dogs from the Kennel;
 - (3) Staff training records and materials;
 - (4) All contracts for goods or services provided in connection with the Kennel's operation;
 - (5) Organizational policies relating to animal care, intake, veterinary treatment, adoption and euthanasia; and

- (6) All records pertaining to prior kennel licenses including, but not limited to, copies of prior years' kennel licenses, inspection reports prepared by any Inspection Authority, and documentation of any suspensions and/or revocations of kennel licenses.
- C. The holder of a Kennel License shall cause each dog kept in its Kennel to wear, while in the Kennel, a collar or harness of suitable material to which a tag shall be securely attached.
- D. Each Kennel shall prominently display on an interior wall of the Kennel a copy of the Kennel License.

§ 62-7.E. Inspection.

- A. The Inspection Authority may inspect any Kennel or its records at any time for compliance with the provisions of this Chapter and applicable statutes and to determine if a Kennel is being maintained in a sanitary and humane manner and if records are properly kept, in accordance with applicable law. Such inspection shall include, at a minimum, an examination of the following:
 - (1) The records identified in Section 62-7.D.B.
 - (2) Inquiry with the Hopkinton Fire Department, Inspectional Services, Board of Health, and Police Department to ensure that any applicable requirements of those departments have been met; provided, however, that, in the discretion of the Inspection Authority, such inquiry may not be required for Personal Kennels.
 - (3) A review of the Kennel's prior kennel license(s), if any. If any prior kennel license has been suspended or revoked, the Inspection Authority shall review that suspension or revocation determination and require the applicant to provide evidence demonstrating that the reasons for the suspension or revocation have been adequately addressed.
- B. A Kennel shall pass inspection only if the Inspection Authority determines that the kennel is being maintained in a sanitary and humane manner and its records are properly kept. If a Kennel has previously had its kennel license suspended or revoked, it shall not pass inspection unless the Inspection Authority makes a determination that the reasons for the suspension or revocation have been adequately addressed and that the proposed Kennel has been brought into compliance with the requirements of this Section and applicable state statutes.

§ 62-7.F. Surrender of License or Tag

- A. Every license and tag held by any person found guilty of, or penalized in any manner for, a violation of any provision of Section 77, Section 80½, Section 94, or Section 95 of Chapter 272 of the Massachusetts General Laws shall be void, and shall forthwith be surrendered to the Town Clerk.
- B. No fee received for a license and tag made void pursuant to this section shall be refunded to the holder.

§ 62-7.G. Denials, Suspension or Revocation of Kennel License

- A. Denial. If the Town Clerk denies a Kennel License application or renewal application, the Applicant may request a reinspection of the Kennel after reasonably demonstrating to the Animal Control Officer that the proposed Kennel has been brought into compliance with the requirements of this Section and applicable state statutes. The Animal Control Officer shall then make a report to the Town Clerk, who shall, within a reasonable time, review the application in accordance with Section 62-7.C.
- B. Suspension and Revocation.
 - (1) Inspection Authority. If the Inspecting Authority determines that a Kennel is not being maintained in a sanitary or humane manner or if records are not properly kept, the Board of Selectmen or Animal Control Officer may revoke or suspend the Kennel License. Depending on the severity of the offense, a license may be suspended or revoked on a first violation of applicable laws or this Bylaw.
 - (2) Citizen Initiation and Board of Selectmen Hearing.
 - a. Twenty-five (25) residents of the Town may file a petition for hearing with the Board of Selectmen stating the reasons that they believe that suspension or revocation of a Kennel's license is warranted.
 - b. Within seven (7) days of the filing of such petition, the Board of Selectmen shall give notice to all interested parties of a public hearing concerning the petition, to be commenced within fourteen (14) days after the date of such notice.
 - c. Prior to the close of the public hearing, the Board of Selectmen may cause the Inspecting Authority to inspection of the Kennel or its records by the Board's designee.
 - d. At the conclusion of the public hearing, the Board of Selectmen may suspend or revoke the Kennel License, or may take such other action to regulate the Kennel as it deems prudent, or may dismiss the petition. Depending on the severity of the offense, a license may be suspended or revoked regardless of whether there have been prior violations of applicable laws or this Bylaw.

e. The Board of Selectmen shall cause written notice of any order issued pursuant to this section to be provided immediately to the holder of the Kennel License and the Town Clerk.

(3) Reinstatement after Suspension. If a Kennel License is suspended, the Kennel License holder may apply for reinstatement after the close of the suspension period by requesting a reinspection of the Kennel or its records after reasonably demonstrating to the Animal Control Officer that the Kennel has been brought into compliance with this Section and all other applicable state and local requirements, and that the Kennel Licensee has satisfied the terms of the suspension order. The Animal Control Officer shall then make a report to the Town Clerk, who shall, within a reasonable time, review the application in accordance with Section 62-7.C.

(4) Reinstatement after Revocation. If the Kennel License is revoked, the owner may apply for a new Kennel License no sooner than three (3) years after the effective date of the revocation.

C. Reinspection. The Town Clerk may set fees for reinspections performed pursuant to this Section.

§ 62.7-H. Violations and penalties.

A. Any person or entity who holds a Kennel License and is determined to be in violation of this Section or any law or regulation pertaining to such license shall be subject to the following penalties:

First violation: \$50

Second violation: \$200

Third and subsequent violations: \$300

Each day that such violation continues shall be deemed to be a separate violation and be subject to the above penalty. If the violation results from failure to comply with the limitation on the number of dogs permitted within the Kennel, the fine for such violation shall be \$50 per dog beyond the permissible limit.

B. Any person or entity maintaining a Kennel after revocation or during suspension of a license shall be punished by a fine of \$250.

C. In lieu of the penalties set forth in Subsection 62.7-H.A., violations of this Section may be addressed in accordance with the provisions of MGL c. 40, § 21D, and Ch. 1, Art. II, Noncriminal Disposition, of the General Bylaws of the Town of Hopkinton.

Pass any vote or take any act relative thereto.

Board of Selectmen recommends approval.

ARTICLE 47: Historic Preservation Bylaw Amendment: To see if the Town will vote to amend Chapter 125, Historic Preservation, of the General Bylaws, as follows:

1. By deleting the word “six” from §125-3.A(7), and inserting, in place thereof, the numeral “18,” so that §125-3.A(7) will read as follows:

If the Commission determines the structure is worthy of classification as a preferably preserved significant structure, no further demolition permits may be applied for or issued with respect to such structure, for a period of 18 months from the date of such written determination.

2. By deleting the word “six” from §125-3.A(8), and inserting, in place thereof, the numeral “18,” so that §125-3.A(8) will read as follows:

During such 18-month period, the Commission will invite the applicant (and the owner of record, if different from the applicant) to participate in an investigation of alternatives to demolition. If acceptable alternatives are agreed upon by the Commission and the applicant, the Commission will file a copy of said agreement with the Building Inspector and Town Clerk and the applicant may apply for necessary permits to begin work. Work shall only be done in accordance with the terms of the agreement unless and until new permit applications are filed and processed hereunder.

3. By deleting the word “six” from §125-3.A(9), and inserting, in place thereof, the numeral “18,” so that §125-3.A(9) will read as follows:

If the Commission is satisfied that there is no feasible alternative to demolition, the Commission may so advise the applicant, the Building Inspector, and the Town Clerk in writing, at any time during this 18-month period, and the Building Inspector may issue a permit to demolish the structure in accordance with all applicable codes and regulations.

And

4. By inserting a new §125-6.C, as follows:

C. Any amendment to this Chapter that extends a period of demolition delay shall apply to any demolition delay period pending at the time that the amendment takes effect pursuant to *M.G.L. c.40, §32*.

ARTICLE 50: Chamberlain Street Curve: To see if the Town will vote to authorize the Board of Selectmen to take the following actions:

1. To petition the General Court, on behalf of the Town, for passage of a special law substantially as provided below; provided, however, that the General Court may make clerical or editorial changes of form only to said bill, unless the Board of Selectmen approves amendments thereto prior to enactment by the General Court; and provided further that the Board of Selectmen is hereby authorized to approve amendments which shall be within the scope of the general public objectives of this petition.

AN ACT AUTHORIZING THE TOWN OF HOPKINTON TO REMOVE
CERTAIN LAND
FROM A CONSERVATION RESTRICTION

SECTION 1. The town of Hopkinton may remove a portion of a certain parcel of land located off Hayden Rowe, Main Street and Chamberlain Street from the Conservation Restriction conveyed by the town to the Hopkinton Area Land Trust, Inc., effective as of January 6, 2004, and recorded at the Middlesex South District Registry of Deeds in book 41738, page 432. The portion of land to be removed from the Conservation Restriction contains approximately 1,400 square feet of land located along the south westerly sideline of Chamberlain Street and is shown as "Proposed Right of Way Expansion Area = 1,400± SF" on a plan entitled "Definitive Subdivision Plan for Rec Hopkinton LLC", sheet title "Chamberlain Street Improvement Plan A, sheet number 45 of 52" dated June 13, 2018, prepared by Bohler Engineering.

SECTION 2. Notwithstanding the provisions of chapter 30B and chapter 40 of the General Laws as to the sale and purchase of land or any other general or special law to the contrary, the town of Hopkinton, as consideration for the conveyance authorized in section 1, shall either (a) amend the existing Conservation Restriction to include two new parcels of land, together containing approximately 5.7 acres total, more particularly described as (1) "Parcel B" on a plan entitled "Plan of Land in Hopkinton" dated May 19, 1920, prepared by R.E. Allen & Son, Engineers, filed in the Land Registration Office, a copy of a portion of which is filed in the Middlesex South Registry District of the Land Court in Registration Book 93, Page 225, with Certificate of Title 14624 (Plan No. 8367A); and (2) A parcel of land more particularly described in a deed from the New York, New Haven and Hartford Railroad Company to the Town of Hopkinton, which deed is recorded at the Middlesex South Registry of Deeds in Book 9151, Page 446, and depicted on a plan entitled "New York New Haven and Hartford Railroad Office of Engineer - Real Estate Surveys Land in Hopkinton, Mass to be Conveyed to Town of Hopkinton," dated September 1957 and recorded in the Middlesex South Registry of Deeds as Plan Number 603 of 1958, and which parcel is further depicted on a plan entitled "Sketch Plan of Land", prepared by J.D. Marquedant & Sons, Inc., dated April 23, 2019; or (b) convey a new conservation restriction to the Hopkinton Area Land Trust, Inc., for conservation and passive recreation purposes, over said parcels

comprising 5.7 acres pursuant to Sections 31, 32, and 33 of Chapter 184 of the Massachusetts General Laws.

SECTION 3. This act shall take effect upon its passage.

And

2. Provided that the special legislation is approved by the General Court and signed into law in a form consistent with the provisions of this Article, to remove the described 1,400 square feet of land from the Conservation Restriction described in Section 1 of the special law and place a Conservation Restriction over the land described in Section 2 of the special law.

Pass any vote or take any act relative thereto.

Board of Selectmen recommends approval.

Capital Improvements Committee recommends approval.

Motion (Board of Selectmen): *We move that the Town vote to authorize the Board of Selectmen to (1) petition the General Court, on behalf of the Town, for passage of a special law substantially as provided in Article 50 of the 2019 Annual Town Meeting Warrant; provided, however, that the General Court may make clerical or editorial changes of form only to said bill, unless the Board of Selectmen approves amendments thereto prior to enactment by the General Court; and provided further that the Board of Selectmen is hereby authorized to approve amendments which shall be within the scope of the general public objectives of this petition; and (2) provided that the special legislation is approved by the General Court and signed into law, to remove the described 1,400 square feet of land from the Conservation Restriction described in Section 1 of the special law and place a Conservation Restriction over the land described in Section 2 of the special law.*

SPECIAL TOWN MEETING WARRANT
MONDAY DECEMBER 9, 2019**

MIDDLESEX, ss.

To any of the Constables of the Town of Hopkinton in said County,

GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn all inhabitants of the Town of Hopkinton qualified to vote in elections and in Town affairs:

To meet at the Hopkinton Middle School Auditorium at 88 Hayden Rowe Street, on Monday, December 9, 2019, at 7:00 p.m., then and there to act upon the following Articles:

ARTICLE 1:	Rescind Main Street Corridor Vote and Discontinue Project	<i>Sponsor: Citizens Petition</i>
-------------------	--	-----------------------------------

To see if the Town will vote to (1) rescind the vote taken under Article 47 of the Town of Hopkinton Annual Town Meeting; and (2) vote to order the Select Board to discontinue the entirety of the Main Street Corridor Project and order the Select Board to cease all planning and project implementation including, but not limited to, any work with the Massachusetts Department of Transportation and other agencies and service providers, related to the Main Street Corridor Project.

Pass any vote or take any act relative thereto.

ARTICLE 2:	Hopkinton High School Expansion: Engineering and Design Services	<i>Sponsor: School Committee</i>
-------------------	---	----------------------------------

To see if the Town will vote to transfer from the School Department Stabilization Fund or from Free Cash a sum or sums of money for feasibility, schematic design, engineering and related services in connection with construction, reconstruction, renovation, alteration and associated improvements of Hopkinton High School, including expenses related to said design and services, said sum to be spent under the direction of the School Committee.

Pass any vote or take any act relative thereto.

**ARTICLE 3: Hopkinton High School Expansion:
 Construction Services**

Sponsor: School Committee

To see if the Town will vote to raise, appropriate and borrow a sum or sums of money for construction, reconstruction, renovation, alteration and associated improvements of Hopkinton High School, including original equipment and related work and expenses related to said design, and further to meet this appropriation that the Town Treasurer with the approval of the Select Board is authorized to borrow a sum or sums of money under the provisions of Chapter 44, Section 7 or any other enabling authority and to issue bonds and notes therefor, provided, however, that any borrowing authorized hereunder shall be contingent on the passage of a Proposition 2 ½ debt exclusion vote; said sum to be spent under the direction of the School Committee.

Pass any vote or take any act relative thereto.

**ARTICLE 4: Elmwood School:
 Installation of Modular Classrooms**

Sponsor: School Committee

To see if the Town will vote to raise, appropriate and borrow a sum or sums of money for engineering, design, construction, reconstruction, renovation or alteration and associated improvements related to the purchase and installation of modular classrooms at the Elmwood School, and to meet this appropriation that the Town Treasurer with the approval of the Select Board is authorized to borrow a sum or sums of money under the provisions of Chapter 44, Section 7 or any other enabling authority and to issue bonds and notes therefor, provided, however, that any borrowing authorized hereunder shall be contingent on the passage of a Proposition 2 ½ debt exclusion vote; said sum to be spent under the direction of the School Committee.

Pass any vote or take any act relative thereto.

**ARTICLE 5: Hopkins School:
 Installation of Modular Classrooms**

Sponsor: School Committee

To see if the Town will vote to raise, appropriate and borrow a sum or sums of money for engineering, design, construction, reconstruction, renovation or alteration and associated improvements related to the purchase and installation of modular classrooms at the Hopkins School, and to meet this appropriation that the Town Treasurer with the approval of the Select Board is authorized to borrow a sum or sums of money under the provisions of Chapter 44, Section 7 or any other enabling authority and to issue bonds and notes therefor, provided, however, that any borrowing authorized hereunder shall be contingent on the passage of a Proposition 2 ½ debt exclusion vote; said sum to be spent under the direction of the School Committee.

Pass any vote or take any act relative thereto.

**ARTICLE 6: Street Acceptance:
 Legacy Farms North Road**

Sponsor: Citizens Petition

To hear the report of the Select Board relative to the laying out and widening and relocation of the following named streets, under the provision of Chapter 82 of the Massachusetts General Laws, and to

see if the Town will vote to accept such streets as and for public ways and to authorize the Select Board to acquire by gift purchase or eminent domain any land or interest in land necessary for such laying out, and act on all manners relating thereto:

Legacy Farms North Road, from Frankland Road to Wilson Street.

Pass any vote or take any act relative thereto.

SPECIAL TOWN MEETING
MONDAY, DECEMBER 9TH, 2019
RETURN OF THE WARRANT**

The Annual Town Meeting convened at 7:00 P.M. on Monday, December 9th, 2019, at the Middle School Auditorium. The meeting was called to order by the Town Moderator, Mr. Thomas Garabedian at 8:07 P.M. at such time that a quorum was determined to be present. Mr. Garabedian called on Boy Scout Troop 11 for the presentation of the colors and to lead the hall in the Pledge of Allegiance. He then requested a moment of silence to remember those volunteers and employees of the Town that had passed away since the last time Town Meeting had been convened. In particular, Mr. Garabedian wished to acknowledge the passing of Ms. Mary Pratt, former member of the Board of Selectmen and dedicated volunteer for over 50 years; he also acknowledged the passing of former Superintendent of the Hopkinton Public Schools, Dr. Cathy McLeod. Mr. Garabedian then gave the directives of the meeting and the bounds of the Hall. The Brown Gymnasium and the Cafeteria were identified as overflow locations for voters as the Auditorium had reached capacity. Connor B. Degan, Town Clerk, then read the call and return of the warrant.

Mr. Thomas Garabedian, Town Moderator, then appointed Ellen Rutter, of Forest Lane, as Deputy Moderator. He then requested a vote of affirmation by Town Meeting.

Passed by: Voice Vote, Unanimous (12-09-2019)

Motion (Brendan Tedstone, Chair of the Board of Selectmen): *We move that we run this Town Meeting until its completion, not to go into a second night.*

TRAIL COORDINATION AND MANAGEMENT COMMITTEE

The Hopkinton Trail Coordination and Management Committee was established by the Select Board with the adoption of the committee's charter in January 2019. Members were appointed in February 2019 and the committee's first meeting was held in March 2019. The primary charge of the committee is to manage and develop the town-wide trail network, including coordinating with other boards and committees, trail users, and abutters.

In 2019, once the committee had been established, the committee worked on developing a GIS map of trails on town public lands, and a list of all trails in town. An impetus for the establishment of the committee was abutters' concerns regarding new trails, and the committee spent time to make sure this issue was adequately addressed, including establishing procedures for approving trail development and upgrading that involved alerting abutters to the planned work. This effort was put into practice in the summer, when the committee worked with a scout and neighbors on an Eagle Scout project that involved constructing a boardwalk and two walking trails on the town-owned former Hughes property. The committee also met with several residents who were interested in developing or improving trails in town, and worked to prioritize these trail projects. Various options for trail maintenance have also been discussed. The committee selected improving trails in the Berry Acres area (a section of trail in that area is shown in the attached picture) as a test project for trail upgrade procedures, and as part of that effort, applied to the Community Preservation Committee for Community Preservation Act funding for trail design and construction, and also submitted a Grant Application to the MassTrails Grant Program for February 2020.

In 2020, the committee expects to continue work on prioritizing trail upgrades and development, including testing abutter notification procedures. The committee will also work with other town boards and committees to enhance the development of trails on town land. Finally, if successful in our grant application, we will start on designing and constructing a stone dust trail similar to Center Trail that will extend from the school's Loop Road to West Main Street, near the Lumber Street/West Main Street commercial area (Figure attached). The committee's work on the development and maintenance of trails is consistent with the town's overall vision of promoting a healthy community.

Two of the original committee members resigned in 2019. We thank Dan Terry and Jim Ciriello for their service.

UPPER CHARLES TRAIL COMMITTEE

The Upper Charles Trail Committee (UCTC) is charged with developing the Upper Charles Trail in Hopkinton from the Milford Town Line to the Ashland Town Line. Per the Committee's charge, the Trail shall include the Hopkinton Center Trail. The Committee's responsibilities include, but are not limited to, planning, designing, permitting, property rights acquisition, and construction of the Trail and associated infrastructure. The Committee shall identify, apply for and receive any State, Federal or private grants which may become available for the accomplishment of its mission. The Committee may also request and advocate for Community Preservation Act funds. The Committee shall also consider whether to establish a Friends of the Hopkinton Upper Charles Trail 501(c)(3) non-profit organization that encourages the proper use and care of the Trail, raises and expends funds for Trail maintenance and improvements, and oversees the Trail and reports improper uses.

2019 was an active year as the Committee continued to analyze trail connections and potential alignments along the 8-mile route. The Town does not own much of the abandoned rail bed, and instead the Committee has decided to plan the trail on Town-owned Open Space, where possible, and seek private property easements for other areas. The Committee has hired VHB, an engineering firm, to produce pre-feasibility studies for segments of the potential trail, which we refer to as Phases. Many Phases are complete, and we intend to complete the remaining Phases within the next 1-2 years.

This year we had many planning meetings with several private land owners that are currently working with us to finalize agreements to travel through their respective properties. After the final path for these parcels are agreed upon, we will procure legal easements.

The Committee has obtained a positive vote from Hopkinton's Community Preservation Commission (CPC) for matching funds for engineering studies so work may continue on the Campus Trail Connector. Ultimately, that Trail will connect the Marathon School through EMC Park, cross Hayden Rowe then travel through the school campus and connect to the recently approved Downtown Corridor, the Center School, where the path will continue through the down town area and further east through Legacy Farms where it will join Ashland Upper Charles Trail at Hopkinton State Park.

The Committee meets every 1st and 3rd Wednesday of the month and urges all interested persons to attend. Please visit our web site at UCTC.hopkintonma.org for additional information. Jane Moran is chair, Eric Sonnett is Vice-Chair. Other Members are Bob Snyder, Eli Post, Jim Ciriello, Cynthia Esthimer, Kenneth Parker, John Coutinho, Barry Rosenbloom, and Brian Fitzgerald (Alternate Member)

Many thanks to our Trail Stewards Mike Boelsen who put in hundreds of hours of volunteer work keeping the Center Trail safe and clean and blazing paths for our site walks. Thanks also to all our other supporters who make our job much easier.

Respectfully Submitted,

Upper Charles Trail Committee

VETERANS CELEBRATION COMMITTEE

The Veterans Celebration Committee organizes, plans, and coordinates the annual Memorial Day Parade and related activities. We work with Hopkinton's American Legion Post 202 and other organizations in town to provide a reverent and appropriate acknowledgement of this national holiday. Weather permitting, Memorial Day activities begin at Evergreen Cemetery in Woodville at 9:45 AM. Following the ceremonies at that location, all the participants travel to the corner of Main and Marshall Streets, and form a parade [led by honorary flag bearer Scott Mackin], that travels through the cemeteries in the center of town, pausing at times to remember the veterans buried there. The parade route continues along Main Street and ends at the town Gazebo. Local veterans and their families are encouraged to participate either by marching in the parade, or by joining the citizens of Hopkinton on the common for the conclusion of the program.

The Hopkinton High School Band, along with several other students, including the 2019 Master of Ceremonies [Tess Papagni] have become important participants in this Memorial Day parade and related ceremonies. Also , St, Johns Parish traditionally hosts a light lunch at the end of the event, and many citizens help by donating some food items.

The committee is also charged with organizing a veterans appreciation dinner on Veterans Day each year, and invites all veterans and their guests to a home cooked meal prepared and served by a group of volunteer chefs led by Veteran Frank Torento. Frank was also this years' honoree at the dinner, as he was selected by the committee to be recognized for his community service. In an effort to reach all the veterans in the town, the committee sent post cards to every resident that identified themselves as a veteran on the town's census. We mailed about five hundred cards that advertised the dinner to these veteran households, and we expect to continue this practice every year. Our goal is to increase the number of veterans who accept this invitation to attend. The Woodville Rod and Gun Club has been the home for this appreciation dinner for many years, and we are very grateful to be able to use this venue, and would like to thank the Gun Club for its' hospitality and generosity.

Our local Taps vigil continues every first Sunday of the month at the town Gazebo beginning at 7:00 PM. This is a short ceremony featuring the playing of "taps", and a discussion of local veterans events.

As we begin the new year, the committee is fully staffed, with a collection of some long time members and recently added volunteers.

VETERANS GRAVES OFFICER

The Selectboard of every town in the Commonwealth of Massachusetts shall appoint a resident of such town who shall be a veteran, as the Veterans Graves Officer. In Hopkinton, the term of such position has been determined to be five years. It is the duty of this officer to cause every veterans grave within the town to be suitably kept and cared for. Such care includes the cleaning of weeds and other unseemly growth from the grave sites, the raising and repairing of sunken gravestones and markers, and other similar services that may be necessary to restore and maintain the graves and their surroundings in an orderly condition.

In our Hopkinton cemeteries, the most common issues have been gravestones dislodged from their base, or broken into pieces. My goal is to restore every veterans stone to its original state, and to maintain its condition as a matter of respect and pride to all our citizens.

Another duty of the Veterans Graves Officer is to cause to be placed a flag of the United States on each veterans gravesite on every Memorial Day. In Hopkinton, this annual task is aided by many volunteers from various organizations including the American Legion and the Scouts. As the new flags are placed each year, the old flags are gathered and properly and respectfully retired. Currently, over twelve hundred veterans graves are flagged each year, with the total number increasing on average by about twenty per year. I am extremely honored to hold this position.

Respectfully submitted,

Michael Whalen

HOPKINTON DEPARTMENT OF WEIGHTS AND MEASURES

The Hopkinton Department of Weights and Measures enforces Massachusetts General Laws, town by-laws, state and local regulations relating to the accuracy of weighing and measuring devices that weigh, measure, and count commodities offered for sale to the public. This includes gas pumps, scales, oil trucks, scanners, item pricing and unit pricing (in food stores or food departments). To ensure that equity and fairness prevails in the marketplace the department enforces all laws relating to the accuracy of weighing and measuring devices used by local businesses. To accomplish this, the department inspects and seals or condemns the devices tested. Additionally the department may inspect prepackaged foods and merchandise to assure compliance with weight, measurement, and count requirements and for proper labeling as to weight, measure, and extended prices. The department investigates complaints on weighing and measuring devices not complying with legal standards. The department also investigates complaints for short measure of fire wood delivered to homes (consumers) to assure compliance with proper measurement (128 cubic feet) based on what the consumer has purchased. Oil trucks may be inspected to assure that their meters are properly sealed and the correct fuel oil delivery slip is prepared. If violations are found based on inspections or complaints, the department may issue civil citations or engage in criminal actions.

The Weights and Measures Inspector continues to serve as the Northeast Weights and Measures Region chair of the Law and Regulations Committee. These laws and regulations range from the basic weights and measures laws to specific laws and regulations for Weighmasters, commodity regulations, price scanners, unit pricing, engine fuel and automotive lubricants and more. These model laws and regulations are published annually in *NIST Handbook 130, Uniform Laws and Regulations*. Additionally, the L&R Committee and the NCWM adopts test procedures for verifying the actual net quantity and contents contained in packages and products offered for sale. He also serves on the National Conference Charter Revision Taskforce representing weights and measures officials in the Northeast Region.

During 2019 the Hopkinton Department of Weights and Measures continued inspecting weighing and measuring devices located in the town and sealed or condemned them. A condemned device cannot legally be used in trade until it is repaired or replaced. It is marked with a red condemned tag which can only be removed by the Sealer of Weights and Measures. Also inspected were gasoline pumps, scanners, pharmacy and jewelry scales through scales in food stores to large truck scales to scales used for package weighing (FEDEX, postage, or UPS type scales).

A special effort was continued this year to assure that gasoline dispensers are secure from skimming devices. These illegal devices facilitate the theft of identity and credit/debit card information. Stations managers are advised what to look out for to prevent these fraudulent activities. Inspections were conducted throughout the year. No instances of skimmers were found in Hopkinton.

For the year 2019 thirty-eight inspections took place, twenty-four devices were adjusted, and one reinspection was conducted. Over two hundred forty devices were inspected, adjusted, and sealed. Two devices not meeting legal standards were condemned. Seven item pricing inspection were completed. Seven Price Verification [scanning] inspections were performed and all but one met or exceeded the 98% accuracy standard. No complaints were received during 2019. Over \$110,50000.00 was saved consumers and merchants in Hopkinton as a result of item pricing,

scanning, and gas station inspections. Over \$14 million was saved Commonwealth wide (Division of Standards 2018 Annual Report covering all state and local inspections). As new businesses opened in Hopkinton they were visited to educate management and assure compliance with the various laws and regulations governing weights and measures. The department of Weights and Measures will continue to meet its statutory objective by conducting required inspections and educating consumers and merchants on the importance to both of *"EQUITY IN THE MARKETPLACE."*

WOODVILLE HISTORIC DISTRICT COMMISSION

In 2005, Town Meeting voted to establish the Woodville Historic District, recognizing Woodville as an asset to the Town with significant historic heritage and appearance. The Woodville Historic District Commission (WHDC) promotes the educational, cultural, economic and general welfare of the public through the preservation and protection of the distinctive characteristics of buildings and places significant in the history of Hopkinton. The Commission is dedicated to working collaboratively with residents to support their efforts to update and improve their property while maintaining the unique character of our historic village.

The 7-seat Woodville Historic District Commission includes residents of the District and representatives of local and regional organizations. Commission members are available to answer questions from Woodville residents to help them understand their responsibilities as historic district property owners.

In 2019, the Commission provided guidance and approval for a variety of projects, granting six Certificates of Appropriateness. Projects included gutter removal and repair of architectural features to 203 Wood Street and numerous modifications to exterior features at 20 Winter Street. In both projects, great care was taken by the property owners and builders to retain architectural details that contribute to their homes' historic character. Construction of a new home within the District was approved at 18 Fruit Street. The builder presented a plan for the home to be set back far enough from public view that the Commission determined would not negatively impact the District or the historic homes that abut the property. The WHDC approved changes to window sizes and locations at 229 Wood Street that will return the home's facade to a historical appearance.

The WHDC was included in the planning and design of the solar farm on Mechanic Street. While the solar array does not fall within the Historic District, its utility access enters the District at Mechanic and Wood Streets. Representatives from Borrego Solar met with the WHDC, including a site visit, in order to seek input and ideas for limiting the impact the project would have on the District. The Commission shared its concerns and worked with Borrego Solar and Eversource to find solutions that would satisfy the developer's needs as well as those of the District and abutters. Borrego Solar is expected to return to the WHDC in 2020 to seek approval for its final design.

The Woodville Historic District would like to extend its appreciation to Amy Ritterbusch and the Hopkinton Center Historic District for its work updating the 1989 Hopkinton Property Survey Report. The updated report has been extremely helpful to the WHDC.

The Commission looks forward to continuing its efforts to work with residents to preserve, for future generations, Woodville's unique, historic character and a visible link to its past.
